Unified School District No. 445 Coffeyville Board Policies 2026-2027 School Year

Home of the Golden Tornado!

PREFACE

The following policies of Unified School District (USD) are the result of a combined effort of the staff at the Kansas Association of School Boards, the Board of Education of U.S.D. 445 (hereafter "board"), and district staff.

KASB has written the policy models and integrated appropriate policies and procedures being used locally. KASB staff consulted with the board and/or selected district staff members to create this policy manual. The manual was then adopted by the board.

Understanding the Policy System

Policies are principles adopted by the school board to chart a course of action. They outline board requirements and expectations, including why and how the district operates. Unless otherwise provided by law, policies should be broad enough to provide the administration with flexibility in handling day-to-day issues that arise but specific enough to give the administration clear guidance.

This manual was drafted with this philosophy in mind.

The district policy manual is organized into the following thirteen sections:

A -- SCHOOL DISTRICT ORGANIZATION
B -- SCHOOL BOARD OPERATIONS
C -- GENERAL SCHOOL ADMINISTRATION
D -- FISCAL MANAGEMENT
E -- BUSINESS MANAGEMENT
F -- FACILITY EXPANSION PROGRAM
G -- PERSONNEL (Licensed and Non-Licensed)
H -- NEGOTIATIONS
I -- INSTRUCTIONAL PROGRAM
J -- STUDENTS
K -- GENERAL PUBLIC RELATIONS
L -- INTERORGANIZATIONAL RELATIONS
M -- RELATIONS WITH OTHER EDUCATION AGENCIES

The purpose of policy is to guide the board, administrators, and other staff in operation of the district.

Users are encouraged to refer to the table of contents of each section and reference the policy section first. Then, they may proceed to the alpha code in the appropriate section and read the policy. Once this is done, any cross-referenced policy codes in the heading of the policy should also be read to get a fuller picture of the policy's application and interplay with other policies.

State Law and Negotiated Contracts

Policies do not contain any statutory language, citations, or negotiated contract language unless necessary. They exist in separate documents which should be consulted as needed. If there is doubt

about the subject being considered, guidance should be sought from the superintendent, another administrative staff member, or district legal counsel.

Copyright

The board acknowledges that the policies may only be reproduced for use in the above-mentioned school district and agrees to not reproduce the policies, either in whole or in part, in any form whatsoever, to be given, sold, or transmitted to any person or entity, including, but not limited to, another school district, educational cooperative or interlocal, organization, company, or corporation without written permission from KASB.

KASB Policy Service Disclaimer

KASB has attempted to provide recommended policies and policy updates which reflect current law, legislative changes and intent, court decisions, and agency regulations impacting general operational procedures of school districts in Kansas and the nation.

The recommended policies and policy updates have been reviewed by KASB attorneys to ensure compliance with federal and state laws and regulations.

Use of KASB recommended policies does not guarantee the district will not be involved in legal proceedings and challenges to decisions made by the district based on these policies.

KASB assumes no financial or legal liability responsibility for district losses incurred by the district resulting from litigation filed against the district as a result of the use of the KASB Policy Service recommendations. All recommended policies should be reviewed, discussed, and revised to meet the unique and individual needs of the district before being approved by the board.

CN - Public Records

(See BE, CNA, ECA, HAI, IDAE, II, JGGA, and JR et seq.)

The board designates the superintendent as its Freedom of Information Officer. The Freedom of Information Officer shall have the authority to establish and maintain a system of records in accordance with the Kansas Open Records Act and other applicable laws. The board further assigns the clerk to handle requests for records and to serve as the custodian of the records. The custodian shall prominently display and distribute or otherwise make available to the public a brochure concerning record access in the form prescribed by the local Freedom of Information Officer.

Types of Records

A public record means any recorded information, regardless of form or characteristics, which is made, maintained, kept by, or in the possession of the district, including those exhibited at public board meetings.

Central Office Records

Records maintained by the superintendent shall include, but may not be limited to, the following: financial, personnel, and property (both real and personal) owned by the district.

Building Records

Records maintained by the building principals shall include, but may not be limited to, the following: activity funds, student records, and personnel records. (See JR et seq.)

Public Access

All records, except those subject to exception by the Kansas Open Records Act, shall be open to inspection by the general public during regular office hours of any school or the district office. The superintendent will establish procedures for making records available on normal business days when district offices are closed. The district may charge and require advance payment of a fee for providing access to or furnishing copies of public records.

Requests for access to open records shall be made in writing to an official custodian of district records. The official custodian shall examine each request to determine whether the record requested is an open record or is subject to an exception of the Kansas Open Records Act that would allow the record to remain closed. The custodian may also refuse to provide access to a public record or to permit inspection if a request places an unreasonable burden in producing public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the district. The custodian shall either grant or deny each request.

If the custodian does not grant the request, the person requesting the record shall receive a written explanation of the reason for the denial within three days of the request, if an explanation is requested. If the requester disagrees with the explanation, the freedom of information officer shall settle the dispute.

Each request for access to a public record shall be acted upon as soon as possible, but not later than the end of the third business day following the date that the request is received. If the request is not acted on immediately, the custodian shall inform the requester, within the three-day window, when and where the open record will be made available.

Each custodian shall file all requests and their dispositions in the appropriate office and make reports as requested by the superintendent or the board.

Copies of Records

Copies of open records shall be available upon written request, unless otherwise specified in Kansas or federal law. Requestors may only make abstracts or obtain copies of public records to which they have access under the Kansas Open Records Act. The district shall not be required to provide copies of radio or recording tapes or discs, video tapes, films, pictures, slides, graphics, illustrations, or similar audio or visual items or devices, unless such items or devices were shown or played during open session of a district board meeting. Similarly, the district shall not be required to provide such items or devices which are copyrighted by a person other than the board. Furthermore, nothing in the Kansas Open Records Act requires the district to electronically make copies available by allowing a requestor to obtain copies by inserting, connecting, or otherwise attaching an electronic device provided by the requestor to the computer or other electronic device of the district.

Advance payment of the expense of providing access to or furnishing copies of open records shall be borne by the requestor. Under no circumstances shall the documents be allowed out of their usual building location without approval of the official custodian.

The board may prescribe reasonable fees for providing access to or furnishing copies of public records, subject to the following:

- In the case of fees for copies of records, the fees shall not exceed the actual cost of furnishing the requested records, including the cost of staff time required to make the information available. Actual costs may include the cost to review and redact the requested records but shall not include incidental costs incurred by the district that are not attributable to furnishing the requested records.
- In the case of fees for providing access to records maintained on computer facilities, the fees shall include only the cost of any computer services, including staff time required.

- If the district incurs costs for staff time to provide access to or furnish copies of public records, the district shall use in good faith the lowest-cost category of staff reasonably necessary to provide access to or furnish copies of public records. Charges for staff time shall be based on the employee's salary or hourly wage but shall not include the costs of employee benefits.
- Upon request, the district shall provide to the person requesting access to or copies of public records an itemized statement of costs incurred by the district and charged to such requester. Such itemized statement shall include, but not be limited to, the hourly rates charged for each employee involved in making the requested records available and an itemized list of any other fees charged to provide access to or furnish copies of the requested records.
- When the staff time needed to respond to a records request will exceed five hours or the estimated actual cost for staff time needed to fill the request exceeds $200, the district shall make reasonable efforts to contact the requester and engage in interactive communication about mitigating costs to fill the request. The requester is not obligated to mitigate costs.

If the district has made reasonable efforts to contact the requester in such a case and the requester has failed to respond by the end of the third business day, the records request will be deemed to be withdrawn until a subsequent contact has been made by the requester to the district.

As used in this policy, "reasonable efforts to contact the requester" means contacting the requester through the means of communication that the requester provided to be used by the district to respond to the request.

Fees received by the district for fees charged in accordance with this policy shall be remitted to the treasurer for deposit in the district's general fund.

Disposition

All district office records shall be kept for at least the minimum length of time required by law.

The clerk is designated as the official custodian of all board and district office records maintained by the district. Each building principal is designated as official custodian of all records maintained at the building level. In addition to those records required by law, the {clerk} shall be responsible for preparing and keeping other records necessary for the district's efficient operation.

District employees shall follow the guidelines found in the student records policies. (See IDAE and JR through JRD)

Any monies not immediately required for the purposes for which the monies were collected or received may be invested as provided by current statute. Investment objectives are to protect the investment principal, provide liquidity, and maximize investment return.

All offerings of monies for investment shall state the type of investment, the amount to be invested, and the maturity date of each investment. All responses shall be directed to the superintendent, or one of the board's designated depositories as designated by the superintendent, and shall be specified on the basis of simple interest.

Posting Securities

All investments of district monies not covered by the Federal Deposit Insurance Corporation (F.D.I.C.) coverage shall be secured to 102% of the amount of district monies by a pledge of direct federal obligations, or direct guaranteed federal agency deposits in accordance with requirements of state law or by the public moneys pooled method. Any investments in savings deposits, demand deposits, time deposits, open accounts, certificates of deposit, or time certificates of deposit in excess of the amount insured or guaranteed by the F.D.I.C. shall be secured by the Pool Money Investment Board with the Kansas State Treasurer. All investments acquired by repurchase agreements shall be perfected in the name of the district and shall be delivered to a third-party custodian, which may be the Kansas State Treasurer. Exceptions to the required posting of securities shall be only as provided by law and with approval of the board.

Savings Investments

All banks, savings and loan associations, and savings banks (hereafter "financial institution(s)") with main or branch offices located within the district and the county or counties in which part of the district is located shall be given an opportunity to respond to requests for proposals on monies offered for investment. The depository institution shall have two business days to respond to the request for proposals. Proposals for savings type accounts will be for maturities of not more than two years. If one or

more financial institutions will pay an interest rate equal to or greater than the investment rate, the district shall select one or more of the eligible financial institutions.

Repurchase Investments

The district may also make requests for proposals to invest in repurchase agreements for direct obligations of, or obligations that are insured as the principal and interest by, the United States government or any agency thereof with financial institutions located in the district. If there is no financial institution in the district, or the in-district institutions are not willing to pay an interest rate equal to or greater than the investment rate, then the district may use financial institutions in the county or counties in which the district is located. If no financial institution listed above is willing to enter into an agreement at an interest rate equal to or greater than the investment rate, then the district may enter into agreements with financial institutions located within Kansas.

Selection of Proposals

Distribution of monies for investment shall be as follows:

A depository designated by the board shall inform each eligible financial institution of the total amount of money to be invested on a specified date, the maturity date of the investment, and the type of investment. Each financial institution responding shall submit a proposal for the type of investment and the rate of interest it would pay on each type of investment for all or part of the funds to be invested.

Monies shall be invested with the financial institution offering the highest interest rate in such amount as the financial institution will accept, and any remaining amounts shall be invested with the financial institution(s) offering the next highest interest rates in such amounts as it will accept until all funds offered for investment are invested. No financial institution shall be eligible to receive any funds in the same offering at a rate lower than its proposal rate on each type of investment.

No proposal less than the most recently determined investment rate as defined in K.S.A. 12-1675a shall be accepted unless otherwise authorized by K.S.A. 12-1675.

Monies available for reinvestment as a result of maturities may be reinvested with the financial institution holding such monies provided the financial institution agrees to pay the same or higher rate as that offered by the highest proposal at the time the requests for proposals were accepted.

In the event of identical high proposals, the allocation of monies to be invested between the financial institutions offering the high proposals shall be at the discretion of the depository designated by the board.

The district treasurer shall record the following information: the date of each request for proposal; the name of each financial institution notified; the name of the officer notified; the proposal for each type of investment; the amount of monies the financial institution is willing to accept at the rate proposed.

To be eligible to receive invested funds or deposits from the district, any otherwise eligible financial institution shall have on file in the office of the district treasurer a letter requesting its inclusion in any request for proposal and providing proper assurance of compliance with requirements of applicable laws and board policy relating to maintenance of proper security and assurance of its membership in good standing consistent with current federal regulations. The superintendent shall report monthly to the board on the district's investments.

At no time shall participation in fundraising impact a student's grade or membership, participation time or standing on a team, club, or group. Door-to-door sales are strongly discouraged. Faculty and sponsors shall not require or promote door-to-door sales.

The district will manage, restrict, or decline funds, gifts, or fundraising activities to assure that fundraising and expenditures comply with applicable district, state, and federal law and guidelines, including, but not limited to, Title IX and Kansas State High School Activities Association (KSHSAA) rules and regulations.

Fundraising activities must be pre-approved by the superintendent or designee, and adhere to the following guidelines:

- Fundraising activities shall not interfere with instructional time, infringe upon or detract from the classroom activities, or the educational process as determined by the superintendent or designee.
- Online fundraising, utilizing websites such as DonorsChoose or GoFundMe, must comply with this policy, district rules and regulations concerning fundraising, and the rules governing the fundraising site.
- Approval of fundraising requests shall depend on factors including, but not limited to:

    - Other factors deemed relevant or appropriate by the district.
- If approved, the requestor shall be responsible for preparing all materials and information related to the fundraising campaign and keeping district administration apprised of the campaign's status. The requestor is responsible for compliance with all state and federal laws,

the rules governing the fundraising site, and other relevant district policies and procedures, as well as the following:

- Fundraising proceeds shall not be deposited into a staff member's personal bank account or peer to peer payment network.
- Money raised or items secured by a fundraising campaign by a person or entity acting on behalf of the school or the district will be the property of the district.

No money raised or items purchased shall be distributed to individual employees without the express written consent of the superintendent.
- Pictures of students in conjunction with fundraising activities shall not occur unless parents of students have consented in writing to the use of the picture for this specific purpose.
- Fundraising activities must comply with all board policies, including, but not limited to, policies governing the privacy rights of students.

Nothing in this policy is intended to prohibit an employee from using online fundraising campaigns for personal items or reasons outside of the school or work time. In such cases, the employees shall not be acting on behalf of the district or school, identify themselves as employees of the district, or suggest the fundraising campaign is for the benefit of students, classrooms or schools of the school district.

For purposes of this section, "acting on behalf of the district or the school" means an employee holding oneself out as an employee of the district and/or seeks donations for the benefit of the district, a particular school, classroom, or student.

Personal Business Interest

Neither students nor employees are permitted to promote personal business, commercial, or private financial interests either through direct sales or through promotion of the sale of goods or services at school, on school property, or at school-sponsored events. DJED - Bids and Quotations Requirements

All purchases requiring competitive bids shall be made in accordance with current statutes.

The purchasing agent shall develop and maintain lists of potential suppliers. Bid lists shall be used to notify potential bidders.

Any supplier may be included in the list upon request. All bid lists shall be reviewed annually by the purchasing agent.

Criteria that may be used to judge whether the bidder is responsible by way of illustration and not limitation, are: financial standing, reputation, experience, prior working relationship with the district, resources, facilities, judgment, and efficiency.

The board may investigate whether the bidder is responsible by using information at hand to form an intelligent judgment, such as, but not necessarily limited to, the district's architect, previous clients of the bidder, their own investigation, or an outside investigation agency.

Withdrawal of Bids

Any bid may be withdrawn and/or corrected prior to the scheduled time for opening of bids and no later than two days after the bids have been opened if a non-judgmental error has been made.

Any bid received after the publicized date and time shall not be considered by the board.

DP - Collection Procedures

(See EE and JS)

Unpaid Fees and Negative Account Balances

Unpaid or overdue accounts disrupt accounting practices within the district. All persons who owe overdue fees or have negative account balances with the district shall be notified of the delinquency up to three times in not less than ten day increments by the superintendent or superintendent's designee via letter sent by U.S. First Class Mail providing that the individual owes the district fees or that a specified account has insufficient funds or a negative balance and the reason for the fees or account withdrawals.

If, within ten days after the second notice was mailed, the debt is not paid in full or arrangements have not been made with the superintendent or superintendent's designee to pay it, a third and final notice shall be sent to the debtor by mail. Postage and stationary costs may be added to the original bill.

If full payment is not received by the clerk within ten days after mailing of the final notice, authorization for the enforcement of collection may be obtained through the local small claims court in compliance with Kansas statutes, the superintendent or superintendent's designee may turn the matter over to legal counsel to commence debt collection proceedings on behalf of the district, or the matter may be handled through the Kansas SetOff Program.

Insufficient Funds Checks

The superintendent or the superintendent's designee is authorized to request charges to be filed against a person or persons giving worthless or insufficient fund checks to the school district. In addition, the board adopts the following procedures for dealing with returned checks in the school setting.

Once the person is notified of the first returned check via U.S. First Class Mail, if restitution is made within five working days from the notification being mailed, there will be no charge for a returned check. If after a second notification is sent, restitution is not made within an additional five working days, a fee of $10.00 will be charged.

- If a person has a second returned check, he/she will be notified and assessed a $15.00 fee, providing restitution is made within five working days. After the second notification is mailed concerning the second returned check, a fee of $20.00 will be assessed.
- For a third returned check, the person will be notified, assessed a $30.00 fee, and informed that the district and its schools will not accept any future checks from such person. All future payments to the district or individual schools would then need to be in the form of cash, cashier's check, or credit/debit card payment.
- If restitution of the third check is not made within five working days from mailing the final notification, the superintendent or superintendent's designee will be notified, and the

superintendent or superintendent's designee may turn the matter over to the county attorney for legal action.

EBBD - Evacuations and Emergencies

(See EBBF and JBH)

If an emergency interferes with the normal conduct of school affairs, students may be dismissed from school only by the superintendent or superintendent's designee. A plan for emergency dismissal of students during the school day shall be developed by the superintendent and approved by the board. A copy shall be filed with the clerk, and procedures for dismissal shall be given to parents and students at the beginning of each school year.

In an emergency when the safety of students and/or staff is better served by remaining at school, students will not be released, nor will school be dismissed early.

During an emergency period when there is insufficient warning time, the district will keep all students under school jurisdiction and supervision. The staff shall remain on duty to supervise students during this time.

School-Closing Announcements

When the superintendent believes the safety of students is threatened by severe weather, health or safety concerns, or other circumstances, parents and students shall be notified of school closings or cancellations by announcements made over radio/TV station(s), social media, district website and the designated school system.

The principal shall notify law enforcement agencies of the threat and request a thorough inspection of the buildings and grounds. Other contingencies as noted in the crisis plan shall be followed. If it is determined that no danger exists to the students' safety, and, if there is time remaining in the school day, school shall be resumed.

EBBE - Emergency Drills

Building principals shall be responsible for scheduling and conducting emergency and safety drills as required by law and for ensuring students are instructed in the procedures to follow during the drills and in an actual emergency.

Each building principal shall develop a written plan for specific emergency drills required by law. The plan shall include specific arrangements for the evacuation of mobility impaired and other individuals who may need assistance from staff members to safely exit the building. Although plans for evacuation are essential, the state fire marshal may grant exemptions to the number or manner of drills required by law with regard to students receiving special education or related services, upon request.

