THIS IS THE RESOLUTION THAT SCHOOL BOARDS NEED TO PASS IN ORDER TO JOIN VOUCHERS HURT OHIO.

Attachment B-1

Voucher Joinder

WHEREAS, the State has adopted a universal voucher system; and

WHEREAS, EdChoice Vouchers are funded by the State from designated appropriation line-items 200-550, 200-604, 200-612 and payment to private schools diminishes the amount of funding and levels of educational opportunities in school districts and ESC's; and

WHEREAS, the deduction of school voucher funds from funds available to authentic public education further reduces the funding available to support the additional needs of minority pupils, pupils in poverty and pupils with disabilities; and

WHEREAS, the deduction of school voucher funds from the appropriations that fund authentic public education increases reliance on local tax revenue to maintain school operations in violation of the Ohio Constitution and clear directives of the Ohio Supreme Court.

Section 1.
Now, Therefore, The Board of Education finds and determines that the universal voucher program is harmful to the districts, its pupils, taxpayers, voters and staff.

Section 2.
The Board of Education authorizes and directs the School District's joinder of the Ohio Coalition for Equity and Adequacy of School Funding (Coalition) and directs the District Treasurer to pay Coalition dues as set forth in Section 3.

Section 3.
Coalition dues for the school year are the sum of $2.00 per district pupil (enrollment listed on most recent report card). Dues shall be allocated by the Coalition as follows: 1) $.50 per pupil shall be initially allocated to the payment of Coalition operating expenses, and, 2) $1.50 per pupil shall be allocated to the support of the Coalition's efforts to challenge the constitutionality of the EdChoice voucher program. INDEPENDENT SERVICES AGREEMENT

(Physical Therapy Services)

2026-2027 School Year

THIS AGREEMENT is entered into in Richfield, Ohio as of this ____ day of _____, 2026, by and between the BOARD OF EDUCATION OF THE REVERE LOCAL SCHOOL DISTRICT ("Board") and ATLAS EDUTHERAPY, LLC, an Ohio limited liability company ("Contractor").

RECITALS

WHEREAS, Contractor has been notified and acknowledges that no promises or assurances of ongoing contractual therapy services have been made by the Board; and

WHEREAS, the position requires short-term, unsupervised work involving discretion, judgment, and technical expertise; and

WHEREAS, Contractor shall provide services according to the Contractor's own means and methods of work, which shall be in the exclusive charge and control of the Contractor but shall be in accordance with the guidelines established by the District. In providing such services, the Contractor shall not be subject to the control or supervision of the Board, except as to the results of the work; and

WHEREAS, Contractor acknowledges this is a contract for independent services and not employment, and that no fringe benefits, sick leave, paid vacation, SERS, or STRS contributions will be provided;

NOW, THEREFORE, IT IS MUTUALLY AGREED as follows:

1. Term.

The term of this Agreement shall commence on October 26th, 2026 and shall remain in full force until June 30, 2027, unless terminated earlier. Either party may terminate this Agreement upon thirty (30) days written notice. The Board may terminate immediately upon the occurrence of any material default by Contractor (which default remains uncured for ten (10) days after written notice thereof), including loss of required Ohio licensure or required insurance, in addition to any other remedies available at law or in equity.

2. Services.

Contractor shall provide educationally relevant Physical Therapy (PT) services only, as related services under the Individuals with Disabilities Education Act (IDEA), to one (1) student identified by the District, to assist that student in benefiting from the student's special education program and accessing the general education curriculum and school environment. Services will be provided 1:1 at Thrive Early Learning Center. This Agreement does not include occupational therapy, speech-language pathology, or any other related service.

Services shall be provided in the designated setting and, if required by the student's IEP and agreed in writing, other settings, in accordance with Ohio Department of Education and Workforce Operating Standards and applicable rules of the Ohio Occupational Therapy,

Physical Therapy, and Athletic Trainers Board. All services shall be provided in a professional, ethical manner in compliance with applicable laws, including FERPA and HIPAA.

