BusRight

Attention, families

# See your child's bus on your phone

We've partnered with BusRight so families can see where the bus is and when it should reach their stop.

## Get started in three steps

1. Find the email **"You're Invited to BusRight"** from noreply@busright.me. Check spam, too.
2. Download the free **BusRight** app.
3. Sign in with that email and enter the code BusRight sends you.

No invitation? Contact your district's transportation office.