Each principal shall conduct briefings with the staff concerning the emergency plan.

Each teacher shall explain relevant portions of the plan to students under their jurisdiction prior to a date established by the principal. Within one week thereafter, the building principal shall conduct a surprise drill. Other drills shall be held at times determined by the building principal.

The four fire drills and three crisis drills required by law may be scheduled at any time during the school year. "Crisis drills" includes intruder response drills, lockdown drills, and active shooter drills but does not include active shooter simulations. The two tornado drills required shall be conducted in September and March. All these drills must be conducted by each school during school hours and cannot be made part of regular dismissal at the close of the school day.

Each emergency and safety drill plan shall be reviewed by the superintendent and filed with the clerk.

Active Shooter Drills

For the purposes of this policy, terms have the following meanings.

“Active shooter drill” means an emergency preparedness drill designed to inform and instruct students, teachers, school personnel and other school staff on how to respond in the event that an armed intruder is on the school campus or an armed assailant is in the immediate vicinity of the school. "Active shooter drill" includes:

- For grades kindergarten through five, instruction through tabletop exercises and identification of appropriate places for students to locate during an emergency; and
- for grades six through 12, the information described earlier in this definition and the practice of active shooter drills.

“Active shooter drill” does not include any sensory components, activities or elements that mimic a real-life shooting. "Active shooter drill" is not an active shooter simulation.

“Active shooter simulation” means an emergency exercise, including full-scale or functional exercises, designed to inform and instruct adult teachers, school personnel and other school staff on how to respond in the event of an armed intruder on the school campus or an armed assailant in the immediate vicinity of the school. “Active shooter simulation” includes activities or elements mimicking a real-life shooting, including, but not limited to, simulation of tactical response by law enforcement. "Active shooter simulation" does not include active shooter drills.

“School” means any elementary or secondary public school maintained and operated by a school district and any accredited nonpublic school that provides any of the grades kindergarten through 12.

“Tabletop exercise” means an exercise designed to help students better understand their individual or group roles and responsibilities. “Tabletop exercises” may include constructive problem-solving as it relates to an armed intruder on the school property or an armed assailant in the immediate vicinity of the school and may incorporate age-appropriate written or video scenarios for students to follow.

The district shall conduct active shooter drills that are consistent with the guidelines published by the Kansas State Department of Education.

Once per year, the board shall review the efficacy and effect of active shooter drills and any impacts of such drills on the safety and mental health of students, teachers, and other school personnel and staff.

The principal in any district school where an active shooter drill, active shooter simulation, or tactical training exercise is to take place shall ensure a school employee notifies each parent or person acting as parent at least 24 hours prior to an active shooter drill, active shooter simulation, or tactical training exercise. The notice shall provide that the parent or person acting as parent may opt their student out of participation in such drill or simulation. Any student who is opted out of an active shooter drill or simulation shall have the opportunity to participate in alternative safety education and shall not receive any negative or punitive treatment for not participating in such drill or simulation. If notice cannot be provided at least 24 hours prior to an active shooter drill or simulation, notice shall be provided within 24 hours of the conclusion of the active shooter drill or simulation.

Except as otherwise provided in this policy regarding tactical training exercises with law enforcement, no school shall conduct, sponsor, or permit any active shooter simulation on school property where students in grades kindergarten through eight regularly attend school.

The board of education or governing body of a school may conduct, sponsor, or permit active shooter simulations on school property, if only students in grades 9 through 12 regularly attend school on such school property.

Nothing in this section shall prohibit law enforcement agencies and adult school personnel from conducting or participating in tactical training exercises on school property if:

- The exercises do not occur during regular school hours or any time when students are present or expected to be present;
- no student participates in such exercises; and
- the board has provided prior written authorization for the use of school property for such exercises.

Every school transportation provider shall have a valid driver's license. Such drivers shall have full authority and responsibility for the passengers riding in school vehicles.

Students or other persons riding in school buses or school vehicles who violate district policy or bus and/or school vehicle rules will be reported to the proper administrator. Violations of these policies and/or rules may result in disciplinary action by school officials or reports to law enforcement as appropriate.

Any record developed by the administration for the purpose of monitoring vehicle use will include, but may not be limited to, the following information: miles driven each trip, gas and oil usage, purpose of the trip, destination, time of departure, and time of return. Such records will be signed by each driver at the conclusion of each trip and submitted to the person responsible for collection of these records. An annual summary report will be used in the compilation of the district's budget. A copy of the annual report may be given to the board on or before the regular board meeting in June or upon request.

- the availability of adequate school staff to chaperone and/or provide transportation;
- the availability of and/or the coverage of liability insurance for this purpose;

EE - Food Services Management

(See EBBD)

A supervisor may be hired by the board to oversee the district's food service program.

Sanitation Inspections

The building principal shall inspect each lunchroom to ensure that proper sanitation procedures are being followed.

Records

The supervisor shall be responsible for keeping food service records required by state and federal laws and regulations.

The supervisor shall be under the direct supervision of the superintendent and shall have control over all aspects of the district's food service programs subject to board policy, rules and state and federal regulations.

Meal Prices

Meal prices shall be determined by the board.

Free or Reduced Price Meals

Parents or guardians of students attending schools participating in federal school meal programs must be informed of the availability of reimbursable school meals and provided with information about eligibility and the process for applying for free or reduced price meals on or before the start of school each year. Access to this policy will be provided to parents or guardians when they receive information regarding eligibility and applying for free or reduced price meals.

Unpaid Meal Charges

The district’s meal charging requirements are as follows.

A charge account for students paying full or reduced price for meals may be established with the district. Students may charge no more than $10 in the elementary grades, $10 in the middle or junior high grades, and $10 in the high school grades for the purchase of meals to this account without triggering the district’s delinquent debt proceedings as outlined in this policy and board policy DP. Charging of a la carte or extra items to this account will not be permitted.

When the charge levels identified in this policy have been met, a student’s meal account becomes delinquent. The student will be allowed to purchase a meal if the student pays for the meal when it is received. Students who have delinquent accounts and cannot pay out of pocket for a meal will be provided a regular, reimbursable meal from the cafeteria menu, which shall be charged to the student’s account while the district proceeds with attempts to resolve the delinquent debt with the student’s parent

or guardian. If attempts to receive payment for charged meals do not result in full payment of the debt in the timelines provided herein, debt collection proceedings will begin in accordance with board policy DP.

At least one verbal and one written warning shall be provided to a student and the student's parent or guardian prior to reaching the delinquent debt threshold outlined herein. Access to this policy will be provided to the student's parent or guardian with the written warning. If payment of the negative balance is not received within 5 working days of the delinquent debt threshold being attained, the debt will be turned over to the superintendent or superintendent's designee for collection in accordance with board policy DP. If the debt is not paid within 10 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges. Bad debt must be written off as an operating loss and restored using non-Federal funds, even if it has been turned over for collection through other legal means.

Payments for school meals may be made at the school or district office, at the point of service of school meals, or online at the Infinite Campus parent portal. Students, parents, and guardians of students are encouraged to prepay meal costs.

The district will provide a copy of this unpaid meal charges policy to all households at or before the start of school each year and to families and students that transfer into the district at the time of transfer. The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy, a copy of the policy will be posted in district meal service facilities, and the policy will be made available on the district's website and social media accounts. Records of how and when it is communicated to households and staff will be retained.

The district is committed to maintaining a working and learning environment free from discrimination, insult, intimidation, and harassment due to race, color, national origin, religion, sex, age, genetic information, or disability.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, genetic information, or religion in the admission to, access to, treatment, or employment in the district's programs and activities is prohibited. Dr. Craig Correll, Superintendent, craig.correll@cvilleschools.com, 615 Ellis, Coffeyville, KS 67337, 620-252-6400 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI and Title VII of the Civil Rights Act of 1964 (with the exception of discrimination on the basis of sex), Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Personal Responsibility Work Opportunity Reconciliation Act of 1996, and the Food Stamp Act of 1977, as amended.

Complaints regarding alleged discrimination on the basis of sex, as prohibited by Title IX of the Education Amendments of 1972 and other federal and state laws regulating such discrimination and discriminatory harassment, shall be handled in accordance with the procedures outlined in board policies GAAC and JGEC and shall be directed to the Title IX Coordinator at Dr. Craig Correll, Superintendent, craig.correll@cvilleschools.com, 615 Ellis, Coffeyville, KS 67337, 620-252-6400. More information may be obtained on discrimination on the basis of sex by contacting the Title IX Coordinator.

Complaints alleging discrimination in child nutrition programs offered by the district shall be handled in accordance with the procedures outlined in board policy KNA, and more information may be obtained on procedures for filing such a complaint by contacting the district compliance coordinator.

Unless otherwise provided in board policy, general complaints, those not alleging acts of discrimination, will be resolved using the district's general complaint procedures in policy KN.

Any employee who engages in discriminatory, harassing, or retaliatory conduct shall be subject to disciplinary action, up to and including termination.

Except as otherwise provided in this policy and board policies GAAC, JGEC, and KNA, any incident of discrimination in any form shall promptly be reported to an employee's immediate supervisor, the building principal, or the district compliance coordinator for investigation and corrective action by the building or district compliance officer. Complaints alleging discriminatory and/or harassing conduct on the part of the superintendent shall be addressed to the board of education.

Except as otherwise provided in board policy regarding complaints of discrimination on the basis of sex or regarding child nutrition programs, complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of such discrimination or harassment from a student, another employee, or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint shall be filed in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures described herein, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

  If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity

to submit written or oral evidence relevant to the complaint and to provide names of potential witnesses who may have useful information.

- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy shall be forwarded to the complainant and the respondent within 30 days after the filing of the complaint. If the investigator anticipates a determination will not be issued within 30 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion. In no event shall the issuance of the written determination be delayed longer than 10 days from the conclusion of the investigation.
    - If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
    - If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Formal Complaint Appeal

- The complainant or respondent may appeal the determination of the complaint.
- Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or the superintendent, or by the board itself.
- The request to appeal the resolution shall be made within 20 days after the date of the written determination of the complaint at the lower level.
- The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed.
- The appeal officer will issue a written determination of the complaint's validity on appeal and a description of its resolution within 30 days after the appeal is filed.

If it is determined at any level that discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in

the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

Definitions

For the purposes of this policy, the following definitions apply.

"Complainant" means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship

shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

"Decision-maker" reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator, investigator, or informal resolution facilitator.

"Domestic violence" includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of Kansas.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

"Informal resolution facilitator" is a neutral person, designated by the Title IX Coordinator, who has been trained to assist the parties through the voluntary informal resolution process. The informal resolution facilitator shall not be the Title IX Coordinator, investigator, decision-maker, or appeal-decision maker.

"Investigator" is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report. "Respondent" is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sex-based discrimination" means any unfair treatment, unequal opportunity, or harassment on the basis of sex in the district's programs or activities.

Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school, and other similar measures. The supportive measures provided to the complainant or respondent by the district must remain confidential to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

"Title IX Coordinator" is the individual designated at the district level who has the responsibility to coordinate compliance with Title IX of the Education Amendments of 1972. Reporting of Sex-Based Discrimination, including Sexual Harassment

The district takes all reports of sex-based discrimination, including sexual harassment, seriously and will respond meaningfully to every such report of which the district has actual knowledge.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Any person may make a verbal or written report of sex discrimination by any means and at any time.

Any act of retaliation or discrimination against any person who has opposed discrimination; filed a complaint; or testified, assisted, or participated in any investigation, proceeding, or appeal involving sex-based discrimination, including sexual harassment, is prohibited. The district will take appropriate

available action to address retaliation, which may include student or employee discipline procedures.

It shall be a violation to discourage a student or an employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy shall result in appropriate disciplinary action.

False or malicious complaints of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the complainant.

False statements made in the course of an investigation of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the individual.

Complaint Process for Sex-Based Discrimination (Not Sexual Harassment)

Complaints of sex-based discrimination that do not allege sexual harassment will be investigated through the complaint procedure outlined in policy KN to determine whether, under the totality of the circumstances, the alleged behavior constitutes a violation of this policy. Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in appropriate discipline.

Grievance Process for Sexual Harassment

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the Title IX Coordinator, the employee's supervisor, or other designated district official. Employees who fail to appropriately report complaints or incidents of sexual harassment to the Title IX Coordinator, the employee's supervisor, or other designated district official may face disciplinary action.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

The Title IX Coordinator, any investigator, decision-maker, appeal decision-maker, or any informal resolution facilitator shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias.

Investigators shall receive training on issues of relevance of questions and evidence in order to create investigative reports that fairly summarize relevant evidence. Decision-makers shall receive

training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Within 10 business days of any reports of sexual harassment, the Title IX Coordinator shall, contact the complainant and discuss the availability of supportive measures, with or without the filing of a formal complaint; consider the complainant's wishes as to supportive measures; and inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Informal Resolution Process for Sexual Harassment Complaints

At any time during the formal complaint process regarding alleged sexual harassment and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process requires:

- The informal resolution facilitator is to be a trained educational professional, consultant, or other individual selected by the Title IX Coordinator who has received training on their role;
- the parties to be provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- at any time prior to agreeing to a resolution, any party to have the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and to be informed of any consequences resulting from participating in the informal resolution process;
- that the parties voluntarily consent, in writing, to the informal resolution process; and
- that the informal resolution process is not used to resolve allegations that an employee has sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the agreement, provide a copy of the agreement to both parties, and forward it to the Title IX Coordinator. If the matter is not resolved, the informal resolution facilitator will notify the Title IX Coordinator, who will resume the formal complaint process.

Formal Grievance Process for Sexual Harassment Complaints

No formal investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

The procedures for filing a formal complaint are as follows.

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

Upon receipt of a formal complaint, the Title IX Coordinator shall either dismiss the formal complaint or initiate the formal grievance process by providing notice to the parties of the complaint.

Dismissal of a Formal Complaint of Sexual Harassment

The Title IX Coordinator must dismiss the complaint if it is determined that:

- Even if all the facts alleged are true, the conduct alleged in the formal complaint would not constitute sexual harassment as defined herein;
- the conduct did not occur in the recipient's education program or activity; or
- the conduct did not occur against a person in the United States.

During the course of the formal grievance process, the Title IX Coordinator may dismiss the complaint if:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled or employed by the district; or
- specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal of a complaint, the Title IX Coordinator must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Dismissal of a formal complaint does not preclude an investigation or disciplinary action under another district policy.

Initiation of Formal Grievance Process for Sexual Harassment Complaints

Upon filing of a formal complaint of sexual harassment, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
    - the identities of the parties involved, if known;
    - the conduct allegedly constituting sexual harassment; and
    - the date and location of the alleged incident, if known.
- The district's investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, the Title IX Coordinator shall provide notice of the additional allegations to known parties.

Formal Complaint Investigations Regarding Sexual Harassment

To ensure a complete and thorough investigation of any sexual harassment complaint and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied by an advisor of their choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party or witness is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint of sexual harassment, including the

investigative report, and the opportunity to respond to that evidence before a determination is made;

- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondents;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

The investigator shall prepare an initial investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors simultaneously.

The parties shall have 10 days to submit a written response to the initial report for the investigator's consideration.

Following the opportunity for the parties and their advisors to review and respond to the initial report, the investigator shall submit a final report to the parties and the Title IX Coordinator simultaneously. Upon receipt, the Title IX Coordinator shall provide a copy of the final report and supporting documentation to the decision-maker.

Decision-Maker's Determination Regarding Sexual Harassment Complaints

Upon receiving the investigator's final report, but prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with any answers provided, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- include the findings of fact supporting the determination;
- address any district policies and/or conduct rules which apply to the facts;
- a statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- the procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend that, based on respondent's action, respondent be subject to disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in disciplinary action.

A copy of the written determination shall be provided to both parties and the Title IX Coordinator simultaneously.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

If the formal grievance process determines the actions constituted sexual harassment in violation of this policy, the respondent shall be subject to disciplinary action, up to and including termination for employees or expulsion for students. If the formal grievance process determines the actions were in violation of other policies but do not constitute sexual harassment, the respondent may be subject discipline under those policies.

If it is determined that sexual harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Appeals Regarding Sexual Harassment Complaints

The complainant or respondent may appeal the decision-maker's determination regarding responsibility of a sexual harassment complaint or a dismissal of a formal complaint, on any of the following:

- Procedural irregularity that affected the outcomes;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal of the complaint was made that could affect the outcome; and/or
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the investigator, the decision-maker, or informal resolution facilitator that participated in any level of the grievance process that led to the original determination.

The Title IX Coordinator shall notify the parties in writing of the filing of an appeal and implement appeal procedures equally for both parties.

The appeal decision-maker shall give the parties an equal opportunity to submit a written statement in support of, or challenging, the outcome of determination of responsibility. Within 30 days after the appeal is filed, the appeal decision-maker shall issue a written decision, including the rationale for the decision, and

provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Recordkeeping

Records relating to sexual harassment complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

Dissemination of Policy

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be published in district handbooks and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting informational notices in district or school publications, publishing in local newspapers, , or distributing memoranda or other written communications to students and employees.

In addition, the district is required to include a statement of nondiscrimination in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor, building administrator, or Title IX Coordinator. Employees who fail to report complaints or incidents of sexual harassment to appropriate district officials may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.

The Title IX Coordinator shall promptly respond in a meaningful way to any reports of sexual discrimination including sexual harassment of which the district has actual knowledge as follows:

- Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant's wishes as to supportive measures; and
- Inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Supportive Measures

The district will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party. "Supportive Measures" shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the district's educational environment, or to deter sexual harassment. These measures may include counseling, extensions of deadlines or course-related adjustments, modifications of work or class schedules, escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring, and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Formal Complaint

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- An investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

<u>Formal Complaint Notice Requirements</u>

Upon filing of a formal complaint, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
  - the identities of the parties involved, if known;
  - the conduct allegedly constituting sexual harassment; and
  - the date and location of the alleged incident, if known.
- The district's investigation procedures, including any informal resolution process;

- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

Formal Complaint Investigation Procedures

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied with an advisor of the party's choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview, meeting, or hearing at which a party is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondent;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

Formal Complaint Investigation Report

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors for review and response.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator's consideration.

Decision-Maker's Determination

Upon receiving the investigator's report, the decision-maker must make a determination regarding responsibility and afford each party the opportunity to submit written, relevant questions that the parties want asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- Describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- Include the findings of fact supporting the determination;
- Address any district policies and/or conduct rules which apply to the facts;

  A statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- The procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees. Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made. The Title IX Coordinator is responsible for the effective implementation of any remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

Appeals

The complainant or respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following base:

- Procedural irregularity that affected the outcomes;
- New evidence that was not reasonably available at the time that could affect the outcome; and/or
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.

