Business/Marketing

Baked with Love, Served with Joy

Business Management students are opening Nana's Pantry a raising funds enterprise to support FBLA. The bake-sale-style student store where they'll gain work-based learning experience by managing the shop, serving customers, and tracking sales. They will gain real-world experience in management skills, customer service, and recording business transactions.

Friend-raising

On October 19, FBLA members gathered for a chapter meeting as part of their recruiting efforts. Each member brought a friend to introduce them to the chapter. The meeting gave friends a chance to learn about FBLA and connect with its members.

A Cut Above

Darwin Darus, Vice President, is the MALC FBLA Member of the Month, for taking on the role of Competition Coach.

News and Accomplishments

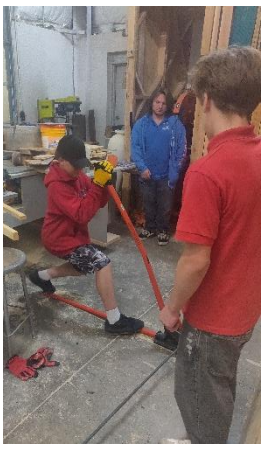

Construction Technologies

Firm Foundations

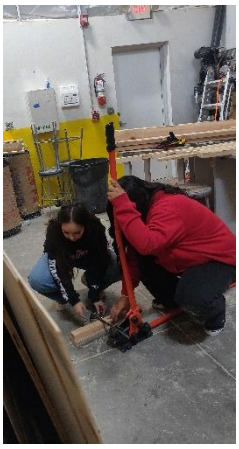

Mr. Green and Mr. Zapien are teaching construction students to build floor systems and prepare frames and rebar for concrete. This hands-on work aligns with Arizona CTE standards for floor construction and preparing to form and place concrete.

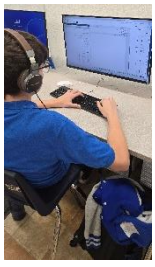

Coding

Coded to Fly

In Mrs. Darrow's Coding class, students are learning Python and writing and fixing code in a program editor. Next, they'll test whether they can code a drone to do exactly what they tell it to. This work matches Arizona CTE standards for learning programming languages, editing code, and testing robotic tasks to make them better.

News and Accomplishments

Culinary Arts

Melted Masterpieces

In culinary class, Mrs. Ursini organized teams that worked together to make quesadillas, practicing communication and following recipe directions in alignment with Arizona CTE Culinary standards like applying recipe fundamentals. As they cooked, students applied hot-food skills and examined how their preparation choices shaped the finished product.

Pancake Chatter

Culinary 2 students played a cooking game that called for creative communication as they worked together to make chocolate chip pancakes. By following recipe directions and cooking pancakes on a hot surface, students practiced several culinary skills.

Fashion Design

Sew Excited

Fashion Design 1 students are getting ready to create their first garment. They have planned their designs and created their patterns and now they will choose fabrics and begin cutting. This hands-on project connects to Arizona CTE standards for garment planning, fabric selection, and reducing waste during cutting.
