Tomorrow's Success 22

From Our President 23

From Our Head of School

Every day at Liberty Christian Academy, we have the privilege of watching students discover who God created them to be. They are growing in knowledge, strengthening their faith, developing their gifts, and learning what it means to follow Christ fully.

That is what makes FutureNow so exciting. The spaces we are building are not the destination—they are tools that allow us to better serve students, equip teachers, expand opportunities, and prepare for the families God will entrust to LCA in the years ahead.

As both an LCA alumna and now Head of School, I am grateful to see how God has continued to grow and strengthen this ministry. Yet through every season of growth, what matters most has remained the same: students are at the center of everything we build.

I am thrilled to share that we have already completed Phase 1 of our master plan—the new elementary addition—and we are excited to carry that momentum into the next phases. Thank you for investing in the next generation and helping us create spaces where students can learn, belong, grow, and become who God is calling them to be.

We are building spaces—but ultimately, we are building the future, right now.

Amanda Cecil

ACT RESPONSIBLY
RESPECT OTHERS

THE GOAL IS SUCCESS GOD'S WAY

Joshua 1:7-9

"Only be strong and very courageous, being careful to do according to all the law that Moses my servant commanded you. Do not turn from it to the right hand or to the left, that you **may have good success wherever you go.**

This Book of the Law shall not depart from your mouth, but you shall meditate on it day and night, so that you may be careful to do according to all that is written in it. **For then you will make your way prosperous, and then you will have good success.**

Have I not commanded you? Be strong and courageous. Do not be frightened, and do not be dismayed, **for the Lord your God is with you wherever you go**."

FUTURE NOW

BUILDING SPACES ▲ BUILDING STUDENTS

The world around us is changing faster than ever before, and as parents and educators, we have a responsibility to prepare our children for what lies ahead. In the past, the future arrived in decades;

today, the future is now.

At Liberty Christian Academy, we prepare students for that future with a foundation rooted in biblical truth. We believe academic excellence is essential, but education is about more than academics. Our commitment is to develop the whole student—body, soul, and spirit—equipping them with the knowledge, character, and faith to navigate an ever-changing world and follow God fully.

Our goal is bigger than graduation. We want students to leave LCA with a strong foundation of faith, the ability to think critically, the courage to stand for what is right, and a desire to use their God-given gifts to serve others. We are preparing students not simply to succeed in the world, but to make a difference for Christ wherever God leads them.

We believe every child is uniquely created by God, known by name, and supported with purpose. Recognizing that students learn and grow in different ways, we are committed to expanding our student support programs and creating opportunities for every student to develop their God-given potential.

At Liberty Christian Academy, we are committed to developing the whole student through a holistic approach to education that includes Academics, Athletics, Arts, and our long-term vision for the Entrepreneurial Epicenter. Through Future Now: Building Spaces, Building Students, we are investing in spaces and opportunities that strengthen these areas and help students discover their God-given gifts, grow in their faith, and prepare for the future. Central to this vision is our commitment to meeting the diverse learning needs of students through expanded student support programs and the development of our Center for Autism.

Jeremiah 29:11

For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope.

ACADEMICS

Liberty Christian Academy (LCA) is dedicated to providing Christ-centered education through three primary phases of student development: Build the Foundation, Navigate the Development, and Set the Trajectory. Our desire is for every student to leave LCA grounded in biblical truth, prepared to lead with integrity, build strong relationships, and use their God-given gifts to serve Christ and others.

Build The Foundation

At LCA, we believe the elementary years lay the foundation for a lifetime of learning and faith. We partner with parents to help students grow academically, develop strong relationships, and begin making their faith their own. Through caring teachers, biblical worldview shaping, and a Christ-centered environment, we help students discover their God-given gifts and build a foundation for the future.

- **Academic Excellence:** Developing strong academic skills and a love for learning.
- **Biblical Worldview Shaping:** Helping students understand God's Word and see the world through the lens of biblical truth.
- **Caring Relationships:** Creating a safe, loving environment where every child is known, valued, and encouraged.
- **Christlike Character:** Teaching students to demonstrate kindness, responsibility, respect, and integrity.