The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator's report, and the original decision-maker's determination;
- Notify both parties in writing of the filing of an appeal and give them an opportunity to submit further evidence in writing;
- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
- Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and be informed of any consequences resulting from participating in the informal resolution process;
- The parties voluntarily and in writing consent to the informal resolution process; and
- The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20 days after the informal resolution document is executed, the individual or the Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving sex discrimination including sexual harassment is

prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible while still following the above procedures, confidentiality will be maintained throughout the investigation and resolution of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to provide supportive measures to both parties, to take appropriate corrective action, and to provide due process to the complainant and the respondent.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be posted in each district facility, shall be published in employee handbooks, and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting information notices, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees. In addition, the district is required to include a statement of nondiscriminatory policy in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

GAACA - Racial and Disability Harassment: Employees

(See GAF, JGECA and KN)

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination, including harassment, on the basis of race, color, national origin, or disability. Racial and disability harassment will not be tolerated in the school district. Racial or disability harassment of employees or students of the district in any district education program or activity is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial and disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

It shall be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Violations of this policy by any employee shall result in disciplinary action, up to and including termination.

Harassment prohibited by this policy includes racially or disability-motivated conduct which:

- Affords an employee different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the employee to participate in or benefit from the services, activities or programs of the school;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile working environment;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with an individual's work performance or employment opportunities.

Racial or disability harassment may result from verbal or physical conduct or written or graphic material.

The district encourages all victims of racial or disability harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of racial or disability harassment will be promptly investigated and resolved.

Employees who believe they have been subjected to racial or disability harassment should discuss the problem with their immediate supervisor. If an employee's immediate supervisor is the alleged

harasser, the employee should discuss the problem with the building principal or the district compliance coordinator. Employees who do not believe the matter is appropriately resolved through this meeting may file a formal complaint under the district's discrimination complaint procedure in policy KN.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definition outlined above. Unacceptable conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Any employee who witnesses an act of racial or disability harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of racial or disability harassment may also face disciplinary action, up to and including termination.

Initiation of a complaint of racial or disability harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving a racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination from employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy shall be posted in each district facility and shall be published in employee handbooks and on the district's website as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

- Discussed the operations of the district or other matters of public concern, including matters relating to public health, safety, and welfare either specifically or generally, with any member of the board or any auditing agency;
- reported a violation of state or federal law or any policies and regulations adopted pursuant to such laws to any person, agency, or organization;
- failed to give notice to the employee's supervisor or the board prior to making any report as described in the above paragraph; or

The above shall not be construed to:

KASB Recommendation – 6/25

GAAD - Child Abuse

(See JCAC and JGEC)

Any district employee who has reason to know or suspect a child has been injured as a result of physical, mental, or emotional abuse or neglect or sexual abuse, shall promptly report the matter to the local Kansas Department for Children and Families (DCF) office or to the local law enforcement agency if the DCF office is not open. Employees may file a report of suspected abuse anonymously to either DCF by phoning 1-800-922-5330 or to local law enforcement officials. The Code for Care of Children also provides civil immunity from prosecution if the report is made in good faith.

The employee making the report will not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect.

DCF or Law Enforcement Access to Students on School Premises

The building principal shall allow a student to be interviewed by DCF or law enforcement representatives on school premises to investigate suspected child abuse and shall act as appropriate to facilitate the agency's access to the child and to protect the student's interests during the process. State law grants the investigating agency the authority to determine whether a school employee may be present while the interview is being conducted, taking into account the child's best interests. If asked to sit in on the interview by the agency representative conducting it, the building principal or designee thereof shall oblige such request in order to provide comfort to the child throughout the process and to facilitate the investigation.

Cooperation Between School and Agencies

Principals shall work with DCF and law enforcement agencies to develop a plan of cooperation for investigating reports of suspected child abuse or neglect. To the extent that safety is not compromised, law enforcement officers investigating complaints of suspected child abuse or neglect on school property shall not be in uniform.

Reporting Procedure

The employee shall promptly report to the local DCF office or law enforcement if DCF is closed. It is recommended the building administrator also be notified after the report is made.

If the building principal has been notified, the principal shall immediately notify the superintendent that the initial report to DCF has been made. If appropriate, the principal may confer with the school's social worker, guidance counselor or psychologist. At no time shall the principal or any other staff member prevent or interfere with the making of a suspected child abuse report.

If available, the following information shall be given by the person making the initial report: name, address, and age of the student; name and address of the parents or guardians; nature and extent of

injuries or description of neglect or abuse; and any other information that might help establish the cause of the child's condition.

Any personal interview or physical inspection of the child by any school employee shall be conducted in an appropriate manner with an adult witness present.

State law provides that anyone making a report in good faith and without malice shall be immune from any civil liability that might otherwise be incurred or imposed.

Mobile Crisis Helpline

GAAF - Emergency Safety Interventions

(See GAO, JRB, JQ, and KN)

The board of education is committed to limiting the use of Emergency Safety Intervention ("ESI"), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school's code of conduct, school safety plan, or student handbook. Notice of the online availability of this policy shall be provided to parents during enrollment each year.

"Mechanical Restraint" means any device or object used to limit a student's movement.

"Parent" means:

- a foster parent, unless the student is a child with an exceptionality; or
- a student who has reached the age of majority or is an emancipated minor.

"Physical Escort" means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

"Physical Restraint" means bodily force used to substantially limit a student's movement, except that consensual, solicited, or unintentional contact and contact to provide comfort, assistance, or instruction shall not be deemed to be physical restraint.

"Purposefully isolate" when used regarding a student, means that school personnel are not meaningfully engaging with the student to provide instruction and any one of the following occurs:

1. Removal of the student from the learning environment by school personnel;
2. Separation of the student from all or most peers and adults in the learning environment by school personnel; or
3. Placement of the student within an area of purposeful isolation by school personnel.

"School resource officer" means a law enforcement officer or police officer employed by a local law enforcement agency who is assigned to a district through an agreement between the local law enforcement agency and the district.

- School personnel purposefully isolate the student; and
- the student is prevented from leaving or has reason to believe, that the student will be prevented from leaving the area of purposeful isolation.

"Time-out" means a behavioral intervention in which a student is temporarily removed from a learning activity without being secluded.

<u>Prohibited Types of Restraint</u>

All staff members are prohibited from engaging in the following actions with all students:

- Using face-down (prone) physical restraint;

- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student's airway;
- Using physical restraint that impacts a student's primary mode of communication;
- Using chemical restraint, except as prescribed treatments for a student's medical or psychiatric condition by a person appropriately licensed to issue such treatments; and
- Use of mechanical restraint, except:
    - Protective or stabilizing devices required by law or used in accordance with an order from a person appropriately licensed to issue the order for the device;
    - Any device used by a certified law enforcement officer to carry out law enforcement duties; or
    - Seatbelts and other safety equipment when used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to affect physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition shall be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. In spite of the provisions of this subsection, a student may be subjected to ESI if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall see and hear the student at all times. The presence of another person in the area of purposeful isolation or observing the student from

outside the area of purposeful isolation shall not create an exemption from otherwise reporting the incident as seclusion. When a student is placed in or otherwise directed to an area of purposeful isolation, the student shall have reason to believe that the student is prevented from leaving.

If the area of purposeful isolation is equipped with a locking door designed to prevent a student from leaving the area of purposeful isolation, the door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the area of purposeful isolation, or in case of emergency, such as fire or severe weather.

An area of purposeful isolation shall be a safe place with proportional and similar characteristics as those of rooms where students frequent. Such area shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include:

(A) The events leading up to the incident;

(B) student behaviors that necessitated the ESI;

(C) steps taken to transition the student back into the educational setting;

(D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI;

(E) space or an additional form for parents to provide feedback or comments to the school regarding the incident;

(F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and

(G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year:

- A copy of this policy which indicates when ESI can be used;
- a flyer on the parent's rights;
- information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and
- information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas.

Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. The documentation shall include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an

individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

GAOA - Drug-Free Workplace

(See LDD)

Maintaining a drug-free workplace is important in establishing an appropriate learning environment for the students of the district. The unlawful manufacture, distribution, sale, dispensation, possession, or use of a controlled substance is prohibited at school, on or in school district property; and at school sponsored activities, programs, and events. Possession and/or use of a controlled substance by an employee for the purposes of this policy shall only be permitted if such substance was obtained directly, or pursuant to a valid prescription or order issued thereto, from a person licensed by the state to dispense, prescribe, or administer controlled substances and any use is in accordance with label directions.

As a condition of employment in the district, employees shall abide by the terms of this policy.

Employees shall not unlawfully manufacture, distribute, dispense, possess, and/or use controlled substances in the workplace.

Any employee who is convicted under a criminal drug statute for a violation occurring at the workplace must notify the superintendent of the conviction within five days after the conviction. The superintendent shall then ensure that notice of such conviction is given to any granting agency within 10 days of receiving notice thereof.

Within 30 days after the notice of conviction is received, the school district will take appropriate action with the employee. Such action may include, suspension, placement on probationary status, or other disciplinary action including termination. Alternatively, or in addition to any action short of termination, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition of continued employment. The employee shall bear the cost of participation in such program. Each employee in the district shall be given a copy of this policy.

This policy is intended to implement the requirements of the federal regulations promulgated under the Drug-Free Workplace Act of 1988. It is not intended to supplant or otherwise diminish disciplinary actions which may be taken under board policies or the negotiated agreement.

GAOB - Drug-Free Schools

(See JDDA and LDD)

The possession, use, sale, distribution, or being under the influence of controlled substances and/or alcohol by school employees at school; on, in, or while utilizing school property; or at school sponsored activities, programs, or events is prohibited.

Employee Conduct

As a condition of continued employment in the district, all employees shall abide by the terms of this policy. Employees shall not manufacture, distribute, dispense, possess, use, and/or be under the influence of illicit drugs, controlled substances, and/or alcoholic beverages at school; on, in, or while utilizing school property; or at school sponsored activities, programs, or events.

Possession, use, and/or being under the influence of a controlled substance by an employee for the purposes of this policy shall only be permitted if such substance was:

1. Obtained directly from, or pursuant to a valid prescription or order, issued to such employee from a person licensed by the state to dispense, prescribe, or administer controlled substances; and
2. Used, if at all, in accordance with label directions.

Compliance with the terms of this policy is mandatory. Employees who are found violating the terms of this policy will be reported to the appropriate law enforcement officers. Additionally, an employee who violates the terms of this policy may be subject to any or all of the following sanctions:

1. Short term suspension with pay;
2. Short term suspension without pay;
3. Long term suspension without pay;
4. Required participation in a drug and alcohol education, treatment, counseling, or rehabilitation program;
5. Termination or nonrenewal of employment relationship.

Prior to applying sanctions under this policy, employees will be afforded any due process rights to which they are entitled under their contracts or the provisions of Kansas law. Nothing in this policy is intended to diminish the right of the district to take any other disciplinary action. This policy is not intended to change any right, duty, or responsibilities in the current negotiated agreement.

If it is agreed that an employee shall enter into and complete a drug education or rehabilitation program, the cost of such program will be borne by the employee. A list of area drug and alcohol

counseling and rehabilitation programs, along with names and addresses of contact persons for the programs, is on file with the board clerk.

Employees are responsible for contacting the directors of the programs to determine the cost and length of the program and for enrolling in the programs. If participation in such a program is required as a condition of continued employment, copies of any documentation related to enrollment in and attendance in such program shall be made available to the board and/or administration upon request.

A copy of this policy shall be provided to all employees.

The following definitions apply to this policy.

"Tobacco product" means any product that is made from or derived from tobacco or that contains nicotine that is intended for human consumption or is likely to be consumed, whether smoked, heated, chewed, absorbed, dissolved, inhaled, or ingested by any other means, including, but not limited to, electronic nicotine delivery system (hereafter "ENDS"), cigarettes, cigars, pipe tobacco, chewing tobacco, snuff, or snus. Tobacco product also means any component or accessory used in the consumption of a tobacco product, such as filters, rolling papers, pipes, charging devices, cartridges, and any substance used in ENDS, whether or not they contain nicotine. This definition does not include FDA-approved nicotine replacement therapies including transdermal nicotine patches, nicotine gum, and nicotine lozenges prescribed to the employee by a medical practitioner or obtained over the counter and used in accordance with label requirements.

"Electronic nicotine delivery system" or "(ENDS)" means any device that delivers a vaporized solution (including nicotine, THC, or any other substance) by means of cartridges or other chemical delivery systems. Such definition shall include, but may not be limited to, any electronic cigarette, vape pen, hookah pen, cigar, cigarillo, pipe, or personal vaporizer. GAOE - Workers Compensation

(See KFD)

The district will participate in workers compensation as required by current statute. The combined workers compensation benefits and salary received under allowed paid leave shall not exceed one full day's pay.

All employees of the district shall be covered by workers compensation. Workers compensation coverage is provided for all employees regardless of assignment, length of assignment, and/or hours worked per day. Benefits are for personal injury from accident or industrial diseases arising out of and in the course of employment in the district.

An injured employee must notify the designated employer's workers compensation coordinator or, if the coordinator is unavailable, his or her supervisor, either orally or in writing within 30 days of the accidental injury or repetitive trauma in order to be eligible for benefits. If the individual no longer works for the district, the former employee has 20 calendar days after the individual's last day of employment with the district to report an injury suffered during a work-related accident or repetitive trauma.

The workers compensation plan will provide coverage for medical expenses and wages to the extent required by statute to those employees who qualify; however, the amount of workers compensation benefits and paid leave benefits shall not exceed a regular daily rate of pay. An employee using paid leave in combination with workers compensation will be charged for one full or partial day of paid leave, as provided for in the applicable leave policy or the negotiated agreement, for each day of absence until the employee's paid leave is exhausted.

Any employee who is off work and receiving workers compensation benefits shall be required to provide the designated workers compensation coordinator with a written doctor's release before the employee is allowed to return to work. In addition, should the employee be released to return to work by a doctor and fail to do so, all benefits under paid leave shall terminate, and those benefits under workers compensation shall be restricted as provided by current statute.

Whenever an employee is absent from work and is receiving workers compensation benefits due to a work-related injury or is receiving district paid disability insurance, the employee may use available paid leave to supplement the workers compensation or district paid disability insurance payments. Workers compensation benefits and FMLA benefits provided in a board approved plan shall run concurrently if both are applicable.

In no event shall the employee be entitled to a combination of workers compensation benefits, district paid disability insurance, and salary in excess of his/her full salary. Available paid leave may be used for this purpose until 1) available paid leave benefits are exhausted; 2) the employee returns to work;

3) the employee is released by the medical provider and a position is offered by the employer, but the employee declines to return to work; or 4) employment is terminated. Paid leave shall be calculated on a pro rata amount equal to the percentage of salary paid by the district.

Testing

The board, through its designated workers compensation coordinator, may require employees who claim or are involved in an accident in the course of employment to submit to a post-injury chemical test. This includes instances where the district administration or workers compensation coordinator has actual knowledge of an accident whether the employee has or has not requested medical treatment. If an employee refuses to submit to an employer requested post-injury chemical test, the employee forfeits all related workers compensation benefits as provided in K.S.A. 44-501(b)(1)(E). Testing and the procedures used therefore shall conform to all relevant Kansas statutes.

Choice of Physician

The board shall have the right to choose a designated health care provider to provide medical assistance to any employee who suffers an injury while performing their job. However, if the injured employee chooses to go to a medical provider other than the designated provider, the recovery for such expenses shall be limited to $800.00.

GAR - Communicable Diseases

Whenever an employee has been diagnosed by a physician as having a communicable disease as defined in current regulation, the employee shall report the diagnosis and nature of the disease to the superintendent or the superintendent's designee so that a proper reporting may be made to the county or joint board of health as required by current law.

An employee afflicted with a communicable disease dangerous to the public health may be excluded from district owned or operated property for the duration of the contagiousness in order to give maximum health protection to other school employees and to students.

The employee shall be allowed to return to duty upon recovery from the illness, when the employee is no longer contagious as authorized by the employee's physician or local health officer, or after the expiration of any period of isolation or quarantine.

The board reserves the right to require a written statement from the employee's physician or local health officer indicating that the employee is free from all symptoms of the communicable disease.

If a school employee has been diagnosed as having a communicable disease and the superintendent has been notified by the employee, the superintendent or the superintendent's designee shall determine whether a release shall be obtained from the employee's physician or local health officer before the employee returns to duty.

Decisions regarding the type of employment setting for an employee with a communicable disease shall be made by the superintendent or the superintendent's designee based upon consideration of the physical condition of the employee and the following factors:

- the nature of the risk;
- the duration of the risk;
- the severity of the risk; and
- the probability that the disease will be transmitted or cause harm to the employee or to others who will share the same setting.

No information regarding employees with communicable diseases shall be released by school personnel without the employee's consent except as allowed by state or federal law.

GARID - Uniformed Service Leave

Employees are entitled to leave under the Uniformed Services Employment and Reemployment Rights Act of 1994. The Act applies to uniformed service that began on or after December 12, 1994, or uniformed service that began before December 12, 1994, if the employee was a reservist or National Guard member who provided notice to the employer before leaving work. The Act only applies to commissioned officer corps of the National Oceanic and Atmospheric Administration whose service began on or after December 23, 2020, or were actively engaged in service on December 23, 2020.

Reemployment rights extend to persons who have been absent from work because of "service in the uniformed services." Service in the uniformed services means the performance of a duty on a voluntary or involuntary basis in a uniformed service as outlined below.

TYPE OF UNIFORM SERVICE	TYPE OF DUTY
United States Army, Navy, Marine Corps, Air Force, Space Force, and Coast Guard	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty
Reserves of the United States Army, Navy, Marine Corps, Air Force, Space Force, and Coast Guard	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty, performing funeral honors duty
Army National Guard or Air National Guard	Active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, state active duty for a period of 14 days or more, state active duty in response to a national emergency or major disaster declared by the President, state active duty in response to a major disaster, absence from work for an examination to determine a person's fitness for any of the above types of duty, performing funeral honors duty
Commissioned Corps of the Public Health Service	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty

Commissioned Officer Corps of the National Oceanic and Atmospheric Administration	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty
System Members of the National Urban Search and Rescue Response System	Participation of the System member in exercises, pre-incident staging, major disaster and emergency response activities, and training events sponsored or sanctioned by the Administrator
Intermittent Personnel Appointed to the Federal Emergency Management Agency	Service to the Federal Emergency Management Agency or to train for such service
Any Other Category of Persons Designated by the President in a Time of War or National Emergency	Active duty, active duty for training, initial active duty for training, inactive duty training, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty

The employee may be absent for up to five (5) years for uniformed service and retain reemployment rights. There are, however, exceptions which can exceed the five (5) year limit. Reemployment protection does not depend on the timing, frequency, duration, or nature of an individual's service. The law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for uniformed service, with the same seniority, status and pay, as well as other rights and benefits determined by law. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing uniformed service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-USERRA leaves of absence. Individuals performing uniformed service of more than 30 days may elect to continue employer sponsored health care for up to 24 months at a cost of up to 102 percent of the full premium. For uniformed service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.

