Folsom Cordova Unified School District
Project Fact Sheet

CORDOVA HIGH SCHOOL MEASURE S
PLANNED IMPROVEMENTS

Phase 1:

- Install interim housing for 13 classrooms using lease PC approved portable classrooms from Mobile Modular (or similar provider) including power and low voltage connections
- Demolish in its entirety the existing classroom wing C

Phase 2:

- Demolish existing administration building
- Construction of a new approximately +/- 45,000 square foot 2 story building to accommodate administration functions, library, student services (i.e. counseling) and 13 classrooms on the second floor
- Reconfiguration of existing fencing and gates and/or access through new administration lobby space to meet safety and security requirements
- A new entry plaza to accommodate new administration and front entry
- Exterior window replacement at existing classroom buildings
- Final site work