Contractor warrants that the assigned Physical Therapist is licensed and qualified to provide physical therapy services in the State of Ohio and will remain so licensed during the term of this Agreement. Contractor shall also complete documentation, IEP contributions, emails, parent consultation as needed, and all other related district management needs that may arise for this student. Evaluations, ETRs, screenings, MTSS/RTI, or Section 504 work beyond the services described herein require prior written agreement and are billed at the same hourly rate set forth in Section 4.

3. Hours of Service and Travel.

Contractor will serve one (1) District student. Billable time includes direct treatment, documentation, emails, parent consultation if needed, and all other related district management needs that may arise in connection with this student. Travel time of thirty (30) minutes each way (one (1) hour round-trip) will be billed for each visit to Thrive Early Learning Center.

The session day, start time, and service location will be agreed in writing. Email is sufficient for that purpose. Contractor shall provide services according to the District calendar and the student's IEP. This Agreement is for services added after the start of the school year.

4. Compensation.

Contractor shall provide services at the rate of Eighty and 00/100 Dollars ($80.00) per hour for Physical Therapist services. The rate is inclusive of travel time, documentation, consultation, planning, and related activities. No separate mileage reimbursement is due.

Contractor shall invoice the District monthly based on Scheduled Availability for this student. "Scheduled Availability" means the hours Contractor's qualified Physical Therapist is scheduled and committed to the District each week for this student, including the direct session, travel, documentation and setup, and any consult time actually performed. Contractor will make reasonable efforts to fill or make up scheduled time when the student is absent. Scheduled Availability shall be invoiced regardless of student presence or absence, including sessions canceled due to calamity days, school closures, or weather-related emergencies (except for pre-scheduled school breaks and holidays). Sessions canceled by the Contractor shall not be invoiced.

Each invoice will list dates of service, minutes or hours by category (direct, travel, documentation/setup, consult), and the student identifier used by the District. The Board shall pay Contractor within twenty (20) days of receipt of a proper monthly invoice.

5. Independent Contractor Status.

Contractor is an independent contractor. Nothing in this Agreement shall be construed to create an employer-employee, partnership, or joint-venture relationship. The Contractor is not prohibited from providing therapy services to other patients or school districts not associated with the Board. Contractor is responsible for all taxes, insurance, and compliance obligations. The Board will not withhold federal, state, or local taxes and will not make STRS contributions on Contractor's behalf.

6. Insurance and Indemnification.

Contractor shall, at its own expense, maintain throughout the term of this Agreement: (a) professional liability (malpractice) insurance with limits of not less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the aggregate; and (b) workers ’compensation insurance as required by Ohio law. Contractor shall provide the Board with certificates of insurance evidencing such coverage upon request.

Contractor agrees to indemnify, defend, and hold harmless the Board, its officers, employees, and agents from and against any and all liability, claims, damages, losses, and expenses (including reasonable attorney fees) arising out of or resulting from Contractor’s negligent or wrongful acts or omissions in the performance of services under this Agreement. This indemnification obligation shall not apply to any liability caused by the sole negligence or willful misconduct of the Board.

7. Records and Compliance.

Contractor shall maintain accurate records and provide the Board with all required documentation, including progress notes and IEP contributions. All student lists, charts, and records relating to District students are the property of the Board. Upon termination of this Agreement, Contractor shall return to the Board all such items and copies.

8. Confidentiality.

During the term of this Agreement and for two (2) years after termination, Contractor shall not divulge confidential information belonging to or relating to the Board except as required to perform services hereunder or as required by law. Contractor shall not use such information except to discharge its duties under this Agreement.

9. Non-Solicitation.

During the term of this Agreement and for two (2) years after its termination or expiration, the Board shall not, directly or indirectly, solicit, recruit, hire, or attempt to hire any of Contractor’s employees, therapists, assistants, or independent contractors who provided services under this Agreement. This prohibition includes any current or former personnel introduced to the Board through the performance of this Agreement.

