- AP Psychology
- AP Spanish Language
- AP Spanish Literature
- AP Statistics
- AP US History

*AP course offerings are dependent on student enrollment and staffing. Not all AP classes are offered every year.

HONORS COURSES

JBHS offers a range of Honors courses, including **Honors English 9, Honors English 10, Honors English 11, Honors Biology, Anatomy & Physiology, and Honors Chemistry**. Among these, Honors English 11, Anatomy & Physiology, and Honors Chemistry are weighted courses, providing students with additional GPA points due to their advanced rigor.

CTE DUAL ENROLLMENT COURSES

Career Technical Education (CTE) courses give students meaningful, hands-on experiences that help them explore personal interests and future career pathways. At JBHS, students have access to CTE Dual Enrollment opportunities through partnerships with Glendale Community College and Los Angeles Valley College, allowing them to earn both high school and college credit simultaneously.
Many of our Practical Arts courses are articulated, meaning students who successfully complete the class can receive college credit at partnering institutions. In addition, JBHS offers one on-campus community college course during the regular school day: Anthropology 101 through Los Angeles Valley College.

ATHLETICS

- Baseball
- Basketball
- Cross Country
- Football
- Golf
- Soccer
- Flag Football (G)
- Softball
- Swim
- Tennis
- Track
- Volleyball
- Waterpolo
- Stunt

- Principal: Kenneth Knoop
- Assitant Principal: Victoria Cuseo
- Assitant Principal: Jessica Palaski
- Assitant Principal: Victor Ledesma
- Assitant Principal: Bryan Henriquez
- Registrar: Myra Leyva

Counselors:

- Mariela Campos (ELD)
- Jodi Levy
- Olivia Martinez
- Jessie Steinberg
- Hung Truong

ACADEMIC ACADEMIES

JBHS offers an Engineering and a Medical Academy through the National Academy Foundation (NAF). NAF educational design is made up of four elements of practice: academy development & structure, curriculum & instruction, advisory board, and work-based learning. The Academies' first cohorts graduated in 2019. NAF course titles on JBHS transcripts indicate cohorts of NAF academy students; the course curriculum is aligned with non-NAF course titles.

MEDICAL

The JBHS Medical Academy is a three-year program designed for students to get a taste of what's going on in the medical field and how they can be a part of helping heal people. Students learn about medical issues that impact the world. Students also get hands-on experience with understanding the human body, what causes harm and how to treat and heal.

ENGINEERING

The JBHS Engineering Academy is a three-year program designed for students to gain an understanding of how things work, how to solve complex problems, and how to design and make new things. Students get hands-on experience with modeling and building, robotics, zSpace computers, 3D printers, and much more.
