# RECLASSIFICATION

# THE LAW

Reclassification is the process whereby a student is reclassified from an English learner to Fluent English Proficient (RFEP). Local districts determine when the student has met the 4 criteria listed in Education Code (EC) Section 313 (f) , in accordance with the California Department of Education (CDE).

# Federal Program Monitoring and ELs

ELPAC: EL Identification and RFEP

- Students (K-12) new to school in California assessed with the Initial ELPAC to determine need for EL supports
- When students meet the criteria, they are reclassified from English Learner (EL) to Redesignated Fluent English Proficient (RFEP)
- RFEP students continue to be monitored for success for 4 years

# NEW RECLASSIFICATION CRITERIA

1. Assessment of English proficiency using the Overall Performance Level (PL) **4 on the ELPAC and level 3 for Alternate ELPAC.**

**District-Wide RFEP Process COMING SOON!**

# RECLASSIFICATION PROCESS SO FAR

- ★ Students take the ELPAC in the spring
- ★ Students who earn a level 4 on the Summative ELPAC or a level 3 on the Apternate ELPAC will be reclassified. NO other scores from other normed and standardized tests needed.
- ★ Waiting for district guidance on how to notify families and organize and communicate data.
- ★ Students who have been classified will not need to receive English Language Development instruction nor take the ELPAC. Progress will still be monitored with site-wide and classroom systems.

# RECLASSIFIED STUDENTS

We reclassify students every year.

Last year we reclassified 17 students!

This year, we have 98 EL students.