10. Non-Solicitation of Students and Families.

During the term of this Agreement, Contractor shall not directly solicit students or their families receiving services under this Agreement for private therapy services or any other paid services outside of this Agreement. This section does not prohibit Contractor from accepting referrals or providing services to families who independently contact Contractor without direct solicitation by Contractor.

11. Equipment and Materials.

The District shall provide equipment, materials, supplies, and technology reasonably required for the safe and effective provision of services under this Agreement, including access to District systems needed for documentation if the District requires use of those systems.

Contractor's personnel shall not be required to purchase District-specific assessment kits for a one-student caseload.

12. Notices.

Notices shall be sent to the addresses below:

If to the Board:
Board of Education of the Revere Local School District
Attn: Bill Conley, Director of Student Services
3496 Everett Road
Richfield, Ohio 44286

13. Non-Discrimination.

Both the Board and Contractor will not discriminate in the provision of services or employment on the basis of race, color, age, sex, creed, disability, national origin, military status, or any other status protected by Ohio or federal law.

14. Dispute Resolution.

Any dispute arising out of or relating to this Agreement shall first be subject to good faith negotiation between the parties. If the dispute cannot be resolved through negotiation, the parties agree to attempt resolution through non-binding mediation before initiating litigation.

15. Force Majeure.

Neither party shall be liable for any delay or failure to perform its obligations under this Agreement if such delay or failure is caused by events beyond its reasonable control, including but not limited to acts of God, pandemic, government orders, strikes, or school closures not otherwise covered under calamity days.

16. Miscellaneous.

This Agreement constitutes the entire understanding between the parties. It may only be modified in writing signed by both parties. This Agreement may be accepted by signature below or by the Board issuing a purchase order or written confirmation referencing these terms. This Agreement shall be governed by the laws of the State of Ohio. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver of that provision. If any provision of this Agreement is held invalid or unenforceable, the remaining provisions shall remain in full force and effect. Each promise and covenant of the Contractor under this

Agreement that by its nature should survive shall survive the termination of this Agreement.

Contractor may not assign this Agreement without the Board's prior written consent. The Company Owner (or designee) may attend the first session for introduction and to address operational needs.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

STUDENT DISCIPLINE

(Expulsion, Suspension, Emergency Removal, Permanent Exclusion, and Alternate Discipline)

During the time of suspension, expulsion, or removal, the student (if he/she is 18 years of age or older) and/or the parents, guardians, or custodian are responsible for the conduct of the individual. While suspended, expelled, or removed from school, students are not permitted to attend or participate in curricular or extracurricular activities, or be on school property for any reason, unless ~~a~~ prior **written approval has been obtained from the administrator issuing the discipline** ~~appointment has been made with school officials~~. If a student is removed only from a particular class or activity, the student may not attend the class or participate in the activity for the duration of the removal.

A suspension or expulsion shall result in the student's total removal from the education program**, except as otherwise permitted in writing by the administrator issuing the discipline**. For an in-school suspension, credit will be given for all classroom assignments that can be completed during the in-school suspension, or as homework if the student collects the assignments.

Teachers, school bus drivers, and other employees of this Board of Education having authority over students may take such action as may be necessary to control the disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this Board and when such conduct interferes with the educational program of the schools or threatens the health and safety of others.

Discipline on Board vehicles shall be the responsibility of the driver on regular bus runs. When Board vehicles are used for field trips and other Board activities, the teacher, coach, advisor, or other Board employee shall be responsible for student discipline.

A student who is suspended or expelled from the Joint Vocational School District may be temporarily denied admission for the remaining period of the suspension or expulsion after being offered the opportunity for a hearing.

The District may deny credit for post-secondary courses, any portion of which were taken during the period of an expulsion imposed by the Superintendent or Board.

A. Definitions

1. Suspension is defined as the denial to a student for a period of at least one but not more than ten school days of permission to attend school and to take part in any school function.