NAVIGATE THE DEVELOPMENT

At LCA, we believe the middle school years are a critical time for students to grow academically, spiritually, and personally. We recognize that **all truth is God's truth**, and we are committed to teaching students not just what to think, but how to think—helping them apply timeless truths in a timely way. Like Joshua and Caleb, we want our students to develop the courage and conviction to follow God fully, even when the world around them chooses a different path.

By recognizing each student's **God-given design** and stage of development, we seek to provide an education that challenges and nurtures the heart, mind, and strength.

When this happens, we cultivate good soil, plant the seeds, nurture the process, and **set the trajectory for the future.**

SET THE TRAJECTORY

Some of LCA's greatest success stories will be written long after our students graduate. We want them to leave prepared academically, but even more importantly, grounded in their faith, confident in who God created them to be, and ready to serve Him wherever life leads.

The teenage years are a time when students begin asking important questions about who they are, what they believe, and who God is calling them to become. They need a safe place to wrestle with those questions and trusted people who will walk alongside them. At LCA, our teachers, coaches, and mentors invest in students, helping them develop the faith, character, and convictions that will guide them long after graduation.

Five Trajectory Essentials:

1. Learn timeless truths in a timely way.
2. Grow in biblical manhood and womanhood.
3. Offer people compassion without compromise.
4. Engage the culture, not escape the culture.
5. Replace problems with solutions.

ATHLETICS

At LCA, we believe athletics are an important part of developing the whole student. We want our athletes to work hard, compete at a high level, and pursue excellence in everything they do. But athletics are about more than winning games. That's why we are increasing our commitment to athletics. Investing in athletics is investing in students—helping them grow as leaders, teammates, and followers of Christ.

Through sports, students learn leadership, teamwork, discipline, and perseverance. They learn how to win with humility, respond to defeat with character, and keep going when things get difficult. Along the way, they build friendships, develop relationships with coaches who invest in their lives, and create memories that last a lifetime.

An investment in our Athletic Complex is an investment in...

DREAMS

Focus, Leadership, Teamwork

Accountability, Achievement, School Spirit

ARTS

At LCA, we believe the arts are essential to developing the whole student. While academics help students understand the world and athletics develop discipline and teamwork, the arts provide opportunities to experience and express truth, beauty, and creativity in unique ways.

As people created in God's image, we have been given the ability to create, imagine, and express ourselves in ways that reflect His creativity. The arts allow students to explore beauty, communicate truth, and express thoughts and emotions in ways that words alone sometimes cannot. They help students see and experience the world in ways that go beyond facts alone.

From the great works of art and music throughout history to the creative expressions of today, we want our students to develop an appreciation for the arts while discovering their own God-given abilities. At LCA, we are committed to nurturing those gifts, helping students grow in confidence and creativity, and encouraging them to use their talents to honor God and impact others.

Long-Term Vision

goal is to build a state-of-the-art performing arts center that showcases various forms of storytelling.

FUTURE NOW

BUILDING SPACES ▲ BUILDING STUDENTS

Phase 1 Completed

Built an 8,500-square-foot elementary addition.

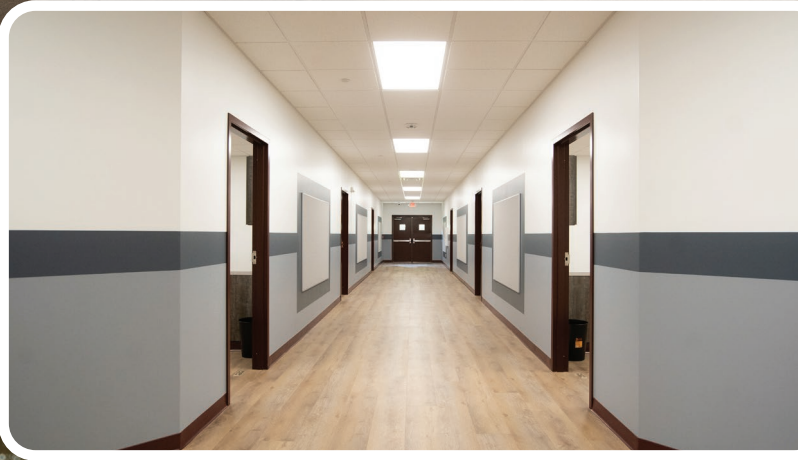

COMPLETED IN 2026 ON TIME AND ON BUDGET!

