2026-27 Student Voice Survey: Well-Being, Support, and Learning

Survey Instructions

We want to hear from you about your experience at school.

This survey asks about your classes, the support you receive, how you feel at school, and things that may make it easier or harder for you to learn and succeed. Your answers will help us better understand students' experiences and identify ways to improve school for students.

There are no right or wrong answers. Please answer honestly based on **your own experiences this school year**.

- The survey should take about **5–10 minutes**.
- Please answer each question as honestly as you can.
- If you are unsure about a question, choose the answer that comes closest to your experience.
- Your responses will be confidential and reported together with responses from other students but will not include your name.
- You may skip any question you do not want to answer.

Thank you for sharing your experience. Your voice matters.

Thank You!

You finished the survey, and we're grateful you took the time. Your answers help your school and community understand what would make school better for students like you.

- Your answers are anonymous. No one will see your name or know which answers were yours.
- Your answers will only be combined with other students' answers to help with planning.

Please note this survey is not a crisis service, and no one is reading your answers right now. If you or someone you know is having a hard time, you don't have to wait. You can talk to a counselor, teacher, or another adult at your school.

Thanks again for sharing your voice. It matters.