2. Expulsion is defined as the denial to a student of permission to attend school and to take part in any school function, for a period exceeding ten school days ~~but not exceeding the greater of 80 school days, or one year in certain circumstances, or~~

~~the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place, unless the expulsion is extended pursuant to O.R.C. §3313.66(F)~~.

3. Emergency Removal is defined as the denial of permission to be on school premises or at curricular activities to a student whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises.

4. Disciplinary Removal is an action less severe than suspension, expulsion, or emergency removal and defined as the denial to a student of permission to attend the classes in which he/she is enrolled, or participate in an extracurricular activity in which he/she has been involved, for a period of less than one school day.

5. Permanent Exclusion means the prohibition of a student forever from attending any public school in this state that is operated by a city, local, exempted village, or joint vocational school district.

6. In-School Suspension means a suspension served in a supervised learning environment within a school setting in the District.

B. Expulsion

1. The Superintendent is the only school administrator who may expel a student.

2. Whenever an incident occurs that may lead to an expulsion, the principal may suspend a student prior to the expulsion hearing.

3. The Superintendent shall give the student and his/her parent, guardian, or custodian written notice of the intention to expel the student and provide the student and his/her parent, guardian, custodian, or representative an opportunity to appear before the Superintendent or designee to challenge the reasons for the intended expulsion or otherwise explain his/her actions. The notice must include:

   a. The reason(s) for the intended expulsion.

   b. Notification of the right of the student and the parent, guardian, custodian or representative to appear on request before the Superintendent or designee to challenge the reason(s) for the intended expulsion or to otherwise explain the student's action. This hearing cannot be compelled by the administrator. The Superintendent or designee may utilize the service of counsel if deemed appropriate.

c. The date, time and place to appear must not be earlier than three nor later than five school days after the notice is given unless the Superintendent grants an extension of time. Whenever a student has attained 18 years of age, the right accorded to the parent of the student shall thereafter only be required of and accorded to the student. If a student refuses to sign the form for the notice to parents or guardian, his/her refusal will be noted in the presence of a witness.

d. If the proposed expulsion is based on a violation listed in O.R.C. §3313.662(A) and the student is 16 years of age or older, the notice shall include a statement that the Superintendent may seek the permanent exclusion of the student if he/she is convicted or adjudicated a delinquent child for that violation.

4. The Superintendent or designee may grant an extension of time if requested on behalf of the student. If granted, the Superintendent must notify all parties of the new date, time, and place of the hearing.

5. The Superintendent or designee shall conduct the hearing at the appointed time and place. The purpose of the hearing is for both sides to give their side of the story.

6. The student may waive his/her right to a hearing. This waiver is to be in writing and signed by both student and parents. Additionally, the student can waive the hearing by not appearing or by his/her representative not appearing at the scheduled hearing.

7. If the Superintendent decides to expel, within one school day of the decision to expel, the Superintendent must notify the parent, guardian, or custodian of the student and the Treasurer of the Board of the action to expel in writing. If at the time an expulsion is imposed there are fewer school days remaining in the school year in which the incident that gives rise to the expulsion takes place than the number of days the student is to be expelled, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year. The notice of expulsion must include:

   a. The reason(s) for the expulsion.

   b. Notification of the right of the student, parent, guardian, or custodian to appeal to the Board or its designee within 14 days after the date of the expulsion notice by sending notice by mail or email to the Board or its designee. The notice shall indicate that the notice of intent to appeal must

be postmarked no later than 14 days after the date of the notice of expulsion.

c. The right of representation at the appeal.

d. The right to be granted a hearing before the Board or its designee and request the hearing be held in executive session.

e. Notification that the expulsion may be subject to extension pursuant to O.R.C. §3313.66(F) if the student is 16 years of age or older.

f. Notification that the Superintendent may seek the student's permanent exclusion if the expulsion is based on a violation listed in O.R.C. §3313.662(A) that was committed when the child was 16 years of age or older, if the child is convicted or adjudicated a delinquent child for that violation.

g. If the Superintendent expels a student for more than 20 school days or for any period of time if the expulsion will extend into the following trimester or school year, the notice of expulsion shall also include the names, addresses, and phone numbers of any public or private agencies that may offer services or programs that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion.

