Springfield Public Schools
Bus Pass Electronic Tracking Opt-Out Form

Springfield Public Schools uses the **Stopfinder Student Ridership** system by Transfinder to enhance the safety and accountability of student transportation.

Students who ride district school buses are issued a Bus Pass containing a passive RFID (Radio Frequency Identification) badge. The badge is typically attached to a student's backpack or worn on a lanyard and communicates with the RFID reader installed on the school bus.

This system allows Transportation Services and parents/guardians (through the secure Stopfinder mobile app) to know when and where a student boards and exits their assigned school bus. Springfield Public Schools provides this service at no cost to families.

Opt-Out of Electronic Tracking

In accordance with OAR 581-021-0505, parents/legal guardians, and students who are 14 years of age or older, may opt out of the electronic tracking portion of the Bus Pass program.

Important: Opting out of electronic tracking does not exempt a student from using their Bus Pass. Students who opt out are still required to carry and present their Bus Pass when riding Springfield Public Schools transportation.

If you do not want your student to participate in the electronic tracking portion of the Bus Pass program, please complete this form and return it to your student's school or the Transportation Services Office.

If you have questions regarding this form, the Bus Pass program, or Stopfinder Student Ridership, please contact Transportation Services at (541) 744-6373

Please note that you will need to complete one opt out form for each school your students attend.

I, _____, as parent or legal guardian of the following student(s), **do not** want my child(ren) to participate in the Stopfinder RFID program.

Name of Child(ren) _____

School Attending _____ Student ID Number(s)_____