1. Expanded our campus by 31.5 acres.
2. Positioned LCA for the future from a rebranding perspective.
3. Hired a Director of Center for Autism / Student Support Services.
4. Hired a Director for International Students Program.
5. Built an 8,500 sq ft building.
6. Built 8 classrooms with built-in cabinetry.
7. Built 4 offices, a teacher's lounge, and a conference room.

Vision made reality

BUILDING SPACES ▲ BUILDING STUDENTS

Phase 2
$3.1 Million

Center for Autism

Transforming the Emswiler Home, generously donated by Mary Vickner and the Emswiler family in honor of Howard and Rosemary Emswiler, into a dedicated learning environment for students with autism.

- Individualized Instruction and Support
- Academic, Social, and Life Skills Development

See the Center for Autism page for details.

Athletic Improvements

Investing in athletic spaces where students can compete, develop character, and grow through teamwork.

- Construction of a New Softball Field
- Renovation and Improvements to the Existing Gymnasium

Playground Improvements

Creating spaces where children can move, imagine, build friendships, and learn through play.

- Renovation of Existing Playgrounds
- New Playground Equipment

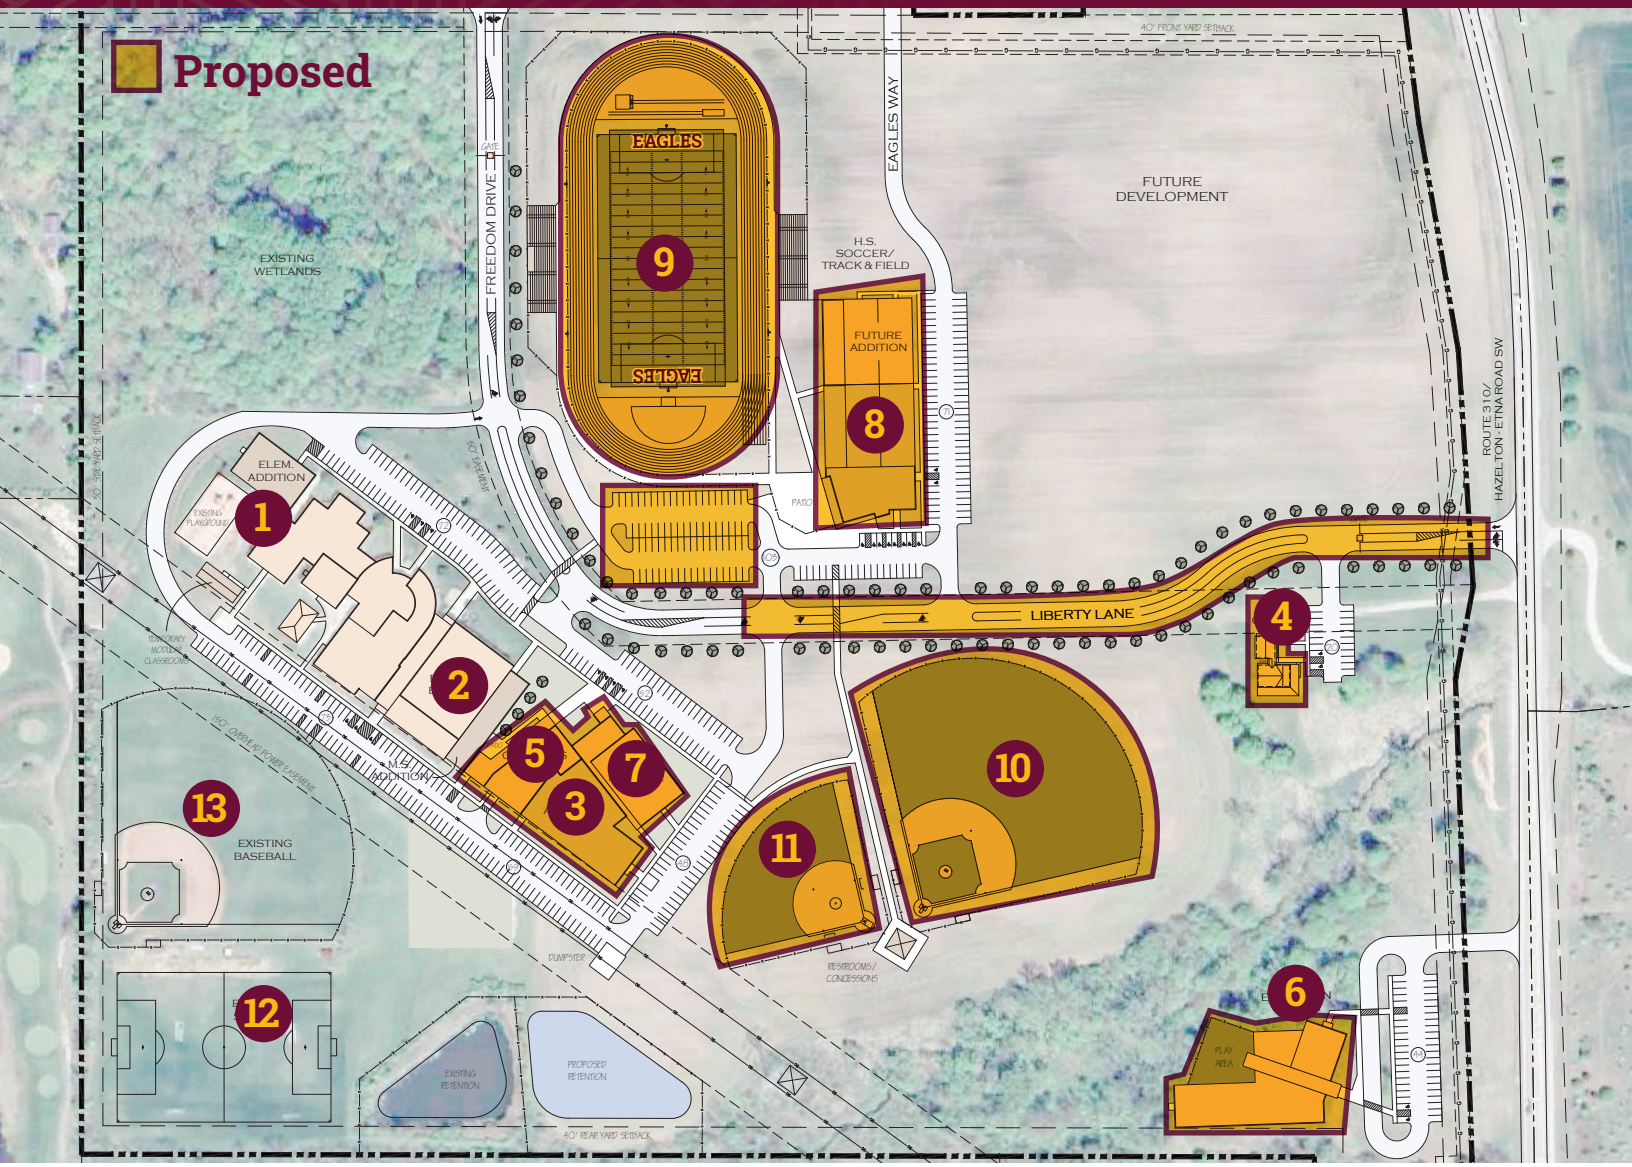

Media Center

Creating opportunities for students to explore their creativity and develop practical skills in digital media and communications.

- Videography and Photography
- Digital Media and Content Creation
- Social Media and Communications