8. A student or his/her parent, guardian, or custodian may appeal the expulsion to the Board or its designee. The student or the parent, guardian, or custodian may be represented in all such appeal proceedings and shall be granted a hearing before the Board or its designee, which may be in executive session upon the request of the student, parent, guardian, custodian or representative.

9. A verbatim record shall be made of the hearing.

10. The Board or its designee can act only after a hearing, if requested, has been held. The Board or its designee may affirm, reverse, vacate, or modify the expulsion.

11. The action of the Board or its designee on the expulsion must be in a public meeting.

12. The Treasurer or the Board's designee shall promptly notify the student, parent, guardian, custodian, or representative in writing of the decision.

13. The decision of the Board or its designee may be further appealed to the Court of Common Pleas under O.R.C. Chapter 2506.

14. The Superintendent, at his/her discretion, may require/allow a student to perform community (including the District) services in conjunction with or in place of an expulsion. This may also be required/allowed to extend beyond the end of the school year in lieu of applying the expulsion into the following school year. This provision does not apply to students expelled for bringing a firearm to a school operated by the Board or onto property owned or controlled by the Board.

15. The Superintendent shall initiate expulsion proceedings with respect to any student who has committed an act warranting expulsion under the Code of Student Conduct even if the student withdraws from the schools for any reason after the incident that gave rise to the hearing but prior to the hearing or decision to expel. If, following the hearing, the student would have been expelled had he/she still been enrolled in the school, the Superintendent shall impose the expulsion for the same length of time as a student who has not withdrawn from school.

C. Suspension

1. The Superintendent, principal, assistant principal, or Superintendent's designee are the only school administrators who may suspend a student.

2. Whenever an incident occurs that may lead to a suspension, an administrator shall investigate the nature of the alleged offense.

3. Prior to suspension or a hearing, the Superintendent or principal must give the student written notice of the intention to suspend. This notice must include the reason(s) for the intended suspension, and if the proposed suspension is based on a violation listed in O.R.C. §3313.662(A) and the student is 16 years of age or older, the notice may include a statement that the Superintendent may seek to permanently exclude the student if he/she is convicted or adjudicated a delinquent child for the violation.

   a. The student shall be provided an opportunity to appear at an informal hearing before the Superintendent, principal, assistant principal, or Superintendent's designee to challenge the reason(s) for the intended suspension or to otherwise explain his/her actions. This hearing may take place immediately upon notification of the intention to suspend.

   b. Whenever a student has attained 18 years of age, the rights accorded to the parents of the student shall thereafter only be required of and accorded to

the student. If a student refuses to sign the form for the notice to parents or guardian, the refusal will be noted in the presence of a witness.

c. The principal is not required to permit the presence of counsel or follow any prescribed judicial rules in conducting the hearing.

4. If the administrator decides to suspend, within one school day of the decision to suspend, the Superintendent, principal, assistant principal, or Superintendent's designee must notify the parent, guardian, or custodian of the student of the action to suspend in writing. If at the time an out of school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the Superintendent shall not apply any remaining part or all of the period of the suspension to the following school year. The Superintendent may instead require the student to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The student shall be required to begin the student's community service or alternative consequence during the first full week day of summer break. The District, in its discretion, may develop an appropriate list of alternative consequences. In the event that a student fails to complete community service or the assigned alternative consequence, the District may determine the next course of action, which shall not include requiring the student to serve the remaining time of the out-of-school suspension at the beginning of the following school year.

A notice of suspension must include:

a. The reason(s) for the suspension.

b. The duration of the suspension.

c. Notification of the right of the student, parent, guardian, or custodian to appeal to the Board or its designee within fourteen (14) days after the suspension notice by sending notice by mail or email to the Board or its designee. The notice shall indicate that the notice of intent to appeal must be postmarked no later than fourteen (14) days after the date of the notice of suspension.

d. The right of representation at the appeal.

e. The right to be granted a hearing before the Board or its designee and request the hearing be held in executive session.

f. Notification that the Superintendent may seek the student's permanent exclusion if the suspension is based on a violation listed in O.R.C. §3313.662(A) that was committed when the child was 16 years of age or older, if the child is convicted or adjudicated a delinquent child for that violation.