An individual must provide advance written or verbal notice to their employer for any uniformed service. Notice may be provided by the employee or by the branch of the uniformed service in which the individual will be serving.

Notice is not required if uniformed service necessity prevents the giving of notice; or if the giving of notice is otherwise impossible or unreasonable.

Accrued vacation or annual leave may be used, but is not required, while performing uniformed service. The individual's timeframe for returning to work is based upon the time spent in uniformed service.

TIME SPENT IN UNIFORMED SERVICE	RETURN TO WORK OR APPLICATION FOR REEMPLOYMENT
Less than 31 days:	Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight (8) hour rest period.
More than 30 but less than 181 days:	Must submit an application for reemployment within 14 days of release from service.
More than 180 days:	Must submit an application for reemployment within 90 days of release from service.

The individual's separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- The application for reemployment is timely;
- the five-year service limitation has not been exceeded; and
- separation from service was under honorable conditions.

If documentation is not readily available or does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions regarding uniformed service leave should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

GAT - Staff Use of Communication Devices

(See IIBG and IIBGC)

The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

"Communication device" is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of email, or provide access to the Internet. Communication devices shall include, but may not be limited to cell phones, smart phones, iPads, and tablets.

"Use/Using" for the purposes of this policy mean answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee's job duties or appropriate supervision of students.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occurs:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

Use in Vehicles

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;
- Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or
- Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

Use of District-Provided Communication Devices

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

Personal Use of District-Provided Communication Devices

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication

device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

Staff Bring Your Own Device Policy

Use of employees' personal communication devices during work hours shall be restricted to classroom or work-related activities. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

- The number of teaching positions to be reduced shall be in accordance with the educational goals established by the board.
- The number of teachers needed to implement the district's educational program will then be determined by the administrative staff based on those educational goals in determining which teachers will be nonrenewed due to reduction in force.
- The educational goals and needs of the district, individual certifications, qualifications, training, skills, evaluations, and interests.

If all of the teachers in the area identified for reduction have similar certifications, qualifications, training, skills, evaluations and interests, the teacher(s) who best meets the needs of the district, considering the factors outlined above and any other relevant factors, will be retained.

Any certified employee who has not been reemployed as a result of reduction of the teaching staff shall be considered for reemployment if a vacancy exists for which the teacher would qualify. Certified employees who may be eligible for reemployment are required to notify the district of their current address. The superintendent will recommend to the board reinstatement of any teacher he/she deems qualified and able to serve the best interests of the district. The district shall annually provide parents notice of their rights under the Protection of Pupil Rights Amendment and the Student Data Privacy Act, at the beginning of each school year, and at any other time the school district policies in the area are substantially changed.

Student Data Restrictions

Any student data submitted to and maintained by a statewide longitudinal student data system shall only be disclosed in accordance with the Student Data Privacy Act. Disclosure of all other student data or student record information maintained is governed by the Family Educational Rights and Privacy Act ("FERPA").

Annual written notice presented to parents and legal guardians of district students shall: 1) require parent or guardian's signature; and 2) shall state student data submitted to and maintained by a statewide longitudinal data system only be disclosed as follows.

Student data may be disclosed to:

- The authorized personnel of an educational agency or the state board of regents who require disclosures to perform assigned duties; and
- The student and the parent or legal guardian of the student provided the data pertains solely to the student.

Student data may be disclosed to authorized personnel of any state agency, or to a service provider of a state agency, educational agency, or school performing instruction, assessment, or longitudinal reporting, provided a data-sharing agreement between the educational agency and other state agency or service provider provides the following:

- purpose, scope, and duration of the data-sharing agreement;
- recipient of student data use such information solely for the purposes specified in agreement;
- recipient shall comply with data access, use, and security restrictions specifically described in agreement; and
- student data shall be destroyed when no longer necessary for purposes of the data-sharing agreement or upon expiration of the agreement, whichever occurs first.

*A service provider engaged to perform a function of instruction may be allowed to retain student transcripts as required by applicable laws and rules and regulations. Destruction shall comply with the NISTSP800-88 standards of data destruction.

Unless an adult student or parent or guardian of a minor student provides written consent to disclose personally identifiable student data, student data may only be disclosed to a governmental entity not specified above or any public or private audit and evaluation or research organization if the data is aggregate data. "Aggregate data" means data collected or reported at the group, cohort, or institutional level and which contains no personally identifiable student data.

The district may disclose:

- Student directory information when necessary and the student's parent or legal guardian has consented in writing;
- directory information to an enhancement vendor providing photography services, class ring services, yearbook publishing services, memorabilia services, or similar services;
- any information requiring disclosure pursuant to state statutes;
- student data pursuant to any lawful subpoena or court order directing such disclosure; and
- student data to a public or private postsecondary educational institution for purposes of application or admission of a student to such postsecondary educational institution with the student's written consent.

Student Data Security Breach

If there is a security breach or unauthorized disclosure of student data or personally identifiable information of any student submitted to or maintained on a statewide student longitudinal data system, each affected student or the parent or legal guardian of the student, if a minor, shall be immediately notified, and an investigation into the causes and consequences of the breach or unauthorized disclosure will be conducted.

Biometric Data

The district shall not collect biometric data from a student or use any device or mechanism to assess a student's physiological or emotional state, unless the adult student or the parent or legal guardian of the minor student consents in writing. "Biometric data" includes measurable biological or behavioral characteristics that can be used for automated recognition of an individual, such as fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting.

Nothing in this policy shall prohibit the collection of audio voice recordings, facial expression information, and student handwriting for:

- provision of counseling or psychological services,
- conducting student threat assessments,
- completing student disciplinary investigations or hearings, or
- conducting child abuse investigations.

Select Student Surveys

No nonacademic test, questionnaire, survey, or examination containing any questions about the personal and private attitudes, values, beliefs, or practices of the student or the student's parents, guardians, family members, associates, friends, or peers that is administered during the school day shall be administered to any kindergarten through 12th grade student unless:

- the parent or guardian is notified in writing not more than four months in advance of the administration of such test, questionnaire, survey, or examination that such is to be administered; and
- the parent or guardian of the student gives consent through a written or electronic signature or, in the event of an immediate need, gives verbal consent for the student to participate.

Advance notification to a parent or guardian must include:

- A copy of the test, questionnaire, survey, or examination that is to be administered;
- Information on how the parent or guardian may provide written consent to authorize the student to take such test, questionnaire, survey, or examination;
- The name of the company or entity that produces or provides the test, questionnaire, survey, or examination to the school; and
- Whether the school will receive or maintain the resulting data and an explanation of how the school intends to use and maintain such data.

For written consent to be accepted, timely notice in compliance with the requirements of this policy must be provided, and the parent or guardian must have had an opportunity to review the information contained in the notice. Written consent must be provided separately for each individual test, questionnaire, survey, or examination that is to be administered. Prior to administering any such test, questionnaire, survey, or examination, a copy of it must be posted and maintained on the district's website.

A student has the right to refuse to take any test, questionnaire, survey, or examination as described herein at any time, regardless of receipt of parent or guardian consent to participate. Prior to administering any such test, questionnaire, survey, or examination, each student shall be informed that

such student has the right to refuse to take it and that the student will not suffer any adverse consequences based on refusal to participate.

No personally identifiable student data shall be collected through any such test, questionnaire, survey, or examination.

Except as otherwise provided in this policy, the provisions of this subsection shall apply to any test, questionnaire, survey, or examination as described herein that is administered or proposed to be administered to any student by any employee of a school district, including, but not limited to, any administrator, teacher, counselor, social worker, psychologist, or nurse.

If, however, any district employee becomes aware that a student may be at risk of suicide by a credible report from the student, the student's peers, or another school district employee, the school personnel who are designated to administer a suicide risk assessment or screening tool may administer such risk assessment or screening tool in accordance with the provisions of this subsection to determine whether the student could be at risk for suicide. Such designated school personnel may include, but is not limited to, any administrator, teacher, counselor, social worker, psychologist, or nurse. Prior to the administration of any such risk assessment or screening tool, the designated staff member shall verbally notify the parent or guardian before the administration of such risk assessment or screening tool and obtain the consent of the parent or guardian.

If the designated staff member is unable to verbally notify the parent or guardian of the student and obtain consent after reasonable attempts to do so, the designated staff member may administer the risk assessment or screening tool without such consent. If a risk assessment or screening tool is administered without the parent or guardian's consent, as soon as contact with the parent or guardian is made, the designated staff member shall notify the parent or guardian of the administration of such assessment or screening tool and provide to the parent or guardian all information obtained from the risk assessment or screening tool administered to the student.

IF - Textbooks, Instructional Materials and Media Centers

(See IKD and KN)

All textbooks, instructional materials and the selection criteria for district media center materials shall be subject to board approval.

Textbooks and instructional materials shall support the district's instructional program. Media center materials shall support and supplement the curriculum, promote wise use of leisure time, develop literary discrimination and appreciation, and encourage students to become productive citizens.

Selection Criteria: Textbooks and Instructional Materials

Textbooks and instructional materials shall provide:

- An effective education for all students;
- factual knowledge, literary appreciation, aesthetic values, and ethical standards;
- practice for students to develop abilities in critical thinking, communication, mathematics, and science skill;
- information which helps students develop an appreciation of American cultural, ethnic and racial diversity, and balanced views concerning international, national, state, and local issues and problems; and
- sufficient flexibility for meeting the special needs of individuals and groups.

The superintendent shall develop selection procedures which meet the above criteria, which shall include a review of available material by appropriate staff members.

Selection Criteria: Media Center Materials

Materials shall be chosen for accuracy, artistic quality, format, and authoritativeness.

Materials shall be chosen on various reading levels presenting different points of view, including current issues.

Books and other media materials shall be evaluated before purchase, either through direct examination or by using reputable, unbiased, professionally prepared selection tools.

The media center(s) shall obtain, process, and circulate materials and equipment and provide references and other services to students and faculty. Media specialists shall work toward providing resources so that students have an opportunity to achieve high levels of performance.

Collection Development

The media collection shall be developed systematically, be well balanced in coverage of subjects, and include various types of materials and diverse content in multiple formats.

The collection shall reflect, enhance, and complement the broad interests represented in the curriculum. The collection should be large enough to allow materials to be placed in classrooms for extended periods of time.

Challenges of Materials

Any student, parent, or legal guardian of a student currently enrolled in the district having a complaint about textbooks, media center, or other instructional materials shall meet with the teacher, media specialist, or principal. If the concern is addressed to a teacher or media specialist, they shall report the matter to the principal. If the matter cannot be resolved, the principal shall notify the superintendent and ask the complainant to complete a request for review form which is available through building principals or at the district office. After receiving the completed form, the superintendent shall review and consider the request.

If the issue outlined in the request is not resolved after review by the superintendent, the requestor may seek review by the board.

In determining whether to forward a challenge to a review committee, the board shall consider the following factors:

- The basis of the challenge;
- whether the material has been previously challenged and reviewed pursuant to this process; and
- whether it is necessary to submit it for additional review.

If the board chooses not to submit the challenge to the review committee, the superintendent will notify the requestor of the board's decision. If the board chooses to submit the challenge to a review committee, it shall forward all appropriate written materials necessary to the review committee.

Composition of Review Committee

When a review committee is established to handle requests for review concerning textbooks, media center, or instructional materials, the review committee shall be composed of:

The building principal, library media specialist, two subject area specialists, two community members, and one student. If the request for review proposes that the material is inappropriate for minors, the student representative may be left off the committee. The superintendent shall be responsible for appointing review committee members, unless otherwise determined by the board on a case-by-case basis.

Purview of Review Committee

The review committee shall examine and evaluate the material as a whole; consider the district's policy, procedures, and philosophy for selection of textbook, instruction materials, and media center materials; weigh strengths and weaknesses; and form opinions based upon the selection criteria.

Written Report

Within 30 days of receiving access to the challenged materials, the review committee shall review the material and prepare a written report containing conclusions and recommendations for the board of education.

If the board receives simultaneous challenges of multiple material or if circumstances render the 30-day timeline impracticable, the board may extend the committee's deadline to complete its review.

No reviews will be conducted during summer break or when school is not in session for one week or longer. The timeline for any review shall be tolled during such breaks.

Board Review and Action

The board shall review the recommendation of the review committee within 30 days of receipt thereof and may accept the review committee's recommendation, reject the review committee's recommendation, or make its own determination regarding the challenged book or material.

The decision of the board is final.

Removing Challenged Materials

Challenged materials may be removed from use during the review period at the discretion of the superintendent.

Impact of Simultaneous or Repeated Requests

If more than one request for review is received simultaneously, or, if one or more requests for review is received while another review is pending, timelines established in this policy may be extended by the superintendent or the board to allow the requests to be processed in turn. When more than one request for review is received for the same book or material, such requests may be consolidated to reduce redundancy in review at any stage of this process.

If a book or material has been reviewed by a review committee, it will not be eligible for an additional review for at least one year from the date the board took action on the previous challenge of the material.

IFA - Classroom Displays

(See IKD, IKDA and KN)

Materials displayed in and around a classroom are generally considered instructional materials and must comply with board policy. They may be selected by the classroom teacher but should be grade-level appropriate and align with the subject-matter being taught. Materials or displays not meeting these criteria are subject to removal by the principal.

Classrooms are not public forums for the display or distribution of political, religious, or personal viewpoints. Employees may not use classrooms for the posting or display of materials to promote or convey a political, religious, or personal message.

This policy does not require a principal to remove photos, decorations, or other personal items from a teacher's desk or surrounding area as long as the items do not disrupt the learning process.

(See JFCA)

The board may adopt graduation requirements exceeding the minimums set forth by state regulation. Unless otherwise provided herein, in order to qualify for graduation, students must earn ____ academic credits and complete two accomplishments that demonstrate the student will be a successful high school graduate that meet state and district requirements. This credit requirement shall apply beginning with those students who will enter the ninth grade in the school year following the effective date of the additional requirement.

Exceptions may be granted by the board to waive local graduation requirements that are in excess of the state minimum requirements for students on a case-by-case basis.

The board shall award a student a diploma if the student is at least 17 years old; is enrolled or resides in the district; was in custody of the Secretary of the Kansas Department of Corrections (KDOC), the Secretary for DCF, or a federally recognized Indian tribe in this state at any time on or after the student's 14th birthday; and has achieved at least the minimum high school graduation requirements adopted by the state board of education.

Other situations which may warrant waiver of graduation requirements in excess of the minimum requirements adopted by the state board include, but may not be limited to, the following circumstances:

IIA Performance-Based Credits

A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to "test out" of a class must be submitted prior to the beginning of each semester/year. A student may not request to "test out" of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal, and the students' parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they cover all course objectives. A performance instrument shall be approved by the principal. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed.

Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to "test out" of any particular class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

Graduation Credit Through Integrated Coursework

The board may allow graduation credit for integrated academic or career and technical education course work. The teacher awarding academic credit shall be fully licensed and may work collaboratively with another instructor to develop a course plan for instruction. The teacher shall monitor the student's progress and level of achievement. The plan will be reviewed periodically to maintain rigor and relevance.

Credit Through Alternative Educational Opportunities

Students enrolled in grades six through twelve may earn course credits through alternative educational opportunities with sponsoring entities. For the purposes of this policy, terms have the following meanings.

- "Alternative educational opportunity" means instruction that primarily occurs outside the classroom with a sponsoring entity.
- "Sponsoring entity" means a business, not-for-profit organization, nonprofit organization, trade association, parent of a student, teacher, or administrator that partners with a school district to provide an alternative educational opportunity to students.

Eligibility Requirements for Sponsoring Entities

The board may accept a proposal from a sponsoring entity if the alternative educational opportunity provided by the sponsoring entity provides an additional learning opportunity for students through a work-based, pre-apprenticeship, apprenticeship, internship, industry certification, or community program; and either the proposal is approved by the state board of education as an alternative educational opportunity, or it complies with the requirements of this policy regarding such opportunities.

Requirements for the Provision of Alternative Educational Opportunities

Each approved alternative educational opportunity with a sponsoring entity shall be managed and directed by a licensed teacher employed by the school district. The teacher may work collaboratively with the principal, the sponsoring entity, or another teacher to develop a course plan for instruction with learning outcomes identified. The teacher shall monitor the student's progress and level of achievement based on this plan. The plan will be reviewed periodically and adjusted as needed to promote a quality learning experience. The principal shall provide a report annually, or as requested, to the superintendent evaluating the additional educational opportunity provided to participating students and making recommendations to the superintendent on continuation, termination, or modification of the opportunity.

Processes for Submitting a Proposal for an Additional Educational Opportunity

Sponsoring entities wishing to partner with the district to provide additional educational opportunities to students, shall submit a proposal to the superintendent outlining the contact information and credentials of the person(s) that would be working directly with the student participants in this experience; educational goals for the partnership; any time, place, manner, and number of participant restrictions regarding how the learning opportunity would be provided; proposed learning outcomes for participating students; and any details regarding prerequisite coursework, certification, or experience a candidate for this experience should possess prior to entering the program.

Criteria for Evaluating Such Proposals

Prior to making a recommendation to the board on whether the district should partner with or continue to partner with a sponsoring entity, the superintendent shall review the proposed alternative educational opportunity in comparison with the board approved curriculum and goals, consulting other staff members as necessary in that process. Before recommending action to continue such partnership

from year-to-year, the superintendent may seek and shall review any available reports on the opportunity provided by the principal in accordance with this policy.

The board should consider the recommendation of the superintendent in determining whether to partner with or continue partnership with a sponsoring entity. In order for the board to partner with a sponsoring entity and to maintain such partnership, the sponsoring entity must first meet the eligibility requirements as outlined in this policy.

Additional considerations weighing into the decision to partner with a sponsoring entity may include, but may not be limited to: whether the learning experience meets the curricular, rigor, and relevance needs of the student and/or the district; qualifications, experience, reputation, and responsibility of the sponsoring entity and/or individuals that would be working directly with students; related costs for the district, regarding the provision of transportation, equipment, human resources to monitor the experience, etc.; space and time constraints if the experience will be provided in district facilities; student and staff safety; the need for and/or availability of insurance coverage, as applicable; effect on other district course offerings and activities; and student interest. As the welfare of students is of paramount importance to the board, the district reserves the right to complete background checks on any individuals working directly with students on behalf of the sponsoring entity and to base decisions on entering or exiting such a partnership, in whole or in part, on the results thereof.

