WHAT 2026 DELEGATES SAY ABOUT THE TRIP

What has impacted me the most is realizing how amazing of an opportunity this has been.

Rowan Burns, Adams Electric

Go for it. Youth Tour is one of the most enlightening and life-changing events you will ever attend. It is something that you will never forget, and you certainly won't ever regret it.

Ben Thompson, Bedford REC

Take every chance you can get. This trip is a once in a life-time experience where you get to understand the ins and outs of politics and US history. But most importantly, you get to understand yourself and grow as a person.

Gabbie Lindsay, Warren Electric

that this trip has been one of the best trips ever. We made so many memories, friends and learned so much I wish to carry the info with me in the future.

Bri Cooper, Sussex REC

Go for it. It's a great experience and you'll make memories that last a lifetime.

ChishaBetty Watson, Central Electric
