## Magna Deadline Extended! Plus, a Chance at $40K in IAQ Funding

Whether your district is just getting started with indoor air quality (IAQ) or already making progress through ventilation, green cleaning, or facilities improvements, the Go Green Initiative (GGI) has resources and opportunities to help you take the next step!

**2027 NSBA Magna Awards – Deadline Extended to December 4!**

Has your district developed a new IAQ Management Plan? The Magna Awards recognize eligible school districts for their efforts to improve indoor air quality and reduce greenhouse gas emissions. Don't miss this opportunity to showcase your district's work!

**Learn more and apply for the Magna Awards**

**Apply for Up to $40,000 in IAQ Funding!**

The Go Green Initiative (GGI) is accepting applications for its next Indoor Air Quality (IAQ) Cohort! Selected districts can receive **up to $40,000 in funding**, along with hands-on support and resources to develop and implement an IAQ Management Plan.

**Who can apply?** To be considered, school districts must serve a student population where at least 50% qualify for free or reduced-price lunch or be located in a Tribal community. Districts can apply whether they're just getting started or building on existing IAQ efforts.