Determining the Course Credit that May Be Earned Through These Opportunities

The superintendent may develop procedures for review of the experience and the award of credit in accordance with board approved curriculum. The superintendent may award credit for the experience as deemed appropriate for district elective offerings based on meeting local standards for those offerings. In order for any alternative educational experience to be approved for credit in a state-required course, such experience must meet all applicable statutory, regulatory, and Kansas State Board of Education approved standards for award of such credit.

State Reporting Requirements

The superintendent or the superintendent's designee shall make reports to the Kansas State Department of Education as required thereby. Such reports will include information regarding the alternative educational opportunities offered at each school, the names of sponsoring entities, the number of students participating in such opportunities, and credits earned.

In furtherance of this goal, the board directs the superintendent to develop and implement a plan to incorporate outcome-based personal financial literacy education into the district's instructional program.

The superintendent shall document district efforts to provide financial literacy education opportunities for district students and shall provide, upon request, feedback or information to the Kansas State Department of Education on such efforts.

When a controversial subject arises in the classroom, teachers may use the opportunity to teach about the controversy but shall take care to ensure that curricular content delivery remains the focus of the conversation.

Teachers shall ensure that various positions concerning any controversial subject are presented and that students have the opportunity to freely discuss the topic. Teachers are discouraged from expressing personal viewpoints during these discussions which would violate any board policy or Kansas law, such as engaging in prohibited political acts using district time or property.

Opt-Out Procedure and Form

Parents or guardians (or a student over eighteen years of age) who do not want the student involved in all or some portion of the district's Human Sexuality education class shall be provided a written copy of the goals and objectives for the student's appropriate Human Sexuality class. Following review of the curriculum goals on file at the board of education office, the parent or guardian must complete the district opt-out form and state the portion(s) of the curriculum in which the student is not to be involved.

Opt-Out Form

Parents or guardians (or students eighteen years of age or older) may obtain the opt-out request form from the principal, completing and signing the form and returning the form to the principal. The signed form will be kept on file in the principal's office.

The building principal shall receive a copy of the signed form so the named student shall be excused from all or a portion of the Human Sexuality class. Arrangements shall also be made for class reassignment of the student during the opt-out period.

Annual Request Required

Opt-out requests shall be required annually and are valid only for the school year in which they are submitted.

IKD - Religion in Curricular or School Sponsored Activities

(See AEA, IF, IKDA and KN)

No religious belief or non-belief shall be promoted or disparaged by the district or its employees. Students and staff should be tolerant of each other's religious views. Students and staff members may be excused from participating in practices contrary to their religious beliefs, and staff members are responsible for ensuring proper notice and opportunity for opt-out is given in accordance with board policy IKDA, as applicable.

Teaching About Religion

Teachers may teach about religion, religious literature and history but are prohibited from promoting, expounding upon, criticizing or ridiculing a religion. Religious texts may be used to teach about religion, but the use of religious texts is prohibited if used to promote a particular religious doctrine.

Religion in the Curriculum and School Activities

In compliance with this policy, religious themes may be presented in the curriculum and as part of school activities. Music, art, literature and drama having a religious theme or basis are permitted as part of the curriculum or as part of a school activity if they are presented in a balanced and objective manner and are a traditional part of the cultural and religious tradition of a particular holiday or field of study. The emphasis on religious themes in the arts, literature, and history should be only as extensive as necessary for a balanced and thorough study of these areas. These studies should never foster any particular religious tenets or demean any religious beliefs or non-beliefs.

Religious Symbols in the Classroom

Temporary display of religious symbols is permitted as part of the curriculum. The temporary use of religious symbols such as a cross, menorah, crescent, Star of David, creche, symbols of Native American religions or other symbols that are a part of a religious holiday are permitted as a teaching aid if they are displayed as an example of a holiday's cultural and religious heritage.

Religious Holidays

Holidays which have a religious and a secular basis may be observed. School vacations shall have secular designations, e.g., Winter Vacation, Spring Break.

IKDA - Religious Objections to Activities

(See IF and IKD)

The board recognizes parents have the fundamental right to direct the religious upbringing of their children. Furthermore, Kansas law supports the ability of a parent or person acting as a parent to request their child not be required to participate in a school activity which is contrary to the religious teachings of their child. To assist district staff in consistently accommodating these rights, the board adopts the following policy.

For the purposes of this policy, terms shall have the following meanings.

"Activity" shall be deemed to include, but may not be limited to, any academic assignment, curricular lecture, presentation or planned classroom discussion; classroom project; subject-specific instruction; direct exposure to assigned reading material (whether read to or by the class or assigned to the student for independent consumption); or assembly. This term shall not be interpreted to apply to an entire course of study, except when a course of study is an elective course not required for graduation and alternative courses are available for the student's enrollment and participation at the time of objection.

Parents or persons acting as parents shall be notified in advance and given the opportunity to opt their child out of any activity addressing topics that are known to be or are reasonably ascertainable to be contrary to the religious beliefs of the parents, persons acting as parents, or students themselves.

A parent or person acting as a parent (or a student eighteen years of age or older) may request that the student be excused from participating in activities for religious reasons. The parent, person acting as a parent, or adult student must complete the district opt-out form for religious objections, stating the specific activity, the portion of the curriculum in which the activity exists, and the reasons for the request. The request may be granted, or denied, or partially granted and partially denied.

A parent or person acting as a parent seeking to remove their child from activities contrary to the child's religious teachings must complete the district's Activity Participation Opt-Out Form regarding religious objections which is available in the school office. Parents and persons acting as parents desiring to opt their children out of activities due to religious reasons must return the completed and signed form to the principal. The form must be submitted within a reasonable amount of time prior to the scheduled activity in order to allow time for the principal to consider the request. The completed form shall be kept on file in the school office, and the principal shall receive a copy.

The principal shall review the request and determine whether the request should be granted or denied. The principal shall notify the parents or persons acting as parents of the decision within a

reasonable amount of time after the request is submitted. If the parents are dissatisfied with the principal's decision, they may appeal in writing to the superintendent.

If the opt-out request is granted, the school may provide an appropriate alternative assignment or academic activity aligned with the same learning goals without penalty to the student.

Opt-out requests must be submitted annually and are valid only for the school year in which they are submitted.

Nothing in this policy shall be interpreted to allow a parent, person acting as a parent, or adult student to opt a student out of entire courses which have been deemed required graduation requirements by the board or by the state of Kansas, except as otherwise provided by law. Parents and persons acting as parents of middle or high school students are encouraged to assist students in monitoring available course offerings and their descriptions near enrollment periods in order to make appropriate course selections in line with state required graduation requirements while still accommodating the child's sincerely held religious beliefs.

ING - Animals and Plants in the School

With the prior approval of the principal, animals or plants may be brought to school for instructional purposes.

If someone is injured by an animal or comes into contact with a toxic plant, the incident shall be immediately reported to the administration by the supervising teacher. The principal shall notify the appropriate persons.

Service Animals in the Schools

Service animals are permitted in the schools and on school property in accordance with federal law. In order for the district to accommodate the health and safety of our students and staff while maintaining our educational services, programs, and activities, employees and students are encouraged to notify their building administrator prior to bringing a service animal to school for the first time. Patrons or individuals attending functions or having short term business on school property are not required to provide advance notice to school staff in order to be accompanied by a service animal on school property.

Access to school buildings will not be denied to a service animal as long as the animal is individually trained and required to do work or perform tasks for the benefit of an individual with a disability. Such work or tasks must be directly related to the individual's disability. District staff shall not be responsible to provide care or control of a service animal, and any service animal which is out of control or is not housebroken may be excluded by district staff.

For the purpose of this policy, "service animals" is not deemed to include animals provided by the school for instructional purposes or for therapy or comfort animals.

JBC - Enrollment

(See IIBGB, JBCA, JBCB, JBCC, and JQKA)

Resident Students

A "resident student" is any student who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. For purposes of this policy, "parent" means the natural parents, adoptive parents, step-parents, and foster parents. For purposes of this policy, "person acting as a parent" means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

Homeless Students

Any student who has attained the age of eligibility for school attendance may attend school in the district where the student resides or is staying if the student is homeless as defined by law. Details concerning the education of homeless students may be found in board policy JBCA.

Foster Students

Any student in the custody of the Secretary of the Department for Children and Families ("DCF") who has attained the age of eligibility for school attendance shall be permitted to enroll in and attend school in any school district of the state or remain enrolled in and continue attending school in the student's school of origin.

If a court or DCF changes the placement of a student across a school boundary within the school district, the student shall be permitted to:

- enroll in and attend the school where the student is placed; or
- remain enrolled in and continue attending the student's school of origin.

DCF shall determine the child's enrollment and attendance based on the best interests of the child.

The district shall not deny or delay enrollment and attendance of any foster student whose placement has changed on the basis that the school district or school is not in possession of the student's educational records.

Details concerning the education of foster students may be found in board policy JBCB.

Nonresident Students

Details concerning the enrollment and continued enrollment process for nonresident students may be found in board policy JBCC.

Military Students

Details concerning the enrollment and attendance of military students, as defined in state law, may be found in board policy JBCD.

Enrollment Restriction

Unless approved in advance by the board, no student, regardless of residency, who has been suspended or expelled from another school district will be admitted to the district until the period of such suspension or expulsion has expired.

Enrollment Procedures

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and to the public.

Part-Time Students

The board allows any child to enroll part-time in the school district to allow the student to attend any courses, programs, or services offered by the school district if the child:

- Is also enrolled in a nonaccredited private elementary or secondary school or in any other private, denominational, or parochial school as required by law;
- requests to enroll part-time in the school district; and
- meets the age of eligibility requirements for school attendance.

District administrators shall make a good faith attempt to accommodate scheduling requests of students enrolling in the school district in these situations but shall not be required to make adjustments to accommodate every such request.

Part-time students, other than those specified previously in this policy may enroll with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no later than _____. (Insert date) Such part-time students may be admitted only to the extent that staff, facilities, equipment, and supplies are available, and the students follow the district's student conduct policies and rules.

Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of DCF, or other documentation which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript, similar pupil records or data, or other documentary evidence the board deems satisfactory.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the

McKinney-Vento Act as amended by ESSA. The district shall work with DCF, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide proper proof of identity.

Unless otherwise provided herein, the superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

Transferring Credit

In {middle school/junior high} and high school, full faith and credit shall be given to units earned in other accredited schools at the time the student enrolls in the district, unless the principal determines there is valid reason for not doing so. For online credit approval procedures after enrollment, see board policy IIBGB.

Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with parents or guardians and guidance personnel. JBCC - Enrollment of Nonresident Students

(See JBC, JBCA, JBCB, and JQKA)

Kansas law requires the board to allow nonresident students to enroll in and attend the schools of the district if the board's capacity determination finds there are open seats for such students. In order to determine the district's capacity to accept nonresident students at each grade level in each district school, the board has adopted this policy.

Details concerning the nonresident enrollment and continued enrollment processes for nonresident students may be found in this policy, while general processes on enrollment documentation, assignment to buildings and classes, etc., may be found in board policy JBC.

This policy does not apply to any virtual school, as defined by Kansas law, or to any school located on a military installation.

Any child who is experiencing homelessness shall be permitted to enroll in and attend the school district of origin or the school district of residence without application and acceptance through this policy.

Any student in custody of the Department for Children and Families who has attained the age of eligibility for school attendance shall be permitted to enroll in and attend any school in any school district of the state or remain enrolled in and continue attending school in the student's school of origin without application and acceptance through this policy.

Any foreign exchange student who resides, or will reside, with a host family in the district may be permitted to enroll in and attend school in the district as if the student were a resident and shall not be subject to the open-seat lottery for enrollment and attendance purposes.

Definitions

For the purposes of this policy, the following definitions apply.

"Homeless child" means a child who lacks a fixed, regular and adequate nighttime residence and whose primary nighttime residence is:

A. A supervised publicly or privately operated shelter designed to provide temporary living accommodations, including welfare hotels, congregate shelters and transitional housing for the mentally ill;

B. an institution that provides a temporary residence for individuals intended to be institutionalized; or

C. a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for humans.

Except as otherwise provided in this policy, "nonresident student" means a child of school age, pursuant to Kansas law, who resides in Kansas and is enrolled and in attendance at or seeking to enroll and attend a school located in a district where such student is not a resident.

"Parent" means and includes natural parents, adoptive parents, stepparents, and foster parents.

"Person acting as parent" means:

A. A guardian or conservator; or

B. a person, other than a parent, who:

   i. Is liable by law to maintain, care for or support the child;

   ii. has actual care and control of the child and is contributing the major portion of the cost of support of the child;

   iii. has actual care and control of the child with the written consent of a person who has legal custody of the child; or

   iv. has been granted custody of the child by a court of competent jurisdiction.

"Receiving school district" means a school district of nonresidence of a student who attends school in such school district.

"Sibling" means a brother or sister of the whole or half blood, adoptive brother or sister, a stepbrother or stepsister or a foster brother or foster sister.

Determining Capacity for Nonresident Enrollment

The superintendent or designee has the responsibility for studying capacity in each school of the school district and at each grade level within each school and for making recommendations to the board regarding the district's capacity to accept nonresident students. To make recommendations to the board to assist with determining capacity, the superintendent or the superintendent's designee(s) shall do the following.

The superintendent or designee shall develop recommendations on capacity and classroom student-to-teacher ratios in each grade level in each school serving kindergarten students and students in grades one through eight. Such recommendations may be based on, but not be limited to, the following factors:

- Present classroom student-teacher ratios in each grade level in each school;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends; and

- maximum capacity of the classroom and associated learning, activity, and common area spaces.

The superintendent or designee shall develop recommendations on capacity and student-to-teacher ratios for each school building or program serving students in grades nine through twelve. Such recommendations may be based on, but not be limited to, the following factors:

- Present building or program student-teacher ratios;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends;
- anticipated demand for particular courses or programming; and
- maximum capacity of the classroom and associated learning, activity, and common area spaces.

On or before May 1st of each year, the superintendent shall present the recommendations concerning capacity and student-to-teacher ratios to the board for adoption or modification, and the board shall determine, for each grade level in each school building of the school district for the next succeeding school year, the following:

- Capacity based on the study conducted by the superintendent or the superintendent's designee;
- the number of students expected to attend school in the school district; and
- the number of open seats available to nonresidents at each grade, building, or program level.

On or before June 1st of each year, the district shall publish the number of open seats available to nonresident students in each grade level for each school building of the district for the next succeeding school year on the school district's website.

From January 1st through June 15th, district administration shall accept applications from nonresident students seeking to enroll in and attend the district in the next school year.

If the number of applications for a grade level in a school building is fewer than the number of available seats for that grade level in the school building, the nonresident students shall be accepted for enrollment and attendance at the school district, unless the nonresident student is deemed not in good standing.

If the number of applications for a grade level in a school building is greater than the number of available seats for the grade level in the school building, district administration shall randomly select nonresident students deemed in good standing using a confidential, open-seat lottery process. This process shall be completed on or before July 15th of each year.

The district shall provide to the parent or person acting as a parent of a nonresident student who was not accepted for or denied enrollment at such school district the reason for the nonacceptance or denial and an explanation of the nonresident student selection process on or before July 30th of each year.

Priority in Filling Open Seats

Regardless of capacity determinations, any nonresident student whose parent or person acting as parent is employed by the district shall be allowed to enroll as if a resident student while the parent or person acting as a parent remains employed by the district, and the student is deemed to be in good standing by district administration.

Subject to having capacity to enroll nonresident students, the district shall give priority in enrollment to the following nonresident students deemed in good standing to enroll. These students shall receive open seats without necessity of being selected through any open-seat lottery:

- Any sibling of a nonresident student who is enrolled in and attending school in the district or who is accepted to enroll in and attend school in the district, with priority given when the nonresident student is first accepted and, if necessary, at any other time the district considers transfer applications; and
- any nonresident student who is a military student as defined in K.S.A. 72-5139, with priority given when the student is first accepted and, if necessary, at any other time the district considers transfer applications.

If one of these exceptions no longer applies to the student, the student's enrollment status would be subject to review based upon the considerations for determining good standing in this policy.

Prohibitions Regarding Open Enrollment Provisions of this Policy

The district shall not:

- Charge tuition or fees to any nonresident student who transfers to the district pursuant to this policy, except fees that are otherwise charged to every student enrolled in and attending school in the district; or
- accept or deny a nonresident student transfer based on ethnicity; national origin; gender; income level; disabling condition; proficiency in the English language; or measure of achievement, aptitude, or athletic ability.

Except for a child in the custody of the Department for Children and Families or a child who is experiencing homelessness, a nonresident student shall not transfer more than once per school year to one or more receiving school districts pursuant to the provisions of this policy or authorizing Kansas law.

Transportation of Students

Neither a resident school district nor a receiving school district shall be required to provide transportation to nonresident students unless otherwise required by applicable law. If space is available on district transportation vehicles, the district may assign nonresident students an in-district bus stop to and from which transportation may be provided by the district for nonresident students. The receiving district may provide transportation from the student's residence by notifying the sending district of the receiving district's intent to provide transportation. The district shall ensure that transportation for nonresident homeless students is provided comparably to that of housed students.

KSHSAA Eligibility

Nothing in this policy or state law shall exempt a nonresident student who transfers into the district from the requirements of the Kansas State High School Activities Association ("KSHSAA") regarding eligibility to participate in KSHSAA activities.

Information Share with the Kansas State Department of Education

The superintendent shall annually submit, or have submitted, to the Kansas State Department of Education this policy, the number of nonresident student transfers approved and denied in each grade level, and whether the denials were based on capacity or in accordance with the policy's terms.

Nonresident Student Continued Enrollment

A nonresident student who has been accepted for enrollment and attendance at a district school shall be permitted to continue enrollment and attendance in the district until such student graduates from high school, reaches the age of 21 (if the student is a student with an exceptionality, not solely eligible for gifted services under an individualized education program), or receives a G.E.D., unless such student is no longer deemed by district administration to be in good standing.

Except as otherwise specified herein, nonresident students who were enrolled in and attending the district during school year 2023-2024, who were attending the district as a resident student in 2023-2024 but have since moved out of the district, or who have been accepted for enrollment by the school district on or after June 1, 2024, will be allowed to continue enrollment in the district as specified above. The district will not require parents of such students or adult or emancipated students to resubmit a new application each school year.

Determining Good Standing

Regardless of capacity to accept nonresident students at a nonresident student's grade level or in the student's designated school or program, an individual student may be denied enrollment or continued enrollment for not being in good standing. Nonresident student applicants for enrollment and nonresident students already enrolled in and attending school in the district shall be evaluated by district administration to determine standing for enrollment or continued enrollment.

