Description

White Knoll High was originally built in 2000 and is in fair condition overall.

It is projected to have enrollment of 2,236 by 2036 and was designed with a building capacity of approximately 2,350.

Various athletic upgrades will better equip the school to accommodate their student-athletes. Another phase of roof and HVAC replacement will be needed in six to 10 years. A fire alarm replacement is needed. This project is currently underway. Also, kitchen equipment upgrades are recommended.

Enrollment Trends

Actual: 2023–2026 180-day enrollment; 2026–27 45-day enrollment
