REGIONAL SCHOOL DISTRICT BUDGET COMMITTEE MEETING MINUTES

Regular Meeting – SAU 106 Boardroom
November 12, 2026
7:00 PM

Call to Order: 7:00 PM by Justin Krieger

Roll Call taken by Andrea Huntley

Present: Sheila Lowes, Carol Hillard, Brian Smith, Marianne Springer, Ryan Labrecque, Robert Kinkaid, Kathryn Consalvo (arrived at 7:02 PM), and Julia Doherty (arrived at 7:18 PM)

Absent: Sue Sherman and Karen White

Administrators Present: Justin Krieger – Superintendent and Lisa Oliver - Assistant Business Administrator

Delegates/Individuals:

Kayla Gallagher of Atkinson. Kayla wanted to bring to the committee's attention a couple of incidents that occurred within the district recently and express her distaste for them. Specifically, one event at the middle school where a teacher asked students to declare their vaccination status and then they were apparently educated to get the vaccine. The second incident happened at Danville Elementary. She was told a presenter performed a "flag trick" where they were dancing with the Pride flag. She asks the committee to look at the areas of the budget that are related to the political activism in our school district and to cut the funding on those line items. She also suggested that the administrator who approved the presentation be one of the administrators that is let go based on the proposal made by Ryan Labrecque at the last Budget Committee meeting (which did not go to vote because the committee lost its quorum). She feels the administrator either did not vet the performer well enough or was complacent with the performance.

Brad Hart of Danville. Brad spoke about the incident that occurred at Danville Elementary. His two children came home and told him about what had happened. This event happened the same day he received his tax bill in the mail. He shared that this is not what he's paying for and that the only flag that should be waved is the flag of the United States. He has asked via email communications for clarification of the Tiger team's mission. He wants to know if this is typically part of their program or if an individual acted alone. He also wants to know what the school's policies are regarding these types of presentations because he believes it is the responsibility of the parents to explain ideology and not the school system.

Shelia requested 26 minutes be deferred to the end of the meeting for additional delegates or individuals.

MOTION: Ryan motioned to defer 26 minutes to the end of the meeting for delegates and individuals if needed, seconded by Carol.

Administrative Report:

Justin addressed some follow-ups from previous meetings. There were 10 – 11 individual requests made by the committee at the last meeting with regards to the Maintenance and Facilities budget, and a packet will be emailed to the committee with this information. Also, Special Education out-of-district data was requested, and Justin and Ginger are still working on gathering that data to make sure it is not identifiable. The administrative team is hoping to bring that information to the next meeting.

The committee's next meeting is scheduled for November 23, 2026, and the Default budget presentation has been added as an agenda item. We will also be adding the apportionment workshop to this agenda because we have a quorum with six members expressing interest.

Justin briefly discussed the SAU Adjusted Budget. This budget was presented to the School Board on November 5, 2026. The School Board hopes to reach an agreement on November 19, 2026, with regards to the non-affiliated salary pool. The School Board will then have a proposed SAU budget and an Adjusted SAU budget. The School Board scheduled a Public Hearing for December 3, 2026, at 5:30, and they plan to present the budgets to the public.

Sheila wanted to confirm the committee would be going over warrant articles at the November 23, 2026, meeting because it is a meeting with the School Board. She also wanted to clarify for the public the word "adjusted" because the SAU budget process is new for the upcoming school year. The term "adjusted" budget is like the default budget.

Justin shared details on the tax cap ballot results; which passed by 72%. He will share a letter with the committee via email that was sent to staff members and the School Board. He will also share the newly received guidance provided by the Department of Education, Department of Revenue, and the Department of Justice. With this new information we have learned that the CPI will be 3.6%, but we are still waiting for the DRA to deliver the property growth number. The district could have three large cost items put on warrants that will be subject to the tax cap. Under the model previously used with the committee to determine the reduction the administrative team has used 1% as a place holder for property growth. Under this scenario the current proposed budget would need to be reduced by approximately $2,000,000 to be cap compliant.

Robert had suggested we perform a study to determine what the administrative positions are and what they do to have a better understanding of these positions before proposing to cut them.

DRAFT

MOTION: Ryan motioned to reduce the budget by $2,000,000 to meet the tax cap, seconded by Carol.

In Favor: Shelia Lowes, Kathryn Consalvo, Carol Hillard, Robert Kinkaid, Ryan Labrecque, and Brian Smith

Opposed: Julia Doherty

Justin concluded his report by clarifying information on the warrant articles in terms of the cost items. Below is the breakdown for the possible warrant articles:

- **Article 2 – Operating Budget**
- **Article 3 – SAU Budget**
- **Article 4 – TTA CBA (hopefully)**
- **Article 6 – Capital Improvement and Maintenance Fund**
- **Special Education Fund**

The Special Education Fund is something Justin would like to discuss with the School Board to see if this was something they would agree to set up should there be available funds at the end of the year.

