NEVADA PERS AT A GLANCE

Nevada PERS is a defined-benefit pension plan.

Eligible employees earn service credit toward a monthly retirement benefit.

WCSD contribution → **Nevada PERS** → **future monthly retirement benefit**

Five-year service-credit vesting milestone: official PERS rules apply.

YOUR FUTURE PENSION IS CALCULATED BY THE FORMULA:

SERVICE CREDIT × **BENEFIT MULTIPLIER** × **AVERAGE MONTHLY COMPENSATION** = **ESTIMATED MONTHLY PENSION**

Multiplier, retirement eligibility, retirement age, and payment option depend on PERS rules and your circumstances.