CENTER FOR AUTISM

The Emswiler Home

The Emswiler Home: A Place to Learn, Grow, and Belong

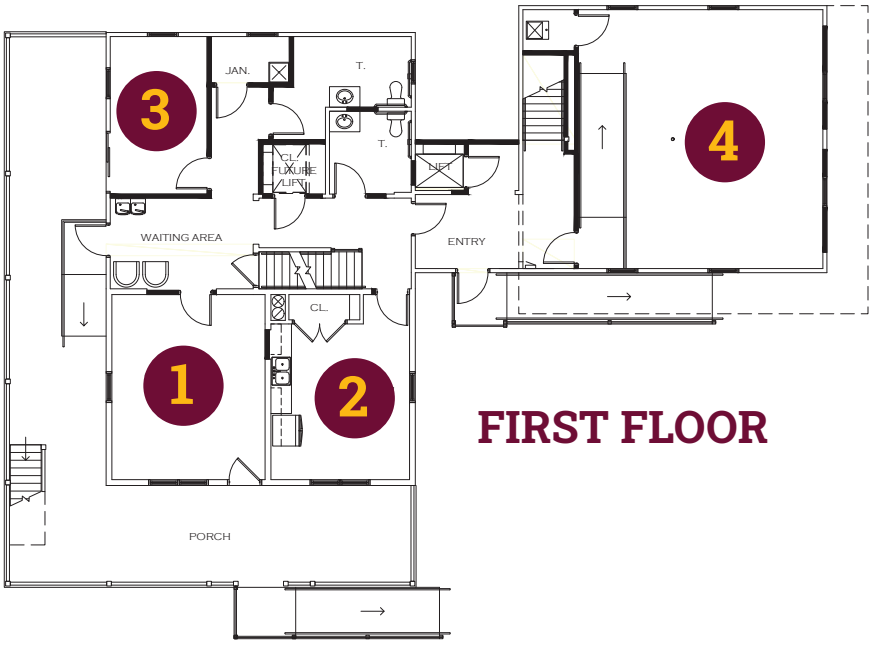

Every child is uniquely created by God, with gifts, abilities, and a purpose. At LCA, we want to make Christian education more accessible to students with autism in an environment where they are known, valued, and supported.

Through the generosity of Howard and Rosemary Emswiler, their daughter Mary Vickner and the Emswiler family, the Emswiler Home will provide individualized learning, sensory support, and life-skills development, helping students grow in confidence and independence within a Christ-centered community.

ENTREPRENEURIAL EPICENTER

Preparing Students for What's Next

Education is changing, and at LCA, we don't want to simply keep up with the future. We want to help prepare students to lead in it. As artificial intelligence and emerging technologies reshape the world, students will need more than academic knowledge. They will need creativity, adaptability, practical skills, and the confidence to pursue the opportunities God places before them.

Our vision for the Entrepreneurial Epicenter is to create a learning environment where education connects with real-world experience. Imagine students discovering their interests earlier, learning from professionals, developing practical skills, and exploring opportunities in Technology, Media, Vocational, Agriculture, and Business.

Not every student's future will look the same. Some will pursue college, others will enter skilled trades, start businesses, or follow career paths that may not even exist today. Our goal is to help every student recognize their God-given abilities and graduate with greater clarity, confidence, and purpose.

Our Media Center is the first step toward this larger vision and is included in the current Future Now campaign. The remaining centers are part of LCA's long-term vision as we continue to explore opportunities to expand hands-on learning and prepare students for the future God has for them.

AN INVESTMENT IN OUR SONS AND DAUGHTERS

AN IMPACT FOR GENERATIONS

When we invest in students, we invest in far more than their years at LCA. We invest in future families, churches, workplaces, and communities that will be influenced by the lives they lead.

Thank you for partnering with us to build spaces that create opportunities for students to learn, grow, and follow Christ fully.

THE WORDS OF PSALM 127:1 REMIND US OF THE FOUNDATION UPON WHICH THE LCA STANDS:

"Except the Lord build the house, they labor in vain that build it."

TOMORROW'S SUCCESS STARTS TODAY

Every classroom, athletic field, and learning space creates opportunities for students to grow. But it is the teachers, coaches, mentors, and families who invest in those students each day who make the greatest difference.

Together, we are building more than facilities. We are creating opportunities for the next generation to grow in faith, develop their gifts, and prepare for the future God has planned for them.

From Our President

The future used to arrive in decades. At Liberty Christian Academy, we're building for a future that arrives overnight — and we are not preparing students for someday. We are preparing them for now.

That's the heart of FutureNow: Building Spaces, Building Students. Every classroom, every field, every square foot of this campaign started as a family's act of faith — and every brick we lay is a prayer we're not laboring in vain. "Except the Lord build the house, they labor in vain that build it" (Psalm 127:1). We build with trowels in one hand and trust in the other.

But this comprehensive campaign was never about buildings. It was always about who walks through them. Phase 1 is complete — on time, on budget — because of faculty and staff who show up for our students every day, and families who trust us with what matters most to them. That trust shapes everything we do.

We aren't just teaching students what to think — we're teaching them how to stand. Diplomas fade. Character doesn't. Our finish line isn't graduation; it's the life that comes after it — students equipped in body, soul, and spirit to become the thought-leaders and changemakers this world needs.

Thank you for building this future with us.

Dr. James L. Davis
President
