FASD TRANSPORTATION COMMUNICATION PROCEDURES

Who Should I Contact?

To help Fleetwood Area School District respond to transportation questions and concerns as efficiently as possible, parents, guardians, and staff should use the following communication procedures.

Directing your question or concern to the appropriate person will help ensure that it is addressed promptly and by the individual best positioned to assist.

Bus Driver or Transportation Operations Concerns

Examples include:

- A parent concern involving a bus driver
- Concerns regarding driver conduct or interactions
- Immediate transportation operational concerns

Contact:

Krise Transportation @ 484.575.1899 ext. 540

Concerns Involving Another Student on the Bus

If a parent or guardian has a concern regarding the behavior or actions of another student while riding the bus, please contact the principal of your child's school.

School administrators will address student conduct and disciplinary matters occurring on district transportation.

Bus Stop or Route Concerns

Questions or concerns regarding bus stops, assigned stops, or transportation routes should be emailed directly to transportation@fleetwoodasd.org.

Examples include:

- Questions or concerns about an assigned bus stop
- Bus route questions

Important Reminder

November 23, 2026

For the most efficient response, parents, guardians, and staff are encouraged to begin with the contact identified above rather than contacting multiple district employees regarding the same concern. The initial contact will coordinate with other district personnel when additional assistance or follow-up is necessary.

For an immediate transportation situation involving a bus or driver, contact Erika Vigo at 570.391.6104.