Students may be denied enrollment or continued enrollment for the next school year based on the results of these evaluations. However, if the student has a disability, the student's ability to meet these expectations shall be considered prior to denying continued enrollment in the district. Similarly, administration shall consider the adverse impact of homelessness on a student's attendance and any resulting suspensions or expulsions before making a determination on the enrollment or continued enrollment of a student who is homeless. As part of this reflection, administration shall consider the obstacles a homeless student faces to arrive at school on time or each day due to housing instability, lack of transportation, or lack of other basic resources that can hinder consistent attendance.

A student meeting one or more of the following criteria shall automatically be deemed not in good standing and may be denied enrollment or continued enrollment based solely thereon.

- The nonresident student failed to maintain a 90% attendance rate in the last school year, excluding excused absences under board policy JBD and/or any relevant student handbook language;
- the nonresident student or the student's parent or person acting as a parent provided false or fraudulent information in the application process;
- the nonresident student is not a Kansas resident;
- the student is currently under a period of suspension or expulsion from any Kansas school district, and such suspension or expulsion will not expire until after the next school year has begun.
- the student has had three or more out-of-school suspensions in the current school year, excluding suspensions determined to be a manifestation of the student's disability or a failure on the part of school staff to implement an individualized education program, Section 504 plan, or behavior intervention plan; or
- the student has been given a long-term suspension or expulsion by a school district in the current school year.

Parents shall be informed of any administrative decision not to enroll or to discontinue enrollment of a nonresident student.

If district administration denies the enrollment application of a nonresident student due to the school district deeming the nonresident student as not in good standing, the parent or person acting as a parent of such student may appeal the decision to the board. A current nonresident student who is determined not to be in good standing shall not be entitled to the appeal process outlined herein.

Any student who has been denied enrollment or continued enrollment due to being deemed not in good standing may reapply for nonresident enrollment in subsequent school years.

Appeal Process

If a nonresident student's application for enrollment is denied because the student is determined not to be in good standing, the parent or person acting as a parent may appeal the administrative decision to the board.

If a parent or person acting as a parent wishes to appeal this decision, a written request for an appeal must be submitted to the clerk of the board within 10 days of receiving notice the student's application has been denied for lack of good standing. Such request shall include the individual's reasons for disagreeing with the administration's decision.

The board shall consider any appeal of these decisions and any supplemental documentation provided therewith at the next regularly scheduled board meeting following receipt of the request for appeal, and the board's designee shall notify the requestor of the result of the appeal in writing within 10 days of the board's decision thereon.

Enrollment of Out-of-State Students

If capacity for nonresident student enrollment remains after the aforementioned application, enrollment, and the disenrollment process has concluded, district administration may consider applications for enrollment submitted by students who are not Kansas residents. However, priority in enrollment shall be given to Kansas residents.

If a student who is an out-of-state resident is in good standing and has a parent or a person acting as a parent who is employed by the district, district administration may allow the student to enroll in and attend school in the district as if they were a resident of the district.

JBCD - Enrollment of Military Students

(See IIBGB, JBC, JBCA, JBCB, JBCC, and JQKA)

For the purposes of this policy, the following terms will be defined as follows:

"Military student" is a person who is a dependent of a full-time active duty member of the military service or a dependent of a member of any of the United States military reserve forces who has been ordered to active duty under 10 U.S.C. §§ 12301, 12302, or 12304, or ordered to full-time active duty for a period of more than 30 consecutive days under 32 U.S.C. §§ 502(f) or 512 for the purposes of mobilizing for war, international peacekeeping missions, national emergency, or homeland defense activities.

"Parent" means the natural parents, adoptive parents, step-parents, and foster parents.

"Person acting as a parent" means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

Enrollment of Military Students in Grades K-12

If evidence is provided that a military student's parent or person acting as a parent will be stationed at a military installation in Kansas during the current or immediately succeeding school year, the district shall enroll any military student in kindergarten or any of the grades one through 12 prior to the military student physically residing in this state, and no proof of address shall be required at the time of enrollment. Residency within the district may be required for attendance if the district does not have open seats at the time of enrollment as determined by board policy JBCC and Kansas law.

Enrollment of Military Students in District Pre-K Programs

If the district offers a pre-kindergarten program, it shall enroll any military student in a pre-kindergarten program if the military student is eligible to participate in the program and the military student or the military student's parent or person acting as a parent provides evidence that the military's parent or person acting as parent will be stationed at a military installation in Kansas during the current or immediately succeeding school year. If the district has no open seats for the program, then the military student shall be placed on a waiting list for enrollment. Proof of address shall not be required at the time of enrollment, but proof may be required for attendance.

Special Education and Section 504 Services

If the military student has an individualized education program (IEP) or a 504 plan, the district shall take appropriate measures to ensure the military student will receive the required education and related service upon attending school in the district.

JBD - Absences and Excuses

(See AEB, IHEA, JB, JBE, JBH, and JDD)

When a student is absent from school, an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

Excused/Unexcused Absences

The definition of "excused absence" includes the following:

- Personal illness;
- Health-related treatment, examination, or recuperation;
- Serious illness or death of a member of the family;
- Obligatory religious observances;
- Participation in a district-approved or school sponsored activity or course;
- Absences prearranged by parents and approved by the principal; and
- Students of active-duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

All absences which do not fit into one of the above categories would be considered an unexcused absence and would subject a student to appropriate disciplinary action. A student serving a period of suspension or expulsion from the district shall not be considered inexcusably absent.

Significant Part of a School Day

An absence of two or more hours in any school day shall be considered an absence for a significant part of the school day.

Make-Up Work

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

JBE - Truancy

(See AEB, IDCE, JBD, and JQ)

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made. The building principal shall report students who are inexcusably absent from school to the appropriate authority.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester, or seven unexcused absences in a school year, whichever comes first. Truancy shall not apply to students who have attained a high school diploma, a general educational development credential, or a high school equivalency credential. Exceptions also exist for students attending the Kansas academy of mathematics and science and for students who are part of a recognized church or religious denomination objecting to a regular public high school education under circumstances specified in state law.

For truancy purposes, being enrolled and continuously attending a public school; a private, denominational, or parochial school taught by a competent instructor for a period of time which is substantially equivalent to the period of time public school is maintained in the school district in which the private, denominational, or parochial school is located; or a combination of attendance in both a public school and a private, denominational, or parochial school may satisfy compulsory attendance requirements. School year means the period from July 1 to June 30. Students who are absent without a valid excuse for a significant part of any school day shall be given an unexcused absence for truancy accounting purposes considered truant.

Prior to reporting to either the Department for Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter shall be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a valid excuse shall result in the student being reported truant.

Waiver of Compulsory Attendance Requirements

Students 16 or 17 years of age may be exempt from compulsory attendance regulations if:

- The student is regularly enrolled in and attending a program recognized by the board as an approved alternative educational program;
- the parent(s) or person acting as parent provides written consent to allow the student to be exempt from the compulsory attendance requirement and the student and the student's parent or person acting as parent attend the counseling session required by law and signs the appropriate consent and waiver form;
- the student is not subject to truancy law in accordance with law or this policy;

- the child is regularly enrolled and continuously attending school as required by law and is concurrently enrolled in a postsecondary educational institution; or
- the student is exempt from compulsory attendance requirements pursuant to a court order.

Involvement of Law Enforcement

Law enforcement officers may return truant children to the school where the child is enrolled, to the child's parent or guardian, or to another location designated by the board to address truancy issues.

Reporting to Parents

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian.

Dual Enrollment Students

Eligible students who are enrolled in a board-approved dual enrollment program shall not be considered truant for the hours during the school day they attend classes at a Regent's university, community college, technical college, vocational educational school, or Washburn University.

JBH - Release of a Student During the School Day

(See EBB and EBBD)

Building principals shall only release a student during the school day with a written or verbal request from the student's lawful parent or person acting as a parent.

Before releasing a student during the school day, the building principal shall be responsible for verifying the identity of the person seeking release of the student.

If the principal is not satisfied with the identification provided by the person seeking release of a student or if the safety of student(s), staff members(s), or others would be endangered by orchestrating the student's release from school, the student's release may be refused.

Students shall not be allowed to run personal errands for school employees off school premises during the school day.

JCAB - Searches of Property

(See JCABB)

Principals are authorized to search property if there is reasonable suspicion that district policies, rules, or directives are being violated. In addition, all lockers shall be subject to random searches without prior notice or reasonable suspicion. All searches by the principal shall be carried out in the presence of another adult witness.

Whenever the principal is mentioned in this policy, it shall be construed to include the superintendent "or designated representative."

Search of Lockers

Lockers in the district schools shall be under supervision of the principal. Students shall have no expectation of privacy in any school locker.

The combinations and/or keys to all locker locks shall be in the possession of the principal and stored in a place designed to guard against unauthorized access or use. The principal may search any locker at any time without notice. Students shall not place locks, other than those approved by the school, on any locker.

Searches of Property

Any person other than the principal who wishes to search a student's locker or property shall report to the principal before proceeding. In no event shall any person be permitted to search a student's locker or property without the principal's consent unless the person has a valid search warrant authorizing a search.

If a law enforcement officer desiring to search a student's locker or property has a search warrant, the principal shall permit the search which shall be made in the presence of the principal.

Prohibited items found during the search shall remain in the custody of either the building principal or the law enforcement officer. If any items are turned over to law enforcement officials the principal shall receive a receipt for the items.

Use of Trained Dogs in Conducting Sweeps

At the request of the principal or on a schedule agreed upon by the service provider and the principal, law enforcement officers or licensed private agencies contracting with the school for such service, may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials, such as drugs, weapons, or other materials which may threaten the general health, welfare, and safety of the students and/or staff are present in the district parking lot, hallways, lockers, classrooms, and/or locker rooms. Students will never be sniffed by the dogs used to conduct the sweeps.

JCABB - Searches of Students

(See JCAB and JCAC)

Principals are authorized to search students if there is reasonable suspicion that district policies, rules or directives are being violated. Strip searches shall not be conducted by school authorities. All searches by the principal shall be carried out in the presence of another adult witness.

The student shall be told why a search is being conducted. The student shall be requested to empty items such as, but not limited to, pockets, purses, shoulder bags, book bags and briefcases. The principal shall attempt to call the student's parent/s and may call law enforcement. Items which the principal believes may be connected with illegal activity shall remain in the custody of the principal unless the items are turned over to law enforcement officials. If the student refuses to cooperate, the principal may take disciplinary action and/or seek assistance from law enforcement.

If law enforcement assistance is present, further search of the student shall be with cooperation and assistance of law enforcement officials. The principal shall remain with the student and be present during any search of the student made by law enforcement officials on school property. The principal shall receive and file a receipt for items turned over to law enforcement officials.

If the principal believes a student is in possession of an object which can jeopardize the health, welfare or safety of the student or others, the student shall be removed to a safe location. This determination may be based on any information received by the principal or any member of the faculty or staff.

Written documentation of each search shall be maintained by the principal.

(Whenever the principal is mentioned in this policy, it shall be construed so as to include the superintendent "or designated representative.")

JCAC - Interrogation and Investigations

(See EBC, GAAD, JCABB, JCEC and JHCAA)

Building administrators and others designated by the superintendent may conduct investigations and question students about violation of school rules or the student conduct code . Unless otherwise provided herein, such investigators shall not be required to contact the student's parent, guardian, or representative prior to questioning. If administration requests law enforcement, including a school resource officer, school security officer, or campus police officer, for assistance in conducting interviews during an investigation, administration shall contact a parent, guardian, or representative of the student prior to any questioning.

If there is reason to believe a violation of criminal law has been committed, the building administrator or the superintendent's designee shall notify the appropriate law enforcement agency of criminal conduct as provided in law, the district's juvenile justice memorandum of understanding, or board policy and may request further investigation of the alleged violation.

When a school resource officer, school security officer, or campus police officer initiates an investigation of a potential violation of criminal law by a student on the officer's own initiative and not at the request of a building administrator or the superintendent's designee, such officer will notify the building administrator and will contact the student's parent, guardian, or representative prior to initiating questioning.

Coordination with Law Enforcement

School administrators or the superintendent's designee shall meet as needed with relevant stakeholders, including law enforcement agencies, the courts, and the district and county attorneys, to discuss the district's juvenile justice memorandum of understanding to establish clear guidelines for how and when school-based behaviors are referred to law enforcement or the juvenile justice system.

Child Abuse and Identity Investigations Conducted by Law Enforcement Officers

The administration shall cooperate with law enforcement officers who are conducting investigations of suspected child abuse or neglect or concerning the student's identity. For any investigations concerning known or suspected child abuse or neglect, school staff shall follow the procedures outlined in board policy GAAD instead of the requirements of this policy.

Law Enforcement Initiated Investigations at School

In cases not involving the investigation of known or suspected child abuse or neglect or involving the student's identity, law enforcement officers shall not be permitted to initiate and conduct investigations involving the questioning of students during school hours unless the student's parent or guardian has given the school permission to allow the questioning, a valid warrant has been presented to

the building administrator for such purpose, or in demonstrated emergency situations. Contact with the parent, guardian, or representative shall be documented by the administrator involved. If a student's parent, guardian, or representative gives permission for the interview but is not present during the questioning of the student, the principal may be present unless otherwise specified in law or board policy. If a demonstrated emergency is found, the building administrator shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the building administrator is not satisfied with either the identification or the reason, the request shall not be granted. The building administrator shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

Taking Students Into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement or Department for Children and Families ("DCF") authorities pursuant to a child abuse investigation. Except as otherwise specified in this policy or as specified in a court order or arrest warrant, a reasonable effort shall be made to notify the student's parent, guardian, or representative when students are removed from school for any reason. Such notification efforts shall be documented. Parents shall not be notified by school officials when their child is taken into custody by DCF or law enforcement as a result of allegations of abuse or neglect and there is reason to believe sharing the information may lead to harm of the child or others.

When a student has been taken into custody or arrested on school premises without prior notification to the building administrator, the school staff present shall ask the law enforcement officer to notify the building administrator of the circumstances as quickly as possible and shall themselves contact the building administrator with any information they have regarding the child being taken into custody.

Disturbance of School Environment

Law enforcement officers, school resource officers, school security officers, or campus police officers may be requested to assist in controlling disturbances at school and, if necessary, to take students or other persons into custody.

Definition

For the purposes of this policy, "school security officer" and "campus police officer" are defined as outlined in Kansas statute.

For the purposes of this policy, students will not be deemed to be "taken into custody" when they are being questioned by a school resource officer, school security officer, and/or campus police officer about a violation of state law, county resolutions, city ordinances, board policy or regulation, and/or

school rules on property owned, occupied, or operated by the school district or at the site of a function sponsored by the school district.

(See GAOC and KMA)

The use, possession, or promotion of any tobacco product by any student is prohibited at all time in any district facility; in school vehicles; at school-sponsored activities, programs, or events; and on school owned or operated property.

Student violations will result in disciplinary actions as outlined by board policy and/or student handbooks. Disciplinary actions may include parent/guardian notification, participation in a tobacco and electronic nicotine delivery systems education program, referral to a cessation program, and/or community service. Student violations may be reported to law enforcement if use or possession is deemed to be illegal.

The following definitions apply to this policy.

Weapons and Destructive Devices

As used in this policy, the term "weapon and/or destructive device" shall include, but shall not be limited to:

- any weapon which will or is designed to or may readily be converted to expel a projectile by the action of an explosive;
- the frame or receiver of any weapon described in the preceding example;

- any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun.

Penalties for Weapon Violations

Possession of a weapon and/or destructive device listed under the "Weapons and Destructive Devices" heading of this policy shall result in expulsion from school for a period of one calendar year, except the superintendent may recommend this expulsion be modified on a case-by-case basis.

Possession of, handling of, and/or transmitting a weapon of a type other than described under the "Weapons and Destructive Devices" heading above, an item being used as a weapon or destructive device, or a facsimile of a weapon may result in disciplinary action up to and including suspension and/or expulsion. JCDC - Student Personal Electronic Communications Devices

(See BDA, JBD, and JDD)

Students are prohibited from using or accessing personal electronic communication devices during the school day while on district owned or operated property, except as expressly permitted by this policy or by law.

This policy does not apply to any virtual school, as defined by Kansas law.

When personal electronic communication device use is not permitted, students are allowed reasonable access to a school-provided telephone or communication device during the school day to contact a parent or person acting as a parent.

Device Storage

All student personal electronic communication devices shall be powered off and securely stored away from the student's person in an inaccessible location during the school day, unless an exception applies to this requirement as specified in this policy.

Students may choose not to bring personal electronic communication devices to school by leaving such devices at home or in a vehicle, including a vehicle located on school premises. As students will not have the ability to access or use such devices during the school day, students are encouraged to leave any personal electronic communication devices not necessary for the implementation of their Individualized Education Program (hereafter "IEP") or Section 504 accommodation plan (hereafter "504 plan"), communication during their commute to or from school, for work, or learning experience that is not located on the school premises at home. If students elect to leave such devices in their vehicle, students are encouraged to lock their vehicles to protect against theft of or damage to the devices.

Kansas law provides that the board, school district employees, and/or any agents thereof shall not be liable for any damage to personal electronic communication devices or for storage of such devices that are brought to school.

The superintendent or superintendent's designee(s) shall develop procedures to ensure all personal electronic communication devices are turned off and securely stored away from the student's person in an inaccessible location during the school day. Such procedures shall be included in student handbooks as adopted by the board and communicated to students and parents/guardians as deemed appropriate by district administration.

Definitions

For purposes of this policy, the following definitions apply:

- "Personal electronic communication device" is any wireless electronic communication device that both provides for voice, text, or video communication between two or more parties, including, but not limited to, a mobile or cellular phone, tablet, computer, watch, wireless

headphones or earbuds, text messaging device, or personal digital assistant; and is not owned or issued to students by the school district.

- "School day" is the time from the start of school until dismissal at the end of the day on the school premises, including, but not limited to, the time in any classroom, structured or unstructured learning setting, recess, lunch or passing period. The term "school day" excludes any time associated with a student's travel to or from a learning experience that is not located on the school premises, including any postsecondary educational course, career technical education course, work-based learning program, or other alternative educational opportunity.

Permitted Exception

A student may be permitted to use a personal electronic communication device during the school day under the following circumstances.

- Any student may use a personal electronic communication device during the school day if it is the intervention of last resort such that there is no other reasonable alternative option available for such student, and the use is either:
    - Required for the implementation of a student's IEP or 504 plan; or
    - Approved by a licensed physician as a medical necessity to support the health or well-being of the student.