Reports of Committees:

Budget Committee:

Ryan shared his personal experience of his facilities tour at the high school. As a CIP committee member, he has heard several conversations about the bathrooms, and he wanted to see them for himself. He concluded everything appeared operational and in fine condition. From his understanding the renovations have nothing to do with the condition, but with the fact that students hang out in them. He feels it's inappropriate to use taxpayer's funds to renovate functioning bathrooms for the purpose of behavior problems. During the tour, he also looked at the gymnasium floor. In his opinion it appeared in excellent condition, with no exposed wood or damage.

Robert attended the tour with Ryan, and he agreed that the bathrooms did not look like they were in disrepair. He is interested in hearing from the CIP committee or someone else with an educated opinion of what the proposed renovations would solve and if there are any other options to solve the behavior issues without the renovations.

Ryan also shared that he thought the money may be better spent updating the floor in the athletic wing so that it matches the rest of the school. It could be a big improvement for a low cost.

DRAFT

School Board Committee:

Marianne shared that the School Board received the SAU Adjusted Budget and that it is under consideration. The DRA will need 30 days from when they receive information from the towns, so the board is not sure if they will have a number prior to December 3, 2026, public hearing.

Sheila asked if the board will have made decisions on the non-affiliated staff pool because some of those costs will affect the budget this committee needs to review. The School Board does plan to have a decision by November 19, 2026.

New Business:

Shelia asked to have the Curriculum and Professional Learning Budget presentations moved to the November 23, 2026, meeting because Sandy Allaire could not be present this evening. All the committee members agreed to this change.

Elementary Education Budget-

The Elementary Education Budget was presented by the principals from all 5 elementary schools; Stephen Harrises (Atkinson), Tiffany Eaton (Danville), Mary Sullivan (Pollard), Laura Yacek (Sandown North), and Lucy Canotas (Sandown Central). The Elementary Education budget represents .42% of the total district budget. As of November 1, 2026, the district has 1,543 students between all 5 elementary schools and 348 staff members.

As for the Elementary Education drivers, the administrative team presented three specific cost factors:

- **Equitable funding amongst the schools**
  - **Cost per student**
  - **Purchasing cycles**
- **Information Access**
- **Replacement Equipment**

With regards to the Elementary Education seeds, the administrative team discussed their preparedness for potential enrollment and student population growth due to increased housing construction. One thing they do across the district is share materials across all seven schools. The schools may swap supplies or furniture depending on the need and availability before purchasing new items. They also wish to invest in more interactive technology to enrich district instruction; such as Smart Boards and Interactive Boards for whole group lessons.

Shelia asked about the disparity in information access lines across all the elementary schools. Stephen shared that while he was going through his notes and finalizing lines, he found that there was a carryover from the Envisions math program that had been included in the budget over the past couple of years, but they didn't use those funds. After further review Atkinson may be looking to reduce their information access line.

DRAFT

Ryan asked about the disparity in cost per student because Sandown Central is lower than the other four schools. Lucy explained that Kindergarten students are the only ones who participate in UA classes at Sandown Central, so the numbers for art and library are based on those numbers, but the general supplies are based on the entire school.

MOTION: Robert motioned to accept the Elementary Education Budget for consideration, seconded by Carol.

7 – 0 – 0

In Favor: Shelia Lowes, Kathryn Consalvo, Carol Hillard, Robert Kinkaid, Julia Doherty, Ryan Labrecque, and Brian Smith

Opposed:

Middle School Education Budget-

Mitch Mencis; Principal, presented the Middle School Budget. The Middle School budget represents .34% of the total district budget. Currently the middle school has approximately 721 students between grades 6-8, 118 staff members, and 5 contracted employees.

As for the Middle School drivers, Mitch explained the supplies and transportation for Co-Curricular Field Trips are increasing in costs.

With regards to the Middle School seeds, he shared that the main driving factor is the labor and mileage reimbursements for the field trips and transportation expenses.

Shelia asked if the school was trying to fund field trips; and that is the wish of the school. Ryan asked about the disparity from $135,000 to $340,000 and Mitch explained the major driver was the field trips. In past years, the cost of field trips was passed onto the families. The school finds a high value in the field trips for all age groups.

Ryan asked about outside performances, and the middle school has some authors that come in; as well as someone who works with the eighth grade on poetry. Ryan suggested maybe having some sort of parental committee that reviews performers prior to them coming into the schools. This suggestion was made based on the incidents that occurred at the elementary school.

MOTION: Brian motioned to accept the Middle School Education Budget for consideration, seconded by Carol.

7 – 0 – 0

In Favor: Shelia Lowes, Kathryn Consalvo, Carol Hillard, Robert Kinkaid, Julia Doherty, Ryan Labrecque, and Brian Smith

Opposed:

High School Education Budget-

John Vaccarezza; Principal, presented the High School Budget. The High School Budget represents 1.04% of the total district budget. Currently the high school has approximately 909 students between grades 9-12, 133 staff members, and 10 contracted employees.