5. A verbatim record of the appeal hearing shall be made.

6. The Board or its designee can act only after a hearing, if requested, has been held. The Board or its designee may affirm, reverse, vacate, or modify the suspension.

7. The action of the Board or its designee on the suspension must be in a public meeting.

8. The Treasurer or the Board's designee shall promptly notify the student, parent, guardian, custodian, or representative in writing of the decision.

9. The decision of the Board or its designee may be further appealed to the Court of Common Pleas under O.R.C. Chapter 2506.

10. The Superintendent, at his/her discretion, may require/allow a student to perform community (including the District) services in conjunction with or in place of a suspension. This may also be required/allowed to extend beyond the end of the school year in lieu of applying the suspension into the following school year.

11. <u>Parameters for Completing and Grading Assignments Missed Due to Suspension</u>

a. A student who has been suspended from school shall have the opportunity to do both of the following:

i. Complete any classroom assignments missed because of the suspension; and

ii. Receive at least partial credit for a completed assignment.

b. A student's grade for completed work shall not be reduced solely on account of the student's suspension. Teachers may excuse students from assignments missed due to a suspension which are not replicable outside of class, and which cannot reasonably be completed at a later date in time, as exclusively determined by the teacher. In such cases, the missed assignment(s) will not be factored into the student's overall grade in the course.

D. Emergency Removal

1. By Teacher

a. If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, a teacher may remove a student from curricular activities under his/her supervision, but not from the premises.

b. During school hours, the student must be sent to the office.

c. If a teacher makes an emergency removal, the reasons(s) for the removal must be submitted to the principal or assistant principal in writing as soon after the removal as practicable.

d. If the emergency removal exceeds one school day then a due process hearing must be held on the next school day after removal is ordered.

i. Written notice of the hearing and of the reason(s) for the removal shall be given to the student as soon as practicable prior to the hearing.

ii. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

iii. The hearing and notice requirements shall be conducted in accordance with suspension procedures if it is probable that the student may be subject to suspension. If it is probable that the student may be subject to expulsion, the hearing and notice requirements will be in accordance with expulsion procedures.

e. If the Superintendent or principal reinstates a student prior to the hearing, the teacher, upon request, will receive written reasons for the action. The teacher cannot refuse to reinstate a student even though reasons are not given.

f. In an emergency removal, a student can be kept from class until the matter of his/her misconduct is disposed of either by reinstatement, suspension, or expulsion.

2. By Administrator

a. If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, the Superintendent or a principal may remove a student from the school premises.

b. If it is intended that the student be removed for more than one school day, a due process hearing must be held on the next school day after the removal is ordered.

i. Written notice of the hearing and of the reason(s) for the removal shall be given to the student as soon as practicable prior to the hearing.

ii. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

iii. The hearing and notice requirements shall be conducted in accordance with suspension procedures if it is probable that the student may be subject to suspension. If it is probable that the student may be subject to expulsion, the hearing and notice requirements will be in accordance with expulsion procedures.

c. In an emergency removal, a student can be kept from class or off school premises until the matter of the student's misconduct is disposed of either by reinstatement, suspension, or expulsion.

d. Less than One (1) School Day Removal

In all cases of normal disciplinary procedures where a student is removed from a curricular or extracurricular activity or school premises for less than one school day and is not subject to suspension or expulsion, the due process requirements of this policy do not apply.