Use During School-Sponsored Activities Before and After the School Day

Students [*may/shall not*] use or access personal electronic communication devices during school-sponsored activities, programs, or events occurring before and after the regular school day, subject to district-approved procedures, event-specific rules, and staff direction.

Enforcement and Disciplinary Action

JCE - Complaints of Discrimination

(See JDDC, JGEC, JGECA, KN, and KNA)

Complaints About Discrimination

The district is committed to maintaining a working and learning environment free from discrimination, insult, intimidation, and harassment due to race, color, religion, sex, age, national origin, or disability.

Discrimination against any student on the basis of race, color, national origin, sex, disability, or religion in the admission or access to, or treatment in the district's programs and activities is prohibited. Dr. Craig Correll, Superintendent, craig.correll@cvilleschools.com, 615 Ellis, Coffeyville, KS 67337, 620-252-6400 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

Any incident of discrimination, including acts of harassment, shall promptly be reported for investigation and corrective action by the building principal or district compliance coordinator. Any student or employee who engages in discriminatory conduct shall be subject to disciplinary action, up to and including termination from employment or expulsion from school.

Any perceived incident of discrimination in any form shall be promptly reported to the building principal, another administrator, the counselor, another certified staff member, or the district compliance coordinator for investigation and corrective action by the building or district compliance officer. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the report shall be made to the district compliance coordinator. Complaints alleging discriminatory and/or harassing conduct on the part of the superintendent shall be addressed to the board of education. Any general student complaint, not alleging an act of discrimination, shall be resolved under the district's general complaint procedures in policy KN.

Except as otherwise provided in this policy or board policies GAAC, JGEC, or KNA regarding complaints of discrimination on the basis of sex or regarding child nutrition programs, complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures.

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of such discrimination or harassment from a student, another employee, or any other individual shall inform the

individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint shall be filed in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures described herein, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity to submit written or oral evidence relevant to the complaint and to provide names of potential witnesses who may have useful information.

  A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy forwarded to the complainant and the respondent within 30 days after the filing of the complaint. If the investigator anticipates a determination will not be issued within 30 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion. In no event, shall the issuance of the written determination be delayed longer than 10 days from the conclusion of the investigation.

- If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
- If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.

- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Formal Complaint Appeal

- The complainant or respondent may appeal the determination of the complaint.
- Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or the superintendent, or by the board itself.
- The request to appeal the resolution shall be made within 20 days after the date of the written determination of the complaint at the lower level.
- The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed.
- The appeal officer will issue a written determination of the complaint's validity on appeal and a description of its resolution within 30 days after the appeal is filed.

The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education or the Kansas Human Rights Commission.

- A student who has been suspended or expelled shall be notified of the day the student can return to school.
- If the suspension or expulsion is not related to a weapons violation, the principal may establish appropriate requirements relating to the student's future behavior at school and may place the student on probation. (See JDC)

- If the expulsion is related to a weapons violation the superintendent may establish appropriate requirements relating to the student's future behavior at school and may place the student on probation if the student is allowed to return. (See EBC, JCDBB and JDC)

Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline. If a student agrees to enter and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents.

A list of area drug and alcohol counseling and rehabilitation programs, along with names and addresses of contact persons for the programs, is on file with the board clerk. Parents or students should contact the directors of the programs to determine the cost and length of the program.

Basic vision screenings shall be provided to students without charge according to the following schedule:

- Annually for every child participating in IDEA part B programs;
- At least once each school year for students in kindergarten and grades one, two, three, five, seven, and ten;
- Within the first year of enrollment in the district;
- Upon request by the parent or guardian of a student enrolled in an accredited nonpublic school who resides in the school district.

These basic vision screenings shall be performed by a vision screener designated by the board, who shall follow current state vision screening guidelines for performing the screenings. The results of the screening and, if necessary, referral for an examination by an ophthalmologist or optometrist shall be reported to the parents or guardians of the student. Any referral shall not show a preference in favor of any particular ophthalmologist or optometrist to provide an additional examination.

While not part of the board provided vision screening program, each student needing assistance in achieving mastery of basic reading, writing, and mathematics skills shall be encouraged to obtain an eye examination by an optometrist or ophthalmologist to determine if the student suffers from conditions impairing the ability to read. Expense for such an examination, if not reimbursed through Medicaid, private insurance, or any other governmental or private program, shall be the responsibility of the student's parent or guardian.

Hearing Screening

Each year hearing screening procedures will be conducted for students in their first year of school attendance in the district. Such procedures will be provided for other students at a frequency of not less than once every three years unless otherwise specified by state law. Students known to have hearing

difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

Under certain conditions, hearing screening services are provided for students residing within district boundaries who are enrolled in accredited non-public schools. These services are coordinated between the administration of the accredited nonpublic school and district administration and require a request from the student's parent or guardian. Implementation of the program for nonpublic school students follows the same guidelines as for district students.

The results of the test and, if necessary, the desirability of examinations by a qualified physician shall be reported to the parents or guardians of students screened.

Dental Screenings

Free dental inspections will be provided to students annually, planned for by designated school staff, and conducted by appropriate dental care providers. Students presenting a certificate from a legally qualified dentist providing that a dental examination was completed in the three months prior to the school dental inspection need not be provided with an inspection.

A certificate of the result of a school dental inspection, together with suggestions of requirements for the curing of any defects found, shall be made by the dental care provider making such inspection. One copy of this certificate is to be furnished to the child examined, and another will be filed with the clerk of the board. No dental work other than the inspection and provision of the certificate shall be performed by the examining dental care provider without the consent of the parents or guardian of the child.

Selected Screenings

Other screening procedures may be deemed appropriate and beneficial to students. Designated staff will assist in the planning and implementation of other screening programs following standard procedures.

Screening results and referrals, when necessary, will be communicated to parents.

In accordance with state law, the parent or guardian of any child entering school for the first time shall be informed of the availability of sickle cell screening and of the location of the nearest facility providing blood tests for sickle cell trait and sickle cell anemia.

their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator, investigator, appeal decision-maker, or formal resolution facilitator.

Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school, and other similar measures. The supportive measures provided to the complainant or respondent by the district must remain confidential to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

"Title IX Coordinator" is the individual designated at the district level who has the responsibility to coordinate compliance with Title IX of the Education Amendments of 1972. Reporting of Sex-Based Discrimination, including Sexual Harassment

The district takes all reports of sex-based discrimination, including sexual harassment, seriously and will respond meaningfully to every such report of which the district has actual knowledge.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Any person may make a verbal or written report of sex discrimination by any means and at any time.

Any act of retaliation or discrimination against any person who has opposed discrimination; filed a complaint; or testified, assisted, or participated in any investigation, proceeding, or appeal involving sex-based discrimination, including sexual harassment, is prohibited. The district will take appropriate available action to address retaliation, which may include student or employee discipline procedures.

It shall be a violation to discourage a student or an employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy shall result in appropriate disciplinary action.

False or malicious complaints of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the complainant.

False statements made in the course of an investigation of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the individual.

Complaint Process for Sex-Based Discrimination (Not Sexual Harassment)

Complaints of sex-based discrimination that do not allege sexual harassment will be investigated through the complaint procedure outlined in policy KN to determine whether, under the totality of the circumstances, the alleged behavior constitutes a violation of this policy.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in appropriate discipline.

Grievance Process for Sexual Harassment

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the Title IX Coordinator, the employee's supervisor, or other designated district official. Employees who fail to appropriately report complaints or incidents of sexual harassment to the Title IX Coordinator, their supervisor, or other designated district official may face disciplinary action.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education.

The Title IX Coordinator, any investigator, decision-maker, appeal decision-maker, or any informal resolution facilitator shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias.

Investigators shall receive training on issues of relevance of questions and evidence in order to create investigative reports that fairly summarize relevant evidence. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Within 10 business days of any reports of sexual harassment, the Title IX Coordinator shall contact the complainant and discuss the availability of supportive measures, with or without the filing of a formal complaint; consider the complainant's wishes as to supportive measures; and inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Informal Resolution Process for Sexual Harassment Complaints

At any time during the formal complaint process regarding alleged sexual harassment and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process requires:

- The informal resolution facilitator is to be a trained educational professional, consultant, or other individual selected by the Title IX Coordinator who has received training on their role;
- the parties to be provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- at any time prior to agreeing to a resolution, any party to have the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and to be informed of any consequences resulting from participating in the informal resolution process;
- that the parties voluntarily consent, in writing, to the informal resolution process; and
- that the informal resolution process is not used to resolve allegations that an employee has sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the agreement, provide a copy of the agreement to both parties, and forward it to the Title IX Coordinator. If the matter is not resolved, the informal resolution facilitator will notify the Title IX Coordinator, who will resume the formal complaint process.

Formal Grievance Process for Sexual Harassment Complaints

No formal investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

The procedures for filing a formal complaint are as follows.

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been

adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.

- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

Upon receipt of a formal complaint, the Title IX Coordinator shall either dismiss the formal complaint or initiate the formal grievance process by providing notice to the parties of the complaint.

Dismissal of a Formal Complaint of Sexual Harassment

The Title IX Coordinator must dismiss the complaint if it is determined that:

- Even if all the facts alleged are true, the conduct alleged in the formal complaint would not constitute sexual harassment as defined herein;
- the conduct did not occur in the recipient's education program or activity; or
- the conduct did not occur against a person in the United States.

During the course of the formal grievance process, the Title IX Coordinator may dismiss the complaint if:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled in or employed by the district; or
- specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal of a complaint, the Title IX Coordinator must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Dismissal of a formal complaint does not preclude an investigation or disciplinary action under another district policy.

Initiation of Formal Grievance Process for Sexual Harassment Complaints

Upon filing of a formal complaint of sexual harassment, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
    - the identities of the parties involved, if known;
    - the conduct allegedly constituting sexual harassment; and
    - the date and location of the alleged incident, if known.

- The district's investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, the Title IX Coordinator shall provide notice of the additional allegations to known parties.

Formal Complaint Investigations Regarding Sexual Harassment

To ensure a complete and thorough investigation of any sexual harassment complaint and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied by an advisor of their choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party or witness is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint of sexual harassment, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondents;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

The investigator shall prepare an initial investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors simultaneously.

The parties shall have 10 days to submit a written response to the initial report for the investigator's consideration.

Following the opportunity for the parties and their advisors to review and respond to the initial report, the investigator shall submit a final report to the parties and the Title IX Coordinator simultaneously. Upon receipt, the Title IX Coordinator shall provide a copy of the final report and supporting documentation to the decision-maker.

Decision-Maker's Determination Regarding Sexual Harassment Complaints

Upon receiving the investigator's final report, but prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with any answers provided, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- include the findings of fact supporting the determination;
- address any district policies and/or conduct rules which apply to the facts;
- a statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- the procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend that, based on respondent's action, respondent be subject to disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in disciplinary action.

A copy of the written determination shall be provided to both parties and the Title IX Coordinator simultaneously.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

If the formal grievance process determines the actions constituted sexual harassment in violation of this policy, the respondent shall be subject to disciplinary action, up to and including termination for employees or expulsion for students. If the formal grievance process determines the actions were in violation of other policies but do not constitute sexual harassment, the respondent may be subject to discipline under those policies.

If it is determined that sexual harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Appeals Regarding Sexual Harassment Complaints

The complainant or respondent may appeal the decision-maker's determination regarding responsibility of a sexual harassment complaint or a dismissal of a formal complaint, on any of the following:

- Procedural irregularity that affected the outcomes;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal of the complaint was made that could affect the outcome; and/or
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the investigator, the decision-maker, or informal resolution facilitator that participated in any level of the grievance process that led to the original determination.

The Title IX Coordinator shall notify the parties in writing of the filing of an appeal and implement appeal procedures equally for both parties.

The appeal decision-maker shall give the parties an equal opportunity to submit a written statement in support of, or challenging, the outcome of the determination regarding responsibility. Within 30 days after the appeal is filed, the appeal decision-maker shall issue a written decision, including the rationale for the decision, and

provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Recordkeeping

Records relating to sexual harassment complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

Dissemination of Policy

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be published in district handbooks and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting informational notices in district or school publications, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees.

In addition, the district is required to include a statement of nondiscrimination in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Response to Harassment Complaints

The district takes all reports of sexual harassment seriously and will respond meaningfully to every report of discrimination based on sex, including sexual harassment, of which the district has actual knowledge. Any students who believe that he or she has been subjected to sexual harassment should report the alleged harassment to the building principal, another administrator, the guidance counselor, the Title IX Coordinator, or another licensed staff member. All employees receiving reports of sexual harassment from a student shall notify the Title IX Coordinator.

Definitions

The following definitions apply to the district in responding to complaints of sexual discrimination including sexual harassment as defined by Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination.

The "complainant" means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

The "decision-maker" reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.

"Domestic violence" includes crimes of violence committed by a person who is a current or former spouse, partner, person with whom the victim shares a child, or who is or has cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under Kansas or applicable federal law, or by any other person against an adult or youth victim having protection from such person's acts by Kansas or applicable federal law.

A “formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

The “investigator” is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report.

A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual assault” means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

The “Title IX Coordinator” is the individual designated at the district level who has responsibility to coordinate compliance with Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the Kansas Act Against Discrimination. The Title IX Coordinator’s responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance, creating systems to centralize records, gathering relevant data, contacting the complainant (and/or parents or guardians, if applicable) once the district has actual knowledge of alleged sexual harassment, coordinating the implementation of supportive measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies are implemented.

The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates an informal resolution process shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias.

Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor, building administrator, or Title IX Coordinator. Employees who fail to report complaints or incidents of sexual harassment to appropriate district officials may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.

The Title IX Coordinator shall promptly respond in a meaningful way to any reports of sexual discrimination including sexual harassment of which the district has actual knowledge as follows:

- Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant's wishes as to supportive measures; and
- Inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Supportive Measures

The district will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party. "Supportive Measures" shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the district's educational environment, or to deter sexual harassment. These measures may include counseling, extensions of deadlines or course-related adjustments, modifications of work or class schedules, escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring, and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Formal Complaint

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- An investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

Formal Complaint Notice Requirements

Upon filing of a formal complaint, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:

    - the date and location of the alleged incident, if known.

- An explanation of the district's investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

Formal Complaint Investigation Procedures

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied with an advisor of the party's choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondents;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

Formal Complaint Investigation Report

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors for review and response.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator's consideration.

Decision-Maker's Determination

Upon receiving the investigator's report, the decision-maker must make a determination regarding responsibility and afford each party the opportunity to submit written, relevant questions that the parties want asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- Describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- Include the findings of fact supporting the determination;
- Address any district policies and/or conduct rules which apply to the facts;
- A statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- The procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees. Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made. The Title IX Coordinator is responsible for the effective implementation of any remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined inboard policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed; or on the date the opportunity for an appeal expires.

Appeals

The complainant or respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

- Procedural irregularity that affected the outcomes;
- New evidence that was not reasonably available at the time that could affect the outcome; and/or
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.
The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator's report, and the original decision-maker's determination;
- Notify both parties in writing of the filing of an appeal and give an opportunity to submit further evidence in writing;
- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
- Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the investigation of the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process;
- The parties voluntarily and in writing consent to the informal resolution process; and
- The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20 days after the informal resolution document is executed, the individual or the Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies, including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

The filing of a complaint or otherwise reporting sex discrimination including sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving sex discrimination, including sexual harassment, is prohibited. Any

person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be posted in each district facility shall be published in student handbooks, and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting informational notices, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees. In addition, the district is required to include a statement of nondiscriminatory policy in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

JGECA - Racial and Disability Harassment: Students

(See GAACA, GAAB, GAF, JDDC and KN)

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment, on the basis of race, color, national origin, or disability. Discrimination or harassment on the basis of race, color, or national origin ("racial harassment") or on the basis of disability ("disability harassment") shall not be tolerated in the school district. Racial or disability harassment of employees or students of the district in any district education program or activity is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial or disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

It shall be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Prohibited conduct under this policy includes racially or disability-motivated conduct which:

- Affords a student different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the student to participate in or benefit from the services, activities or programs of the school;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment; or
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with a student's academic performance or ability to participate in or benefit from the services, activities or programs of the school.

Racial or disability harassment may result from verbal or physical conduct or written graphic material.

The district encourages all victims of racial or disability harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of racial or disability harassment and take prompt corrective action to end the harassment.

Any student who believes he or she has been subject to racial or disability harassment or has witnessed an act of alleged racial or disability harassment, should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any

school employee who receives a complaint of racial or disability harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. The building principal shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure in policy KN.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definition outlined above. Unacceptable student conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially or disability motivated.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

An employee who witnesses an act of racial or disability harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of racial or disability harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the compliance coordinator shall report such conduct to the appropriate law enforcement or DCF authorities.

To the extent possible confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial or disability harassment shall not reflect upon the student's status or grades. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving a racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy shall be posted in each district facility and shall be published in student handbooks and on the district's website as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually, if applicable.

JGFG - Student Accidents and Health Emergencies

When a staff member becomes aware that a student has been involved in an accident or is in need of emergency care at school, on school property, or at a school-sponsored activity, the staff member shall follow the rules for the care of an injured student and shall report the accident to the building principal. If a student has an accident which appears to require medical treatment, an employee shall send for medical help and try to make the student as comfortable as possible while waiting for medical assistance to arrive.

When appropriate, the student's parent(s) shall be notified of the student's condition as soon as possible to determine appropriate action. If the student needs medical attention, and the parents cannot be reached, the principal shall seek emergency medical treatment.

Emergency Care

At the scene of an emergency or accident when medical help is not readily available to assist in the care of an injured student, an employee may render emergency care or assistance, including, but not limited to, first aid, as deemed reasonably necessary until medical help arrives. Kansas law provides protection from civil liability for any person who, in good faith and without compensation, renders emergency care or assistance to any person, including a minor without first obtaining the consent of the parent or guardian of such minor, at the scene of an emergency or accident. However, this protection does not extend to individuals whose acts or omissions in rendering emergency care in these circumstances were grossly or wantonly negligent.

Records

Appropriate records documenting student accidents shall be maintained.

JGFGA - Administration of Emergency Opioid Antagonists

Kansas law creates standards governing the use and administration of emergency opioid antagonists approved by the U.S. Food and Drug Administration ("FDA") to inhibit the effects of opioids and for the treatment of an opioid overdose. Any first responder or school nurse is authorized to possess, store, distribute, and administer emergency opioid antagonists as clinically indicated, provided that all personnel with access to emergency opioid antagonists are trained in proper protocol.

Similarly, Kansas law allows a patient or bystander (meaning a family member, friend, caregiver, or other person in a position to assist a person who the bystander believes to be experiencing an opioid overdose) to acquire and utilize emergency opioid antagonists.