As for the High School drivers, John shared there were six specific areas contributing to the school's overall budget. The following cost factors were discussed:

- **Vocational Education (CTE)**
- **Vocational Transportation (CTE)**
- **General High School Supplies**
- **Student Activities (Clubs/Field Trips)**
- **Art Supplies**
- **Student Activities (Graduation Expenses)**

With regards to the High School seeds, John explained the potential need to increase the stipend amounts available for extracurricular programs as they continue to expand, and the possibility of adding a Social Studies or Business Teacher based on the new ED 306 laws and Timberlane's Graduation standards.

Robert asked what some of the top CTE programs offered, and John shared the district can not replicate a CTE center that is currently being offered in our area. Some examples of the programs offered are nursing, engineering, carpentry, business administration, welding, electrical, et cetera. If the district was ever interested in becoming a CTE center, it would be very costly because of the facilities, and we would also have to meet certain criteria.

Opposed:

TRSD FY 28 Proposed Budget-

The proposed budget presented to the committee was $91,342,823.

Ryan shared he sees a 1.6% increase based on the figure provided. He feels the figure is misleading because it removes almost $3 million of the budget comparative to the $89 million for the FY27 Voted Budget. The FY27 budget includes the SAU budget, but the FY28 Proposed Budget does not include the SAU budget.

Robert shared he would be curious to see what a revised budget suggestion would look like from the administration if they're made to fall within the newly required limits.

Ryan suggested that, Marianne; as the School Board Representative, bring back to the board the idea of also reducing the SAU budget. This would make it a shared reduction throughout the district.

FY 28 SAU106 Adjusted Budget-

Shelia shared she had asked the administrative team to provide her with details for the SAU adjusted budget. Marianne shared that there are still areas of discussion on the SAU budget. The SAU budget reconciliation that has been done thus far is not final and it will be revised based on the new pieces for legislation.

Carol asked why there were 3 new positions at the SAU because when the district separated from Hampstead there were only 14 positions. Justin shared that we are currently defining the SAU budget based on the legislation as it exists now. Justin also shared that facilities and special education are excluded in the statute. These departments are seen as supporting district operations.

Other Business:

Brian motioned to add a further reduction to the technology lines. His suggestion included reducing the intercom system, AV equipment, and SMART boards. The reduction totaled $195,000.

DRAFT

Julia suggested we send the budget back to administration and ask them to put together a new budget with the $2 million cut before prioritizing ourselves.

Kathryn asked if the intercom system had anything to do with campus safety; which it does. The district can apply for grants, but they are reimbursable pieces. We may not be able to apply for the grant if we do not have a committed purpose or plan and funds allocated to move forward with this project.

MOTION: Brian motioned to reduce the Technology budget by $195,000, seconded by Ryan.

Opposed: Kathryn Consalvo, Robert Kinkaid, and Julia Doherty

Sheila motioned to reduce the facilities budget. Her suggestions included reducing the mower, the leveling kit, various other equipment and tools, and the new vehicle. The reduction totaled $131,100.

Ryan shared that during his walkthrough he examined the vehicle that facilities want to replace. He observed minor surface rust, and in his opinion, it does not appear to be in disrepair.

Robert asked about the fleet and making sure we do not run the risk of having all vehicles go at the same time. We currently have 10 vehicles that range in years from 2014 – 2025.

MOTION: Sheila motioned to reduce the Facilities budget by $131,100, seconded by Carol.

Opposed:

The high school envelope project has been tabled by the School Board. Their meeting ran out of time and there was a request made for additional information.

Robert asked what the process would be to add a warrant article for voters to decide on a new athletic storage building. The School Board would need to make the decision to put that out to warrant and it would be a cost item, or there could be a citizen's petition. If this warrant was presented and failed; it would seem to make sense to purchase Connex containers for a more permanent storage option.

Shelia asked if we still have a capital reserve fund; which we do. The current amount in the Timberlane Capital Improvement and Maintenance Fund is $744, 332.60.

Shelia will send out the documents she's received from the administrative team with regards to the questions she asked.

The administrative team will plan to bring forth a presentation at the next meeting, as to how it plans to meet the budget considering the reductions made via motions this evening.

Justin shared he was uncertain as to whether the budget committee could direct that specific items be cut from the budget. The budget committee's decisions should be made based on the dollar figure, and how the district organizes those dollars lies with the School Board.

Marianne shared that she hopes the committee will not only be interested in the dollar amount they hope to achieve, but also the impact that those choices will have on the district.

Ryan motioned to reduce the budget $3.5 million and Carol seconded. Kathryn shared she did not think a motion that was made to be retaliatory is the best decision. Julia shared that while it may be frustrating it is her understanding that the budget committee listens to the presentations and makes suggestions, but the decision lies with the School Board and the superintendent.

After further discussion Carol took back her second and Ryan submitted a new motion. Ryan proposed a motion in lieu of the $2 million budget reduction, to replace it with a $3.5 million reduction; and Carol seconded.

DRAFT

Robert shared he does not think the motion should be made that way and suggested a new motion be made to cancel the earlier motion. Carol again took back her second and Ryan reworded the motion. The new motion on the floor was a motion to reduce the budget by an additional $1.5 million, and Carol seconded.

MOTION: Ryan motioned to reduce the budget by an additional $1,500,000, seconded by Carol.
