26-27 SENIOR LETTERS DUE MONDAY APRIL 12TH

What is a senior letter?
Senior letters are positive, encouraging letters written to seniors as they end their time in high school.

What kinds of things can I write about in a senior letter?
There are many acceptable topics for senior letters. These include, but are not limited to
• congratulating the senior on graduating
• wishing the senior well in his/her next phase of life (college, military, career)
• reminiscing on fond memories (childhood, school, social gatherings, etc…)
**This is not an appropriate time to bring up old grudges or get one last dig in at a person.*

How do I write a senior letter and get it to a student?
Senior letters can be written on notebook paper, colored paper, stationary, cards, etc… **Please place senior letters in envelopes**. If the student goes by a nickname or middle name, PLEASE be sure to also write their legal first and last names on the envelope. The more information you give us, the easier it is for us to make sure the letter gets to the right person. **Due to issues with the postal service, please drop off letters directly to South Forsyth High School. There will be a senior letter drop box in the Main Office.**

What if somebody outside of school (parents, grandparents, family friends, etc…) wants to send a letter?
If you prefer typing your senior letters, please then share with the family so they can print out your letter to drop off. If you prefer something more personalized or handwritten, please send letters to families locally to then have them dropped off directly at the school.

Who reads the senior letters?
Senior letters are delivered to students during the senior breakfast. All letters are subject to be opened.

Can people send items other than letters?
This is NOT advisable. If people want to send money, please have them send it directly to your house. We make EVERY effort to deliver the right letters to the right people, and we are very successful at this, but we wouldn't want something to accidentally happen to your money. Also, we are really only equipped to store and sort letters. If people want to send you large gifts or photo albums full of memories, please have them deliver those to your homes.

When can I begin turning in senior letters?
We will receive letters between January 11th and April 12th. After that, we will need time to sort and organize them in preparation for the senior breakfast.

Please contact Mrs. Sloan or Mrs. Duff with any questions.
