CARROLL
Independent School District

CISD Regular Board Meeting

President's Report

November 16, 2026

Tonight, I would like to highlight several recognitions in our district.

First, I would like to take a moment to recognize some outstanding accomplishments by our Carroll ISD student-athletes.

Congratulations to our Lady Dragons Volleyball team, who have advanced to the state championship as the reigning state champions. We are incredibly proud of this team and look forward to cheering them on this Saturday as they compete for another state title. Good luck Coach Jackson and our Lady Dragon volleyball team.

Congratulations as well to our Dragon Football team for advancing to the second round of the playoffs. They will travel to Midland to take on the Midland Bulldogs this Friday at 7:00pm. We wish our players and coaches continued success in their playoff run to the state championship.

Our tennis team also deserves tremendous recognition for finishing second in the state. That is an outstanding accomplishment and a testament to their hard work, dedication, and commitment to excellence. Congratulations Coach Aldridge and team.

And lastly, congratulations to our boys cross country team for finishing second in the state and our girls cross country team for finishing third in the state this Fall. Those performances represent an incredible achievement for our student-athletes and coaches.

These accomplishments reflect the excellence, commitment, and tradition that make Carroll ISD such a special place.

Next, I would like to recognize and highlight the professional experience and expertise of Roxann Taylor, the commercial and residential real estate broker selected by Carroll ISD to market our district properties.

Roxann brings decades of experience in commercial and residential real estate, land development, construction, and marketing. She has been a licensed real estate broker since 1977 and a licensed general contractor since 1982. Her background includes owning and operating brokerage firms, mortgage companies, rental agencies, and accounting businesses, as well as developing subdivisions, building homes, and managing land development projects.

Since relocating to Texas in 1997, Roxann has built an impressive real estate operation, including ownership of the Engel & Völkers territory covering a significant portion of North Texas. Today, she oversees five offices and 143 agents.

Her experience also includes working on the development of Southlake Town Square, from homesite development and floorplan design to marketing and sales. She has extensive experience presenting projects before planning and zoning commissions and city councils and working directly with developers on complex commercial and residential projects.

In Texas alone, Roxann reports more than $2.5 billion in real estate sales across commercial, residential, and farm and ranch properties.

In 2025, Carroll ISD selected Roxann and her firm to market our Carroll Avenue property. Through extensive marketing, outreach, property tours, and engagement with prospective buyers, her team generated hundreds of inquiries and ultimately secured bids for the district. The district subsequently selected her firm again in 2026 to assist with marketing the Durham property.

I believe it is important for our community to understand the depth of professional experience and expertise involved in these transactions. Our Board has a responsibility to ensure district assets are marketed professionally, competitively, and in the best financial interest of our taxpayers.

Again, congratulations to all of our students, coaches, and families on your continued success.

And as always, Go Dragons!