Therefore, to further prioritize student health and safety in its schools, programs, and activities, the district shall obtain, store, and administer the emergency opioid antagonist Naloxone, which is commonly known by the brand name Narcan, for emergency use in its schools. A stock supply of Naloxone may consist of one or more standard-dose prepackaged nasal spray devices. The school nurse and other properly trained and designated district staff members may administer such medication in emergency situations to an individual who displays the signs and symptoms of opioid overdose at school, on school property, or at a school-sponsored event if such school nurse or designated school staff member reasonably believes that an individual is exhibiting the signs and symptoms of an overdose. Opioid antagonists may be available during the regularly scheduled school day. They may be available at other times at the discretion of the superintendent.

The board establishes the following rules governing the utilization and administration of emergency opioid antagonists, such as, but not necessarily limited to, Naloxone, by members of district staff.

Training

If obtaining the emergency opioid antagonist through a pharmacy, the providing pharmacy of the emergency opioid antagonist (hereafter "the product") shall provide written education and training materials to the individual to whom the product is dispensed. First Aid for Opioid Overdose must be obtained by each school nurse and other staff members designated by the superintendent to respond to potential opioid overdose situations. In addition, all district staff members with access to emergency opioid antagonists shall be trained, at a minimum, on the following:

- Techniques to prevent opioid overdose, to recognize signs of such an overdose and to effectively respond thereto;
- Standards and procedures to safely store the emergency opioid antagonist where readily accessible to the school nurse, if applicable, or other designated school staff members responsible for distribution and administration of the emergency opioid antagonist;

- Spotting potential side effects or adverse events that may occur as a result of administering an emergency opioid antagonist;
- Emergency follow-up procedures, including the requirement to summon emergency medical services either immediately before or immediately after administering an emergency opioid antagonist to a patient;
- Inventory requirements, recordkeeping, and reporting any administration of an emergency opioid antagonist to the school nurse or another healthcare provider; and
- Availability of drug treatment programs.

District staff members personally acquiring such products for use as a patient or bystander are encouraged to inform the school nurse or the superintendent's designee, so that they may be trained in proper protocol and included in the school or district's crisis response plan regarding potential opioid overdose.

Procurement of the Product

The school nurse or other staff member(s) designated by the superintendent will be responsible for the procurement of the product.

Storage

The following storage protocols shall be followed:

- The product will be clearly marked and stored in an accessible place at the discretion of the school nurse or the superintendent's designee.
- The product will be stored in accordance with the manufacturer's instructions to avoid extreme cold, heat, and direct sunlight.
- Inspection of the product shall be conducted at least quarterly.
- The individual responsible for the product's safekeeping shall check, document, and track the expiration date found on the box. Pursuant to Kansas law, "emergency opioid antagonist" is defined to include an expired emergency opioid antagonist up to 10 years past the products expiration date. Therefore, the individual responsible for the product's safekeeping shall replace the product on or before the 10th anniversary of its expiration date.

Use of the Product

In case of a suspected opioid overdose, the school nurse, designee, or other individual shall follow the protocols outlined in the training or product instructions in administering the product.

Follow-up

- After administration of the product, the school nurse, or other designated staff, will report appropriate information to emergency services, parents (guardians), central office personnel, and if determined necessary, the patient will be transported to a hospital.
- The school nurse or other designated staff will complete the designated incident report and file the report with the school nurse or district office, whichever is applicable.

Limitations on School Nurses

While Kansas law supports the use of emergency opioid antagonists for up to 10 years after their expiration dates, school nurses are not to prescribe, dispense, distribute, or furnish expired emergency opioid antagonist, in order to protect their professional licenses.

Gifts, Grants, and Donations

The board is authorized by law to accept monetary gifts, grants, and donations to provide a stock supply of Naloxone for emergency use in its schools or may accept Naloxone nasal spray devices from manufacture or wholesalers.

Protection from Liability

Any patient, bystander, school nurse, a first responder, or technician operating under a first responder agency, who, in good faith and with reasonable care, receives and administers an emergency opioid antagonist pursuant to this policy to a person experiencing a suspected opioid overdose shall not, by an act or omission, be subject to civil liability or criminal prosecution, unless personal injury results from the gross negligence or willful or wanton misconduct in the administration of the emergency opioid antagonist.

Publish Policies and Procedures

The district shall publish information related to its Naloxone policies and procedures in student handbooks and any other locations, as determined by appropriate by the superintendent.

JGFGAA - Stock Supply of Emergency Medication

Any school may maintain a stock supply of emergency medication, such as epinephrine and/or albuterol, upon obtaining a prescription from a physician, certified nurse-midwife, a licensed advanced practice registered nurse, or a licensed physician assistant.

A stock supply of epinephrine may consist of one or more standard-dose or pediatric-dose epinephrine delivery systems. A school nurse or designated school personnel may administer epinephrine in an emergency situation to any individual who displays the signs and symptoms of anaphylaxis at school, on school property or at a school-sponsored event if the staff member reasonably believes that an individual is exhibiting the signs and symptoms of an anaphylactic reaction.

A stock supply of albuterol may consist of one or more albuterol metered-dose inhalers, one or more doses of albuterol solution and one or more spacers or nebulizers. A school nurse or designated school personnel may administer albuterol in an emergency situation to any individual who displays the signs and symptoms of respiratory distress at school, on school property or at a school-sponsored event if the staff member reasonably believes that an individual is exhibiting the signs and symptoms of respiratory distress.

A school that maintains a stock supply of emergency medication shall adhere to the following requirements and establish procedures in accordance therewith:

- The emergency medication will be stored in a safe location that is readily accessible to the school nurse or designated school personnel in accordance with manufacturer temperature recommendations;
- The school nurse or designated school personnel shall periodically monitor the inventory and expiration dates of the emergency medication;
- Emergency medication shall only be administered by designated school personnel; and
- Training requirements for designated school personnel shall be conducted as outlined in this policy.

Information related to the school's emergency medication policies and procedures shall be published on the district's website and the student handbook.

A school may accept monetary gifts, grants, and donations to carry out the provisions of this section or may accept epinephrine delivery system, albuterol metered-dose inhalers, albuterol solution, spacers, or nebulizers from a manufacturer or wholesaler.

Training

Training shall be conducted by a school nurse, physician, or mid-level practitioner at least annually for designated school personnel. Such training shall include, but may not be limited to, the following:

- Recognition of the symptoms of anaphylaxis and respiratory distress;
- Administration of emergency medication;
- Calling for emergency medical system responders;
- Monitoring the condition of an individual after emergency medication has been administered;
- Notification of the parent, guardian, or next of kin; and
- Safe disposal and sanitation of used equipment.

The school shall maintain records of the training provided to designated school personnel.

Use of Stock Medication

If epinephrine or albuterol is administered in an emergency situation, the school nurse, designee, or other individual shall follow the protocols outlined in the training or product instructions.

Follow-up

After administration of the emergency medication, the school nurse or other designated staff member will report appropriate information to emergency services, parents or guardians, central office personnel, and, if determined necessary, the patient will be transported to a hospital.

The school nurse or other designated staff member will complete an incident report and file the report with the school nurse or district office, whichever is applicable.

Protection from Liability

The practice of the healing arts shall not be construed to include any person administering epinephrine or albuterol in emergency situations to an individual if:

- The person administering the epinephrine reasonably believes that the individual is exhibiting the signs and symptoms of an anaphylactic reaction; or
- The person administering the albuterol reasonably believes that the individual is exhibiting the signs and symptoms of respiratory distress;
- A physician or mid-level practitioner, after reviewing the school's policies and procedures, has authorized, in writing, the school to maintain a stock supply of emergency medication; and

- The emergency medication is administered at school, on school property or at a school-sponsored event.

Any person who in good faith renders emergency care or treatment, without compensation, through the administration of emergency medication to an individual at school, on school property, or at a school-sponsored event, and any school that employs or contracts such person shall not be held liable for any civil damages as a result of such care or administration or as a result of any act or failure to act in providing or arranging further medical treatment when the person acts as an ordinary reasonably prudent person would have acted under the same or similar circumstances.

KASB Recommendation – 12/24; 6/26

JGFGB - Supervision of Medications

(See JGFGBA)

The supervision of medications shall be in strict compliance with the rules and regulations of the board as carried out by district personnel. Diagnosis and treatment of illness and the prescribing of drugs and medicines are not the responsibility of the public schools and are not to be practiced by any school personnel, including school nurses, unless authorized. No medications shall be dispensed or administered if prohibited by state law.

In certain circumstances when medication is necessary for the student to remain in school, the school may cooperate with parents in the supervision of medication that the student will use. However, the medical person authorized to prescribe medication or the parent if it is a non-prescription medication must send a written order to the building administrator who may supervise the administration of the medication or treatment. The parents must submit a written request to the building administrator requesting the school's cooperation in such supervision and releasing the school district and personnel from liability.

School personnel shall not be required to be custodians of any medication except as required by a written order of a licensed medical person or in the case of nonprescription medication when requested in writing by the parents.

The medication shall be examined by the school employee administering it to determine that it appears to be in the original container, to be properly labeled, and to be properly authorized by the written order of licensed medical person. Two containers, one for home and one for school, should be requested from the pharmacist.

Any changes in type of drugs, dosage, and/or time of administration should be accompanied by updated physician and parent permission signatures and a newly labeled pharmacy container.

All medication maintained in the school setting should be kept in a locked container. This includes medication requiring refrigeration.

Medications should be inventoried every semester. Out-of-date stock should be returned to the parent or destroyed.

Over-the-counter medications should not be maintained on any school premises, including athletic areas, unless written parent permission to administer is obtained.

The building administrator may choose to discontinue the administration of medication provided that the parents or medical person are notified in advance of the date and the reasons for the discontinuance.

After medication is administered, students should be observed for possible reactions to the medication. This observation may occur at the site of administration or in the classroom as a part of the normal routine.

This policy shall be shared with all local physicians and dentists where practicable. Forms should also be made available to the health care providers in the community.

An individual record should be kept of each medication administered. The record should include student identification, date prescribed, name of medication, time and date(s) administered, signature of person administering and section for comments.

In the administration of medication, the school employee shall not be deemed to have assumed any legal responsibility other than acting as a duly authorized employee of the school district.

The self-administration of medication is allowed for eligible students in grades K–12. As used in this policy, medication includes, but is not limited to, a medicine for the treatment of anaphylaxis or asthma listed in current federal regulation as an inhaled bronchodilator or epinephrine delivery system. Self-administration is the student's discretionary use of an approved medication for which the student has a prescription or written direction from a healthcare provider.

As used in this policy, "healthcare provider" means a physician licensed by the state board of healing arts to practice medicine and surgery or a mid-level practitioner as defined in state law.

The student's parent or guardian shall annually complete and submit to the school any written documentation required by the school, including the treatment plan prepared by the student's healthcare provider. Permission forms shall be updated {during enrollment/or_____}.

Employee Immunity

Waiver of Liability

The student's parent or guardian shall sign a statement acknowledging that the school district and its officers, employees, or agents incur no liability for damage, injury, or death resulting directly or indirectly from the self-administration of medication and agreeing to release, indemnify, and hold the district and its officers, employees, and agents harmless from and against any claims relating to the self-administration of medication allowed by this policy.

Additional Requirements for Students Prone to Specified Emergencies

- The school district shall require that any back-up medication provided by the student's parent or guardian be kept at the student's school in a location to which the student has immediate access if there is an asthma or anaphylaxis emergency;
- The school district shall require that necessary and pertinent information be kept on file at the student's school in a location easily accessible if there is an asthma or anaphylaxis emergency;
- Eligible students shall be allowed to possess and use approved medications at any place where the student is subject to the jurisdiction or supervision or the school district, its officers, employee, or agents; or
- The board may adopt policy or handbook language which imposes additional requirements relating to the self-administration of medication allowed for in this policy and may establish a procedure for, and the conditions under which, the authorization for student self-administration of medication may be revoked.

Over-the-Counter Medications

A student may self-administer specified over-the-counter medications with written parental authorization on file in the school office.

The student's parent or guardian shall sign a statement acknowledging that the school district and its officers, employees, or agents incur no liability for damage, injury, or death resulting directly or indirectly from the self-administration of over-the-counter medication and agreeing to release, indemnify,

and hold the district and its officers, employees, and agents harmless from and against any claims relating to the self-administration of medication allowed by this policy.

Misuse of Medications

Self-administration of any medication, including prescription and over-the-counter medication, at a dosage or rate exceeding product label instructions may result in denial of the privilege to self-administer any medication and/or disciplinary action as outlined in policy JDDAA.

KK - Disposal of District Property

(See DFM)

Except when disposing of a building as defined herein, the board may dispose of district property in a manner the board deems to be in the district's best interest. Whenever such excess district property is to be sold at auction, all sales shall be to the highest bidder. No credit shall be extended.

When disposing of any school district property, neither the board nor its agent shall refuse to sell, lease, or convey any interest in a building or property to a prospective buyer or lessee solely because the prospective buyer or lessee may use or intends to use the building or property as a nonpublic school building.

Disposal of a School District Building

For the purposes of this policy, terms have the following meanings.

- "Building" means any building that was used in any prior school year as an attendance center for students enrolled in kindergarten or any of the grades one through 12.
- "State agency" means any state agency, department, authority, institution, division, bureau, or other state governmental entity.

Within 30 days after the board of education adopts a resolution to dispose of a building, the board shall submit written notice of its intention to dispose of such building to the legislature. Such notice shall be filed with the chief clerk of the house of representatives and the secretary of the senate and shall contain the following:

- A description of the school district's use of such building immediately prior to the decision to dispose of such building;
- the reason for such building's disuse and the decision to dispose of such building;
- the legal description of the real property that is to be disposed; and
- a copy of the resolution adopted by the board of education.

Upon receipt of the notice, the legislature may adopt a concurrent resolution stating the legislature's intention that the state acquire the building in the following manner. Such concurrent resolution shall include:

- The name of the school district that owns such building;
- the information contained in the written notice as outlined herein; and
- the state agency that intends to acquire such building and the intended use of such building upon acquisition.

If the notice is received by the legislature during a regular legislative session, the legislature shall have 45 days to adopt such a concurrent resolution.

If the notice is received when the legislature is not in regular session, then, not more than 45 days after the notice is received by the legislature, the legislative coordinating council may deny the legislative option for the state to acquire the building. If the legislative coordinating council denies this option, the district may proceed with disposing of the building in accordance with Kansas law. If the legislative coordinating council does not deny the option for the state to acquire the building within the 45-day period, then the legislature shall have 45 days from the commencement of the next regular session to adopt a concurrent resolution as outlined herein.

Upon adoption of a concurrent resolution, the state agency named in such resolution shall have 180 days to complete the acquisition of such building and take title to the real property. Upon request of the state agency acquiring the building, the legislative coordinating council may extend the 180-day period for a period of not more than 60 days.

The board shall not sell, gift, lease or otherwise convey the building or any of the real property described in the written notice or take any action or refrain from taking any action that would diminish the value of such property during the 180-day period or any extension thereof.

If the legislature does not adopt a concurrent resolution as described herein within the 45-day period or if the state agency does not take title to the property within the 180-day period or any extension thereof, the school district may proceed with disposition of such property in such manner and upon such terms and conditions the board deems to be in the best interest of the district. Conveyances of buildings and real property described on any legislative notice described herein shall be executed by the president of the board and attested to by the clerk.

School district buildings not meeting the definition of "building" as defined herein, may be disposed of in any manner deemed to be in the best interest of the district by the board, without need for legislative notice under this policy.

In accordance with Kansas law, off-duty law enforcement officers identifying themselves as such upon entry into a district building cannot be requested or required to provide or record personal information such as their email address, home phone number, or home address. Nor shall such officers be required to wear any item identifying them as a law enforcement officer or as being armed. School personnel may request to see the identification required by such officer's law enforcement agency to verify the individual is a law enforcement officer.

The principal has authority to request assistance from law enforcement if any visitor to the district's buildings or grounds refuses to leave or creates a disturbance. Violation of this rule may lead to removal from the building or grounds and denial of further access to the building or grounds. Violators of this board policy may be subject to the state trespass law.

KN - Complaints

(See BCBI, DE, GAAC, GAACA, GAAB, GAAF, IF, IKD, JCE, JGEC, JGECA, and KNA)

General Complaints

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. If the investigation and determination procedures of a complaint are not regulated in another board policy or the negotiated agreement, as applicable, it will be designated a general complaint subject to processing under this policy. Whenever a general complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution pursuant to the procedures outlined in this policy.

Informal Procedures

The building principal shall attempt to resolve general complaints in an informal manner at the building level. Any school employee who receives a general complaint shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. Upon becoming aware of a complaint, the building principal shall, within a reasonable time, but without delay, discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution and forward this record to the district compliance coordinator.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint shall be filed within 10 school days of the conclusion of the informal procedures. The formal complaint shall be in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity

to submit written or oral evidence relevant to the complaint and to provide the names of potential witnesses who may have useful information.

- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator and forwarded to the complainant and the respondent. If the investigator anticipates a determination will not be issued within 45 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion.
    - If the investigation results in a recommendation that a student or staff member be subject to discipline, the specifics will not be included in the written determination provided to the parties to protect the privacy rights of the student or staff member.
    - If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
    - If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Appeal Procedures

The complainant or respondent may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or superintendent, or by the board itself. The request to appeal the determination shall be made within 20 days after the date of the written determination of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. Whenever an appeal officer is appointed to review an appeal, the appeal officer will prepare a written report to the board within 30 days after the appeal is submitted for decision. The board shall render its decision not later than the next regularly scheduled meeting of the board following the receipt of the report and provide the parties with notice of the result of the appeal. Any matter determined by the board in accordance with this process shall be valid to the same extent as if the matter were fully heard by the board without an appeal officer.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

If it is determined at any level that a violation of board policy or school rules occurred, the district will take prompt, remedial action to prevent reoccurrence. The district prohibits retaliation or discrimination against any person for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Complaints Against the Superintendent

A complaint against the superintendent shall be filed in writing with the clerk of the board of education as soon as possible after the conduct occurs that led to filing a complaint but not later than 20 days after the complainant becomes aware of the alleged violation, unless the conduct forming the complaint is ongoing. If appropriate, the board, or the board's designee, shall investigate the complaint. If the board appoints a designee to conduct the investigation, the designee shall submit a report of the designee's findings upon which the board will decide the complaint. The board shall review the report and decide the matter as soon as reasonably possible but not later than sixty (60) days after the complaint is filed. After the board has reviewed the report, it may, in its sole discretion, request a meeting with the investigator or any party. The board may extend the timeframe for issuing a decision by providing the complainant with written notice of the proposed decision date. There is no appeal from the board's decision.
