Dear Parents / Guardians:

Equal Participation Analysis

Data from the Spokane Tribe of Indians and the Colville Confederated Tribe was collected to show participation in all programs for the Columbia School District #206. The data continues to demonstrate that a gap does not exist in any particular program; however, the sample size is extremely small and makes data analysis difficult. The Superintendent and K-12 Principal have made the following conclusions about gaps: 1. Indian children participate in athletics at a rate equal to or higher than their non-Indian counterparts; 2. No significant differences in academic achievement among Indian / non-Indian children; 3. Disciplinary action (suspensions have been very few and make generalizations difficult) 4.5% - all students / Indian <15.8% / White 4.5% / Hispanic <23.1%; 4. Graduation rates showed no gap between Indian / non-Indian children. Greater than 70% of students graduate in 4 years with less than 30% continuing. Percent dropout <30%. Dual Credit Programs show All Students: 8.3% / Sample size too small to make conclusions regarding Dual Credit.

Demographics 2025/26
113 Students
Indian: 10.6%
2 or more races: 26.5%
Hispanic: 11.5%
White: 51.3%

Dear Parents / Guardians:

Attached is the latest copy of the districts Indian Policy and Procedures and the Equal Participation Analysis. The goal of the documents is to set forth a collaborative working relationship between the Columbia School District, tribal partners and their families.

The school board, administration, and staff want to make our school welcoming and inclusive. We need your ideas about future collaboration and ways in which we can make our school better for every single student.

Please feel free to reach out to me at: gprice@columbia206.net or at: 509.722.3311. I am also available on most Mondays and Wednesdays.

Sincerely,

Greg K Price
Superintendent
Columbia School District