E. Students in Grades Pre-Kindergarten Through Three

1. Emergency Removal

a. A student in any of grades pre-kindergarten through three may be removed only for the remainder of the school day and shall be permitted to return to curricular and extracurricular activities on the school day following the day in which the student was removed. If returned to curricular and

extracurricular activities the following school day, a hearing regarding the removal need not occur.

b. A suspension or expulsion proceeding shall not be initiated against a student in any of grades pre-kindergarten through three who was removed from a curricular or extracurricular activity, unless the student has committed an act described in O.R.C. §3313.668(B)(1)(a) or (b).

2. Out-of-School Suspension and Expulsion

The District shall not implement an out-of-school suspension or expulsion of a student in any of grades pre-kindergarten through three, except in accordance with the following:

a. The District may issue an out-of-school suspension or expulsion to a student who has engaged in any of the behaviors described in O.R.C. §3313.66(B)(2) to (5).

b. The District may issue an out-of-school suspension not to exceed ten days or an expulsion to a student who has not engaged in any of the behaviors described in O.R.C. §3313.66(B)(2) to (5) only as necessary to protect the immediate health and safety of the student, the student's fellow classmates, the classroom staff and teachers, or other school employees.

c. Whenever possible, the principal shall consult with a mental health professional under contract with the District prior to suspending or expelling a student in any of grades pre-kindergarten through three. If the events leading up to suspension or expulsion indicate a need for additional mental health services, the student's principal or the District's mental health professional shall, in any manner that does not result in a financial burden to the District, assist the student's parent or guardian with locating providers or obtaining those services, including referral to an independent mental health professional.

d. A student who is suspended or expelled shall be afforded the same notice and hearing, procedural, and educational opportunities as prescribed for a suspension or expulsion of District students in grades four through twelve.

GOVERNOR'S MERIT SCHOLARSHIP

Through the Governor's Merit Scholarship Program ("Program"), Ohio's Chancellor of Higher Education awards merit-based aid to Ohio's state and private nonprofit institutions of higher education on behalf of eligible students. Eligible students can receive an award for up to the equivalent of four (4) academic years of instruction at a qualifying institution, contingent on satisfactory academic progress. The goal of the Program is to encourage high-achieving high school graduates to remain in Ohio to pursue their post-secondary studies and contribute to Ohio's expanding economic opportunities.

To be eligible for a Governor's Merit Scholarship, a student must be in the top five percent (5%) of his/her high school graduating class at the end of his/her junior year. Determination of a student's membership within the top five percent (5%) of the class shall be based upon the student's grade point average ("GPA") at the end of the student's junior year and calculated in compliance with O.R.C. §3365.04(E) and guidelines established by the Chancellor of Higher Education for the purpose of implementing the Program.

Tie Breaking

In cases where ranking by GPA results in a tie, the District will determine which student is offered a Governor's Merit Scholarship based upon the following tie-breaking factor(s), which shall be considered in descending order if the tie is not broken by the preceding factor:

1. The score obtained by the student on the SAT college entrance exam if the student(s) with whom he/she is tied also took the SAT;

2. The score obtained by the student on the ACT college entrance exam if the student(s) with whom he/she is tied also took the ACT;

3. The score obtained by the student on the 11th-grade PSAT (NMSQT), taken in the fall, if the student(s) with whom he/she tied also took the PSAT (NMSQT);

4. The student's cumulative GPA from only their 11th-grade year (both semesters);

Success Academies

Students enrolled in a high school which has been designated primarily to support and assist students in need of academic intervention shall be ineligible for the Governor's Merit Scholarship.

Early Graduates

Students who have been recommended for early high school graduation by the acceleration evaluation committee and are expected to graduate early may be considered for the Governor's

Merit Scholarship. Membership in the top five percent (5%) of the graduating class will be based on the student's GPA from the immediately preceding academic year.

Transfer Students

A student who transferred into the District can be eligible for the Governor's Merit Scholarship, provided he/she was enrolled in the District during the entirety of his/her junior year and provided he/she meets all other requirements established under this policy.

VI. The Superintendent/designee shall prepare a mathematics curriculum plan, beginning in grade three, that does both of the following:

A. Creates a timeline and explanation of how students will be prepared and placed in Algebra I; and
