Molin School Council Agenda with Notes
11-10-26 9- 10 a.m.
Online Mtg: T. Rossi, Principal, Michaela Vine, parent, Jessica Rumore, parent, Margaret Tsu, Molin staff, Risa Annichiarico, Molin staff

1. SPED Workload Committee-info shared regarding this committee. Parent question on school choice. No choice at the elementary level this year.
   Parent comment that other districts want to send their children because we have a good program.

2. Update on Music and Arts Program.
   Positive collaboration with everyone in schools. Molin had to change schedule to allow for students to have lessons in the morning. Staff was on board and supportive even though morning in-class academic time for the whole class is unavailable now.
   80 students auditioned for Finding Nemo

3. Jessica and Michaela to think about what parents want to know more about in the community.
   MCAS scores are not understood by families and lower scores worry them even if a child is thriving in school. Discussion on the developmentally appropriateness of this type of on-demand test for elementary students. Students do not know how to type yet but must type essays for the MCAS. Students write in class every day. How can writing be shared with community?

4. Molin Literacy Night?
   Is this something we could implement? Should writing samples go home regularly?

5. Positive comments for Mr. Doyle's Learning Logs. Parents love that students are writing about their learning.

   Next Mtg: December 18th, 8:30am.
