Agenda/Minutes

I. **Welcome**

No meeting in October. Welcome back.

II. **Vision Surveys**

BCES's school success plan. "Focal Point" questions. Done as a staff first. The area of struggle was the Vision and Mission. Staff could not identify the school's vision. Jenna is working on updating the vision while keeping the district's mission at a later time. Vision statement survey going out in parent newsletter 11/24. Gives parents and staff the opportunity to give input for the new vision. Site Council's suggestion to be clear that parents' feedback is anonymous. Jenna will work on identifying key words after the survey goes out and will build the mission statement in the second semester. This

includes student survey and vision as they grow up and leave BC. What is important to students? The survey will be available through December.

III. For the good of the order

Parent noticed at least one teacher does not have a smart board/panel in the classroom. There are four teachers who currently do not have one. This was a district rollout; the district is slowly supplying panels for teachers to eventually have a panel in every classroom by 2027. We are still in this process. The hope is to fill all Gen Ed classrooms, followed by other classrooms.

Meeting was adjourned at 3:13 pm.
